unifrog

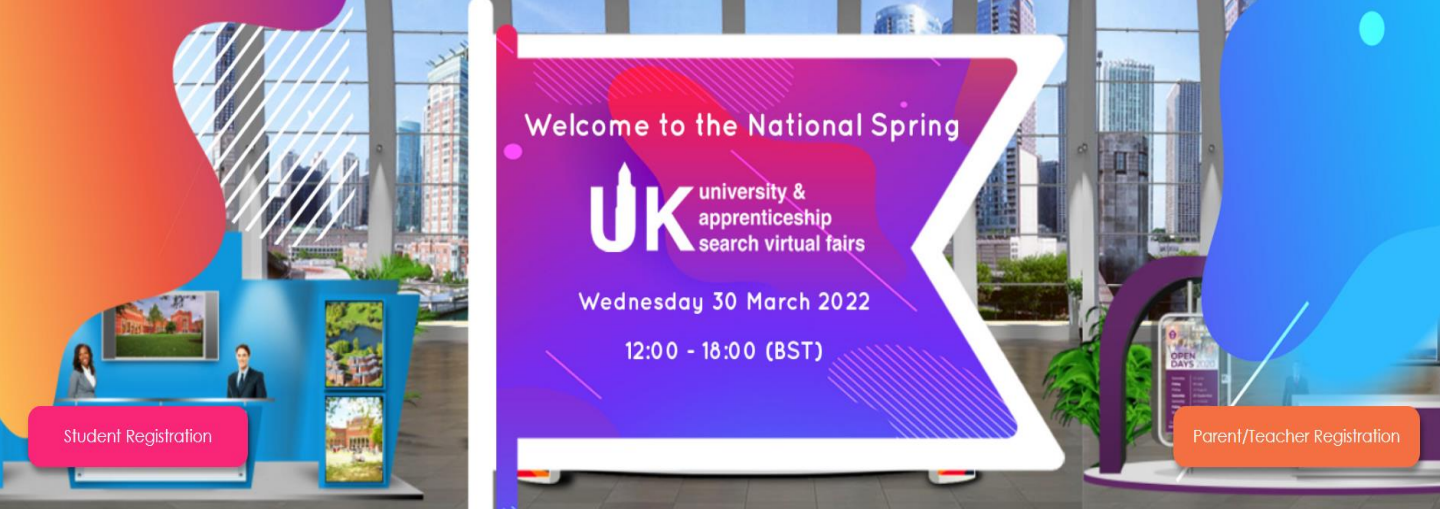

ALL our students have access to **unifrog**

Here they can access a wealth of information about apprenticeships, university and college courses, careers advice, work experience information, CV and personal statement tools and much more....

They can access at home 24/7 and it's a great starting point for their career exploration and planning.

STAY IN TOUCH!!

UK University & Apprenticeship Search Virtual Fair

Join us for the Spring UK University & Apprenticeship Search Virtual Fair on Wednesday 30th March 2022, taking place from 12:00 to 18:00 (BST). Following the success of our virtual events during lockdown, we are bringing our highly popular fair back for even more students to experience, with a wide range of universities, colleges and apprenticeship providers joining us.

This event will allow you to explore all your post-18 options in one place, with a huge range of exhibitors. Universities will include Russell Group, red brick, modern and specialist institutions, as well as colleges and apprenticeship providers. You'll be able to explore exhibition stands, ask any questions you have, and chat live with admissions officers, student ambassadors, academics and recruitment teams. At this incredible interactive event you can also view virtual campus tours, online prospectuses, and take part in 10 live webinars.

The event is completely **free of charge** and is for students, teachers and parents looking for information about studying in the UK.

This event is unmissable for students in Year 12 as well as undecided Year 13s.

It's also a perfect opportunity for Year 11 students seeking inspiration.

Meet the Russell Group

A Virtual Experience in association
with UK University Search

Wednesday 27 April

Afternoon Session: 12:00 - 14:30

Evening Session: 16:30 - 20:00

Join us on Wednesday 27 April for the return of Meet the Russell Group, a virtual event in association with UK University Search. This online and interactive experience will allow you to explore all 24 Russell Group universities. New for 2022, the event will be split into two sessions throughout the day, each with a different focus.

