Top 10 Revision Tips

Rise and shine

Starting your revision by 9am will help you get into a routine that you can stick to.

Breakfast

Having breakfast before revising is vital as it helps you to concentrate for longer.

Log off

Switch off all devices, a five minute peek at Facebook turns into an hour so easily. Use internet time as a reward on a break.

Past papers

Past exam papers are a perfect way to get used to exam pressure. Time yourself and use past papers to improve your confidence.

Get colourful

Keep your notes organised and bright. Use different fonts, pens and diagrams. Colour coding your areas also helps.

Stick to the plan

Make a revision timetable, it will help you prioritise your areas. Plan for different ways of learning (mind maps, essays, fact cards)

Take breaks

Take a short break (5-10 minutes) after every half hour - It's important to get away from your work area. Adding breaks into your timetable is vital.

Teach

If you are confident with a subject, teach it to your friends and they can do the same for you.

No last minute revision

Cramming 10 minutes before an exam doesn't work, planning your time and working hard does!

Breathe!

You'll be great!

7 Ways to **STOP** Panic Taking Over During an Exam

by @inner_drive | www.innerdrive.co.uk

- 1. TAKE SOME DEEP BREATHS**
This will help clear your head and give you time to think.
- 2. RE-READ THE QUESTION**
This will help ensure you don't misread the question and avoid making sloppy mistakes.
- 3. THINK BACK TO YOUR REVISION**
Have you answered similar questions previously during your revision?
- 4. WHAT WOULD YOUR TEACHER SAY?**
What advice would your teacher give you to help you right now?
- 5. SOMETHING IS BETTER THAN NOTHING**
Better to guess the answer than leave it blank. If you don't write anything down you are guaranteed to get zero marks.
- 6. STICK TO YOUR EXAM STRATEGY**
If you have a bad first question, stick to your pre-planned strategy and don't let the bad start affect your performance on the next question.
- 7. DON'T PUT TOO MUCH PRESSURE ON YOURSELF**
Work your hardest and do your best. Some stress is good but becoming too stressed doesn't help you think clearly under pressure.

12 Ways to Manage Your Mobile Phone

by @inner_drive | www.innerdrive.co.uk

1 SET YOURSELF A TIME LIMIT

2 TURN IT OFF

3 LIMIT NOTIFICATIONS IN SETTINGS

4 DON'T HAVE IT OUT NEXT TO YOU WHILST YOU REVISE

5 LET FRIENDS KNOW WHEN YOU WILL BE BACK ONLINE

6 TURN DOWN THE BACKLIGHT OF YOUR PHONE NEAR BEDTIME

7 USE GOING ON YOUR PHONE AS A REWARD

12 TURN YOUR PHONE ON 'SILENT'

11 DON'T HAVE IT IN YOUR ROOM WHEN YOU SLEEP

10 TURN IT ON TO AIRPLANE MODE

9 GIVE IT TO YOUR MUM OR DAD TO LOOK AFTER

8 RESIST THE URGE TO REPLY TO EVERY MESSAGE

Why practice mindfulness?

- Understand that stress is a natural response to a challenge
- Pay attention to your thoughts and emotions with kindness
- Transform your anxiety into actions you can take to meet the challenge

It is normal to feel a bit worried about exams, especially if you're under pressure from school or family. Exam stress can cause you to feel [anxious](#) or [depressed](#), and this might affect your [sleeping](#) or [eating habits](#).

Be kind to yourself

Think about all the things you have achieved so far. It can be helpful to write a list of all the things you like about yourself, and the things other people value about you too.

If people around you - like your parents or family - are putting pressure on you, it can help to tell them what you feel able to achieve, and let them know that your expectations are different to theirs. You could also talk to a teacher you trust about the pressure you are under at home.

FREE Lifeguard Course

Are you, or someone you know, looking for a rewarding career, or part-time job teaching children to swim and helping save lives?

We are running a nationally recognised Swimming Teachers Association (STA) entry level 'Award Course'.

We are looking for patient, fun, friendly, outgoing individuals who have a passion to help children become more confident and safe in water.

This qualification will enable you to teach Stages 1-4 on our More Swimming Academy programme, with job opportunities across Birmingham Community Leisure Trust at Beeches, Erdington, Fox Hollies, Ladywood, Stechford and Wyndley Leisure Centres.

No teaching experience is necessary, but you must be able to comfortably swim at least 25m unaided.

Course Dates and Venue

We are hosting multiple courses throughout the year across the North and South of the city.

Please contact the Aquatics and Dry Course Manager at Erdington, Charlie.

100% attendance is required for any course.

This qualification will be fully funded by us (normally £300). All you need to pay is the cost of your STA membership which is just £49. Applicants need to be 16 on the day of the assessment. A DBS will be undertaken on completion of this course.

For any enquiries or to book your space email Charlie.Moore@serco.com

Who knows, it maybe you getting a thank you from the Olympic swimmers of the future!

