InvestIN's Birmingham Programmes Launch

About this event

InvestIN invites teachers and parents to join us for a free careers information and networking event, featuring:

- The skills top employers are looking for today and the key steps students can take to maximise their career potential
- The launch of InvestIN's regional in-person career experiences taking place at the University of Birmingham in January 2022. These opportunities will be available in our top 5 most popular industries: Medicine, Law, Investment Banking, Psychology and Engineering
- Q&A and networking time with InvestIN's School Partnerships team and local teachers and careers advisors

This event is free of charge to attend and will take place at the University of Law, Birmingham. Exact venue and directions will be communicated nearer to the time.

Schedule:

Arrival: 6.00-6.30pm

InvestIN: 6.30-7.00pm

Refreshments & Networking: 7.00-7.30pm

We look forward to seeing you there!

To find out more about our upcoming career experiences at InvestIN, you can visit our website, www.investin.org, or take a look at our [digital brochure](#).

EY Foundation

The EY Foundation Programmes are exclusively for young people who are aged 16 and above, and have been recently eligible for free school meals, a college bursary or Education Maintenance Allowance (EMA). We also have a specific programme designed for young people with experience in care.

Which programme is right for me?

If you wish to apply directly yourself, then **Smart Futures** is for you.

The **Our Future** and **Beyond Your Limits** programmes run on a referral system from a teacher, a social worker or other youth worker. Share the programme pages with them to see if they can support you to take part in either of these programmes.

If you are unsure and have any questions, please email us at enquiries@eyfoundation.ey.com and our friendly team can help!

Smart Futures

If you are in Year 12 (or S5 in Scotland) and have been recently eligible for free school meals, a college bursary or Education Maintenance Allowance (EMA) then you will be eligible to apply

Our Future

If you are aged 16-19 in full-time education, may have struggled with school in the past and have five or less GCSE's, this programme could be suitable for you. To apply you must also have been recently eligible for free school meals, a college bursary

Beyond Your Limits

If you are a care-experienced young person aged 16-20 and in full or part-time education, this programme may be suitable for you.

inspired

YEAR OF GIVING 2021-2022

**MAKE A
DIFFERENCE
MAKE YOUR
MARK**

FIND OUT MORE

Why volunteer?

Volunteering helps you make a difference to something you care about and learn new talents too. There are loads of ways to volunteer; whether you've got an hour or a week, are into music or sport, whatever's your thing, volunteering lets you make your mark.

[Find out more](#)

Volunteering Tips

If you're keen to volunteer but looking for a bit more practical advice on how to get involved (and perhaps some inspiration too), then you're in the right place. We've gathered all of the top tips on how to volunteer here, just for you.

[Get the top tips](#)

Volunteer Centres

Volunteer Centres can offer you additional support finding volunteer roles in your local area. To see if there is a Volunteer Centre near you, visit the NCVO website.

[Find a Volunteer](#)

NCVO champions the voluntary sector and volunteering because they're essential for a better society. We do this by connecting, representing and supporting voluntary organisations.

YEAR OF GIVING 2021-2022

Volunteering can make a real difference to your own life and the lives of those around you. There are loads of ways to get involved and plenty of organisations that can help you find your dream role.

So how do you go about finding the right volunteering role for you? Here are three steps to follow:

1. Think about what interests or excites you.

This could be something you enjoyed doing before, or something completely new.

2. Think about what time or skills you can give.

With so many opportunities to choose from, it's a great idea to narrow down the choices by deciding what you're willing to give.

3. Get researching!

NCVO doesn't hold a list of roles, there are simply too many. But you can:

1. go to your local volunteer centre
2. search the internet
3. ask friends what they do
4. or check out one of the online opportunity finders below.

Nottingham Trent
University

DEADLINE APPROACHING

Experience History with NTU

Join Nicholas Morton for a taster session on the early history of the Crusader States

In this taster session, Nicholas Morton will explore the period directly following the First Crusade when the early rulers of the Crusader States sought to expand and consolidate their initial conquests. We will examine how they achieved this through a range of policies including: the establishment of supply lines, warfare, diplomacy with neighbouring powers, and the establishment of economic infrastructure.