The Afternoon Session will run from 12:00 - 14:30 and will allow you to learn more about the different Russell Group universities. You will be able to take part in 5 live webinars in the virtual auditorium, view information and videos about each university, link directly to Virtual Campus Tours to explore university facilities and accommodation, and download prospectuses.

The Evening Session will run from 16:30 - 20:00, throughout this session you can visit individual booths and speak directly to their representatives and ambassadors using a text-based chat. Each university will also host live video sessions featuring an introductory webinar, followed by a live video Q&A session answering your specific questions. [Please see here for more information about the live sessions.](#)

Meet the Russell Group is designed to support Year 13, 12 and 11 students, and the parents, guardians, teachers and careers advisors who assist them with their applications. It is completely free of charge. The event will allow Year 13 students to explore and compare universities they may have received offers from in order to decide upon their Firm and Insurance choices. Meet the Russell Group will also support Year 12s as they start to make initial decisions about where they would like to study in 2023, and the courses they may be interested in. Year 11 students are welcome to join if they are interested in exploring their future options too.

For more information about the Russell Group universities, UK University Search and the 5 live webinars taking place throughout the event, please explore the tabs above. We look forward to welcoming you to a spectacular event on Wednesday 27 April.

FOR
22

Over the past five years, Access Creative College has been expanding its offer to students by introducing new courses within Games and Media as well as our already established Music & Events provision.

Following this, we have some exciting new provisions starting in the academic year of September 2022 which includes Esports management, Computing (Including T-Level Courses) and Animation & VFX.

On Monday, March 21st we would like to invite you to find out more about our new courses for September 2022.

This is also an opportunity to meet virtually with our Engagement Team, Head of New Provision and our esports Industry Specialist.

If you are available to attend the above session then please use the link below for more information and to book your spot -

Keble
College

UNIVERSITY OF
OXFORD

Events & Sessions for Link Schools – Summer 2022

The next mailing list bulletin is due on **Monday 21st March**, when bookings will open for Oxford visits for the autumn term (visits available between 10th October & 30th November).

Virtual talks are still available on an ad-hoc, individual school basis. Talks can be arranged to suit your timetable, and for any year group: whether you are looking to engage KS3 students, advise Year 11s on post 16 choices, or support sixth formers through the application process. Sessions can be flexible and interactive to suit your needs. The scheduling requirements of virtual talks mean that we are able to set them up with far less notice than visits to Oxford. If you missed out on a visit this summer and are looking to bring a group in the next academic year, this could also be a great way to start to engage students and to get a feel for how we run outreach activities at Keble.

The sessions offered as part of the Summer Admissions Webinars (below) can also be offered to individual schools/colleges if you have a group of students who you think would benefit.

Please use our [Virtual Talks Booking Form](#) to see what's available and to book a talk for your school/college.

Year 12 Subject Taster Days – deadline 25th April

At Keble, we are looking forward to hosting four in-person Year 12 Subject Taster Days in Oxford this May and June. These immersive, academically-focused events are designed to support state school students in Year 12 in making informed decisions about their studies. Taster Days in Theology, Law, English, and Geography will offer information about the courses; insight into research, teaching, and career progression; hands-on application advice; and the opportunity to meet Keble tutors and students who share your interests. Each Subject Taster Day will run from 10:00-15:00.

Each student can only select and apply for one subject taster day. Please note that places are limited. We aim to choose students who have potential to make a competitive application to Oxford and who will most benefit from the events. The college will consider information such as GCSE results and predicted grades, and may consider educational and socio-economic background, using similar categories to the contextual data which is used in the Oxford admissions process. In case of over-subscription the College may also have to limit the number of attendees per school, and prioritise spaces for schools in our link regions.

Support is available for attendees' travel expenses. For any questions contact outreach@keble.ox.ac.uk.