WORK EXPERIENCE

How to find a placement

Do you know the type of work experience you would like to do?

YES

If yes, follow these steps...

Do you know anyone who works in the area of work you are interested in?
(This could be Family members, or Friends of the Family, neighbours or Friends' parents etc.)

If yes, ask them if the organisation they work for could offer you a work experience placement.

If successful go to **Step 5**.
If unsuccessful go to **Step 2**.

NO

If no, follow these steps...

Let your Head of Year know ASAP so that we can organise a workshop for you in the Library where we can discuss ideas.

You can also start to gather ideas by going onto www.unifrog.org and completing the Work Environment profile quiz.

When you have decided what type of work experience you want to do go to **Step 2**.

2

Go onto www.yell.co.uk

Insert the area you are interested in e.g. computer software and YOUR postcode – then hit search.

3

Use the Contact Details provided

Use the contact details provided on this list to either call or e-mail the company to ask them if they can offer you a placement. (You may need to go onto the company's website to find their e-mail or phone number).

4

Call them

This is the most direct way of getting hold of someone at the company. When you call, you should:

- Ask to speak to someone about work experience
- Tell them your name, what school you go to and when the work experience dates are (4th July-8th July 2022)
- Tell them that you have a real interest in this kind of work and would be grateful for an opportunity to get some insight into it by doing some work experience with them.
- Be prepared to give them your e-mail address or phone number for them to contact you on.

Email them

This is not as quick and not as effective as phone call because an e-mail can be ignored more easily, but if you really can't bring yourself to make a call, send them an e-mail which should include:

- Who you are
- What kind of role you're looking for
- Your overall career goals (and why this position would help)
 - Your skills (or previous experience, if you have any)
 - Why you'd be suitable for the role

5

Complete the Work Experience Form

Complete the Work Experience Form outlining where you're going (with your parents/carers signature) and hand it in to Mrs Newton in the Library. Once the Health and Safety checks have been done on your placement, it can go ahead.

Completely Unique Experience

Follow multiple patients over a 6-month period, as they go from their initial injury to recovery. It is amazing how many different healthcare professionals are involved in a patient's care. This incredible opportunity showcases a variety of professionals in one day. It gives students a chance to see them in action in various settings from the ward to the community. It is also a fantastic opportunity to see them work together in a multidisciplinary team.

During the work experience day, students will follow 2 patients from their initial presentation to recovery. Students will observe the healthcare professionals as they interact with the patients and also each other. Students will have an opportunity to ask questions and gain knowledge through teaching. This will help students to make an informed career decision as well as learn about how healthcare professionals work together as part of a multidisciplinary team. Each work experience day is completely different and students will be able to build on their knowledge of NHS careers as they see different patient cases and their healthcare professionals work in a variety of settings, such as hospital and community. For this reason we recommend that students attend one work experience a month for 6 months to not only gain a deeper knowledge of multidisciplinary teams in general but also their chosen careers.

Allied Healthcare Mentor are committed to ensuring that students still have the opportunity to gain valuable insight into healthcare careers, even in these difficult times.

MEDICAL WORK EXPERIENCE!

WORK EXPERIENCE OPPORTUNITIES

We are excited to announce that the largest free national work experience programme for your aspiring medical, dental and veterinary students has returned. This was developed last year in partnership with Birmingham Universities Hospitals Trust and it is free for students from 10-13 or S3-S6 year groups to participate in. We took a small break from the virtual work experience programme in November to convert the LIVE teaching into E-learning courses that students can now complete in their own time. Students have 1 month to complete each session, and once they have completed the programme they will receive a certificate from Medic Mentor and UHB as evidence of their participation. Medical Schools are accepting virtual work experience as an alternative to in-person work experience in light of the pandemic and reduced access to placements.

Participation in the virtual work experience will also provide students (and their parents) with several opportunities to speak to doctors, dentists and vets continuously throughout the academic year. They will be able to do this on Tuesday evenings and most weekends, for free. They can also call the Mentor Helpline number 01530 417 299 from 10am-5pm Mon-Fri if they would like to advice on careers or applying to medical, dental, vet school. Mostly this number is manned by Doctors. Medic Mentor is a non-profit social enterprise and all of our proceeds are reinvested in supporting students to make informed career decisions.

Registering for these programmes could not be easier, all they need to do is complete the free online application form for:

About the summer schools

Our Summer Schools offer participants a real insight into life at a competitive, research intensive university. Each Summer School is different, but they all usually involve staying in our halls of residence, attending academic taster sessions, social activities and experiencing the campus's sports facilities. Participants also have the opportunity to meet current Warwick students during our Summer Schools.

The University of Warwick Outreach team have been holding Summer Schools for UK students from non-traditional backgrounds since 2012. In 2019, we welcomed over four hundred students aged between 15 and 18 years old on to our campus and we held our first online summer school for 16-17 year olds in 2020.

Warwick Summer Schools usually take place during July and August; and applications open in January 2022.