This session is designed to support students exploring the history of the Crusades at A-level whilst also giving an insight into studying history at Nottingham Trent University. It's also a great activity to include in a future application to study at university level!

There will also be a chance to ask any questions you may have.

Sign up to this taster session on bit.ly/NTUSubjectTasters and select BA (Hons) History

Date: Tuesday 16th November 2021

Time: 15:45 - 16:45pm

Location: Online, link to be sent upon sign up

Once you've signed up, we'll invite you to future taster events for this subject and you'll also receive our sessions to watch on-demand.

Keble College

DEADLINE APPROACHING

West Midlands Webinars - Year 12

Event date 7 Oct 2021 to 18 Nov 2021

Event time 17:00 - 18:30

Venue University of Oxford Oxford

Event cost 0

Target audience Students

Age range Age 16-17 (year 12)

Booking Required [Book here](#)

Keble, Oriel & University Colleges are collaborating with colleagues at Cambridge to present a series of webinars for Year 12 students in the West Midlands this autumn.

Bringing together expertise from across the Universities of Cambridge and Oxford, the West Midlands Webinars 2021 will provide students with a detailed picture of Oxbridge admissions and student life, providing practical up-to-date advice for students targeting a place at Oxbridge. The series of four online sessions is designed for Year 12 students at state schools or sixth form colleges in the West Midlands.

The webinars will cover various aspects of the Oxford and Cambridge application process as well as preparing for student-life. During the webinars participants will hear from admissions staff, academics, and current undergraduates from a variety of Oxbridge colleges, including Keble. The webinars are suitable for any student hoping to apply to competitive universities (not just Oxbridge).

Please contact outreach@keble.ox.ac.uk if you have any further questions.

BAILY GARNER

HOW TO REGISTER AND APPLY FOR WORK EXPERIENCE

In this guide, we give you detailed step-by-step guidance on how to register and create a Speakers for Schools student account, how to apply for work experience with our employers and include some top tips and FAQs to answer some of the questions you might have about your work experience journey.

HOW TO REGISTER

1

Use the following link to register and fill in your details:
<https://www.s4snextgen.org/students/Take-Part>

 **TOP TIP:** If your school is not on the list, please contact experience@speakersforschools.org for help.

2

Once successfully registered, you will receive a confirmation email from Speakers for Schools to log-in to your dashboard. Please do check your spam folder as well as your inbox.

Your dashboard will then be your gateway to all experience opportunities available to you. Note down your username and password, so that you can log in and out to check new opportunities and the status of your applications.

 **TOP TIP:** When you log in, check that the school displaying in the bottom right corner is your school. This is very important because if you are linked to the wrong school, your teachers will not have access to your applications. If the teacher section on your dashboard is blank, you will need to ask a teacher from your school to register, before you can submit an application.

HOW TO APPLY FOR WORK EXPERIENCE

1

Log in to your Dashboard and complete your profile by filling in more information about yourself.

1. Complete 'Your Profile'

2. Complete the 'Interests and Experience' section

TOP TIP: The information on 'Interests and Experience' section will be saved and will display automatically as the first page of every application you start. Therefore, if you take the time to fill it out with as much detail as possible, this will save you time in the future.

2

Once your profile is complete, it is time to look for interesting work experience opportunities and apply.

Click 'Opportunities' on your dashboard to access a list of all available opportunities, scroll through and read through the adverts that catch your attention.

TOP TIP: Do not forget that there might be numerous pages of opportunities, checking only the first page might mean that you miss some great opportunities on the following pages.

Ensure to check the dates and that you are available for all the dates of the opportunity that you are applying for. Attendance on all days of the opportunity is obligatory if you are successful.

TOP TIP: Note that there is a closing date in the information box. This means that all applications for an opportunity must be submitted by this date. However, for popular opportunities, the closing date can change. If you like an opportunity it is worth applying as soon as possible.

Costain Introduction to Civil Engineering

Costain

12 APR 2021
16 APR 2021

This opportunity is part of Costain's commitment to diversity and inclusion, and we are looking for people from all backgrounds.

Costain is a large engineering and construction company that designs, builds and manages infrastructure all over the world.

We are looking for people who are interested in engineering and construction, and who are looking for a challenging and rewarding career.

If you are interested in this opportunity, please apply by the closing date. We will be looking for people who are interested in engineering and construction, and who are looking for a challenging and rewarding career.

To make sure we are looking for people from all backgrounds, we will be looking for people who are interested in engineering and construction, and who are looking for a challenging and rewarding career.

Design/Draw

Information

3

Click on 'Apply Now' in the top right corner. This will open an application form.

1st page of the application form is your 'Interests and Experience'.

2nd page of the application are the questions set by the employer. It will also ask you about your preferred start date, please note that for online experience this must be the date set by the employer.

3rd page will then give you the chance to proofread your answers and submit them.

✓ **TOP TIP:** As with any online form, it is worth writing your answers down in a word document first and copying and pasting them across in the form. In case of any technical issues, this ensures that you have your answers saved and you do not have to write them again.

4

Once you have submitted your application, it will be displayed as 'Awaiting Teacher Confirmation'. Your teacher will then have to approve your application (they will be notified by Speakers for Schools) but it is always a good idea to tell them yourself.

Once your teacher has approved your application, the application will then be sent to the employer for the selection process. Selections are usually made two weeks prior to the opportunity start date, but this can differ depending on the employer. If you are ever unsure, you can reach out to us at experience@speakersforschools.org. We cannot guarantee that your application will be successful, therefore, it is a good idea to submit more than one application.

If you are successful, you will receive an email notification and further details with the Get Set for Success guide, which will help you understand more about joining your work experience.

If you are not successful, do not be too disheartened. There are many more opportunities available to you, so keep applying and we look forward to seeing your applications.

UNIVERSITY OF
BIRMINGHAM

COLLEGE OF
ENGINEERING AND
PHYSICAL SCIENCES

YEAR 13 STUDENTS!

EPS FUTURES

FOUNDATION YEAR

Funded, Flexible, Fulfilling

Are you *interested* in engineering or physical sciences?

Do you have the *talent* and drive to succeed?

Do you want to come to the University of Birmingham
for a *one-year, fully funded* foundation year to aid
your pathway into a degree?

EPS FUTURES

FOUNDATION YEAR

The College of Engineering and Physical Sciences (EPS) at the University of Birmingham offers a bold new pathway specifically for students from disadvantaged backgrounds. We believe that many young people have the talent to succeed in an engineering or physical sciences degree at the University of Birmingham but because of their background or circumstances may not have considered it as a possibility.

EPS Futures aims to be transformative. It will be.

A flexible one year foundation programme following a mixed science and maths curriculum allowing progression to a range of subsequent three- or four-year engineering and physical sciences degrees including:

- Aerospace Engineering
- Chemistry
- Chemical Engineering
- Civil Engineering
- Computer Science
- Electronic and Electrical Engineering
- Mathematics
- Mechanical Engineering
- Materials Science and Engineering
- Physics and Astronomy

Choices about which particular degree you want to progress on to will be made mid-way through the foundation year.

Restricted to students from the lowest participation in higher education backgrounds identified using quintile 1 of the 2018 POLAR4 data published by the

Office for Students. Find out if you qualify by entering your home address postcode at www.officeforstudents.org.uk/data-and-analysis/polar-participation-of-local-areas

Fully funded for one year. This covers all tuition fees and living costs including the opportunity to live in students accommodation on campus if required.

Supportive of your particular learning needs. We will help support you with integration into university life, alongside assigning mentors and industrial links to facilitate work experience, employment or further study.

Reduced entry requirements. Typical A level offers of CCC with GCSE Maths at level 5 or higher.

BIRMINGHAM ACTION

Alumni and friends are generously supporting the EPS Futures Foundation Year as part of Birmingham In Action, making gifts and becoming mentors to enable young people to fulfil their potential.

Find out more and check your eligibility

Website: www.birmingham.ac.uk/HF0F

Email: epsfutures@contacts.bham.ac.uk

This is intended to provide prospective students with a general picture of the programmes and courses offered by the School. Please note that not all programmes or all courses are offered every year. Also, because our research is constantly expanding, the scope and direction of study, some courses may be discontinued and new ones offered in their place.