The magazine aims to be an informative, impartial resource for anyone looking for inspiration or advice on future career and work-related choices. We don't aim to provide encyclopaedic or highly specialist content on every topic; however, we do want to illustrate the range of what is possible and signpost you to further sources of information and guidance, who can provide that specialist advice.

NHS apprenticeships

Earn, learn and make a difference with an NHS apprenticeship. Our apprenticeships offer routes into many of the more than 350 NHS careers through a mix of on-the-job training and classroom learning.

What you need to know about NHS apprenticeships

- if you are aged 16 to 18 or 19+ and in your first year of an apprenticeship, the minimum you should receive is £4.30 an hour (the National Minimum Wage for apprentices)
- many NHS employers will pay you more than the minimum wage
- they take between one and five years to complete
- anyone over the age of 16 can do one
- you're likely to spend four days on work placement and one day or at a training centre or college
- you'll develop your skills, including English and maths
- you'll gain a competence qualification (based on what you can do in the workplace) and a knowledge qualification, or a qualification combining both

Apprenticeships

Our apprenticeship programmes

We offer apprenticeships right across our business. Whether you're looking hands-on or office-based work, there's something for you.

Our apprenticeships range from 1 to 4 years, and the qualifications you'll get range from level 3 (equal to an A-level), to level 6 (equal to a degree).

We have schemes for everyone. We want to hear from you, no matter what your journey has been like up until this point.

Your ambition is our future, and we can't wait to see you grow.

2022 MASTERCLASSES
NOW OPEN!!

The Masterclasses programme for 2022 is now open.

Masterclasses are designed specifically for school and college students in Years 10-13. This year we have also introduced a new masterclass for Years 7-9. The sessions provide fun, engaging, interactive insights into a range of subject areas, and offer an opportunity to understand what it's like to learn at a selective Russell Group university.

PLEASE NOTE: All masterclasses will take place on the University of Birmingham campus. Masterclasses last around two hours and will run on Wednesday afternoons 1.00pm - 3.00pm from Wednesday 2 March to Wednesday 6 April 2022*.

YEAR 12/13 – PLEASE SEE MRS NEWTON IN THE LIBRARY FOR MORE INFORMATION AND A BOOKING FORM.

Police Officer Recruitment

APPLICATIONS CLOSED
CAN STILL REGISTER YOUR INTEREST

Our officers play a vital role in ensuring that the communities of the West Midlands are kept safe. It isn't easy but it is rewarding and can be a career like no other. We want people to join us who have a range of life experiences and backgrounds; it is vital that we represent all of the communities that we serve.

Policing uses plenty of **everyday skills**, from being able to reassure someone who has been a victim of crime to just being that friendly face that encourages a vulnerable person to open up and talk. Our training equips officers for the specialist skills they need to do the job, but it's the **human touch** – kindness, humour, friendliness and empathy – that people remember.

APPLICATIONS STILL OPEN

The EY Foundation Programmes are exclusively for young people aged 16 and above, and have been recently eligible for free school meals, a college bursary or Education Maintenance Allowance (EMA). We also have a specific programme designed for young people with experience in care.

Which programme is right for me?

If you wish to apply directly yourself, then **Smart Futures** is for you.

The **Our Future** and **Beyond Your Limits** programmes run on a referral system from a teacher, a social worker or other youth worker. Share the programme pages with them to see if they can support you to take part in either of these programmes.

If you are unsure and have any questions, please email us at enquiries@eyfoundation.ey.com and our friendly team can help!

Smart Futures

If you are in Year 12 (or S5 in Scotland) and have been recently eligible for free school meals, a college bursary or Education Maintenance Allowance (EMA) then you will be eligible to apply

Our Future

If you are aged 16-19 in full-time education, may have struggled with school in the past and have five or less GCSE's, this programme could be suitable for you. To apply you must also have been recently eligible for free school meals, a college bursary

Beyond Your Limits

If you are a care-experienced young person aged 16-20 and in full or part-time education, this programme may be suitable for you.

Volunteer Centres

Volunteer Centres can offer you additional support finding volunteer roles in your local area. To see if there is a Volunteer Centre near you, visit the NCVO website.

[Find a Volunteer](#)

NCVO champions the voluntary sector and volunteering because they're essential for a better society. We do this by connecting, representing and supporting voluntary organisations.

Volunteering can make a real difference to your own life and the lives of those around you. There are loads of ways to get involved and plenty of organisations that can help you find your dream role.

So how do you go about finding the right volunteering role for you? Here are three steps to follow:

1. Think about what interests or excites you.

This could be something you enjoyed doing before, or something completely new.

2. Think about what time or skills you can give.

With so many opportunities to choose from, it's a great idea to narrow down the choices by deciding what you're willing to give.

3. Get researching!

NCVO doesn't hold a list of roles, there are simply too many. But you can:

1. go to your local volunteer centre
2. search the internet
3. ask friends what they do
4. or check out one of the online opportunity finders below.