Please note the information on this leaflet is correct at time of publication but may be subject to change (2019/2020).

Undergraduate Open Days at the University of Birmingham

Our Undergraduate Open Days give you the perfect opportunity to hear first-hand from our current students and teaching staff about living and learning in Birmingham.

What happens at an open day?

Open Days are a great opportunity to explore our campus and for you to speak to current students and academic staff to find out what really happens when you join our University community. Birmingham is a green and spacious campus university just minutes from the hustle and bustle of the UK's second city, making it a prime location for you to spend your life as a student.

At our Open Days there are a number of activities to choose from.

The programme for each event will be released online at least a week beforehand, giving you the chance to book the sessions that suit you using your personal open day RSVP link.

You will have the chance to:

- Explore campus with a campus tour led by one of our expert student ambassadors
- Find out more about our accommodation with a self-guided outdoor accommodation village tour, with student ambassadors and staff on hand who will be happy to answer your questions
- Get all of your questions answered about the courses you're interested in through chatting to our academics and students, with some subjects also offering departmental facility tours*

Work Experience

Year 11 & Year 12

There are a number of organisations who provide an insight into their business for GCSE and A level students. **Work experience** can range from 1 day to 2 weeks and is a great opportunity for students to get exposure to these organisations. It will help in future applications.

Who offers work experience for school students?

There are a large number of companies offering **work experience** days and weeks to 16-18 year olds. There is strong representation from the finance industry and investment banks such as Credit Suisse, from professional services firms such as Ernst & Young, from legal firms such as Pinsent Masons and Old Square Chambers and from media companies such as The Guardian.

NOW

Register with **NATIONAL APPRENTICESHIP SERVICE** to receive regular updates on current opportunities. Create an account and you can specify the types of apprenticeships you are interested in.

You can also search www.notgoingtouni.co.uk and have access to over 2000 new opportunities including apprenticeships, employment, training and much more.

www.apprenticeships.gov.uk/apprentice/find-an-apprenticeship allows you to browse for a wide range of apprenticeships.

www.amazingapprenticeships.com gives you more information on anything you wanted to know about apprenticeships.

www.apprenticeshipguide.co.uk links to blogs, vacancies and how-to-guides.

www.careerpilot.org.uk Careers information and tools for 11 – 19 year olds all in one place.

Many employers also have a dedicated section on their websites related to recruitment where they post apprenticeship information.

These are sometimes posted before they are on the National Apprenticeships site so it's well worth looking around.

Flying Start degree programmes

Start your career and go to uni

If you want to go to university but you're also keen to begin your career, our Flying Start degree programmes offer the best of both worlds.

You'll get to work with world-class clients and be part of our highly skilled teams. Studying at university you'll get to experience the full-time student lifestyle but with integrated paid placements at PwC, you'll have some money to enjoy it too. You'll gain a degree, and hopefully impress us enough to secure a graduate job with us after you graduate.

OPPORTUNITIES BULLETIN

Nursing is such a versatile career choice. Where else could you work in a hospital, GP surgery, hospice, patients' homes, school or prison? It's a career that travels well, so nursing is a great choice if you're keen to work abroad in future too!

Whatever specialty you choose, one thing is certain – you'll be part of a team that makes a huge difference to patients from day one.

Getting started

Studying for a degree is essential to being a registered adult, children's, learning disability or mental health nurse. But do you know there are different routes when it comes to getting into the profession?

Finding a healthcare assistant role is a great way to get a taste of what nursing is like. Or a nursing associate apprenticeship provides great experience in different settings while studying for a foundation degree (which can be put towards a full degree).

Registered nursing degree apprenticeships are available in some areas too without the need to study full time at university. And some universities are offering adult nursing courses where the theoretical content is mainly delivered online – a great option for more mature students who need to fit studies around their home life.

Interactive School Webinars

Linking Universities and
Businesses to Schools

Welcome to Channel Talent

Channel Talent is a live and interactive video conferencing / webinar service which links universities and businesses to schools. Channel Talent beams university lecturers, admissions personnel, university students and apprentices into the school classroom in addition to including individual students. We ensure that formats are entirely flexible to enable students to take part, whether they are in school or not.