Dates & subjects available:

Monday 16th May: Theology (Religious Studies) (incorporating Oxford courses Theology & Religion and Theology & Philosophy)

Wednesday 18th May: English

Tuesday 7th June: Law

Wednesday 8th June: Geography

Please complete [this form](#) below to apply by 12 noon on Monday 25th April 2022. Any questions should be directed to India Collins-Davies, Access & Outreach Officer: outreach@keble.ox.ac.uk.

College

UNIVERSITY OF
OXFORD

Summer Admissions Webinars for Year 12 prospective applicants

Keble are offering a series of admissions-focused webinars for Year 12 students from any UK state school during June 2022. Students should sign up independently [via this link](#). This is a great way for your ambitious students to reinforce or further knowledge gained from other outreach talks and programmes, or indeed to learn about the Oxford admissions process for the first time.

Some sessions are repeated to give more opportunities for students to access the talks. Please note that if a session is listed with the same title as another, it is a repeat!

Monday 30th May 3-4pm: Oxford Admissions Explained
Wednesday 1st June 3-4pm: Personal Statements for Oxbridge
Wednesday 8th June 4-5pm: Preparing for Admissions Tests
Monday 13th June 4-5pm: Oxford Admissions Explained
Wednesday 15th June 4-5pm: Oxbridge Interviews – how to start preparing
Thursday 16th June 4-5pm: Personal Statements for Oxbridge

Pembroke College Virtual Medicine Taster Day – 5th April

Pembroke College is hosting an online Taster Day for Year 12 students interested in studying Medicine at Oxford. This event will be free to join and is open to state school and sixth form college students who are thinking about applying for the undergraduate Medicine course at Oxford next academic year. The day will be a great opportunity to learn about what studying Medicine at Oxford is like, as well as workshops with current students to find out more about how to find work experience and preparing your application.

For more information and how to apply, [please visit our website](#).

Balliol College Chemistry Study Day (in person), deadline 7th April

Booking is open for a Taster Day Balliol will be hosting at our Oxford site.

This is for Year 12 students from state schools who are interested in studying Chemistry. To apply for a place at this event, please complete and submit this form by 5PM on Thursday 7th April: <https://forms.office.com/Pages/ResponsePage.aspx?id=G96VzPWXk0-0uv5ouFLPkXgnyvjDKUhDj3UITxz-fAdUQkdKS09OUDAzV1JORFVLTvdWUTJDS1JEUy4u>

MSC Summer Schools

Applications for the free **online** London Med Schools Summer Programme 2022 are now [open](#). This programme is for **Year 12** students living in England (outside of Greater London), who have only attended non-selective state schools since age 11 and are currently studying A-level biology and chemistry. For more details on student eligibility [please see the application form here](#).

Funded by Health Education England, the London Med Schools Summer Programme brings together four of London's medical schools (King's College London, Queen Mary University of London, St George's University of London, and University College London) to give 75 Year 12 students from across England an opportunity to find out what it is like to study medicine in London. Working with patients and student ambassadors, participants will gain a greater understanding of the realities of being a doctor and the skills needed to succeed.

The main summer school programme takes place from Monday 18th July to Friday 22nd July on Zoom.

For more information and to apply, [students should follow this link](#). The deadline to apply is **Monday 18th April 2022**.

This programme is part of a series of events run with the **Medical and Dental Schools Council**. [Please see here](#) for a full list of the programmes available across England.

Work Experience

Year 11 & Year 12

There are a number of organisations who provide an insight into their business for GCSE and A level students. **Work experience** can range from 1 day to 2 weeks and is a great opportunity for students to get exposure to these organisations. It will help in future applications.

Who offers work experience for school students?

There are a large number of companies offering **work experience** days and weeks to 16-18 year olds. There is strong representation from the finance industry and investment banks such as Credit Suisse, from professional services firms such as Ernst & Young, from legal firms such as Pinsent Masons and Old Square Chambers and from media companies such as The Guardian.

Please click on the links below to access details of each work placement.

UK **Run By Healthcare Professionals!**

Let us help you to take your first steps into the world of healthcare careers. It is live, giving you the chance to interact with healthcare professionals, but from the comfort and safety of your own home. Join thousands of other students who are exploring healthcare careers with the help of our LIVE simulated high fidelity work experience programme!

FIND OUT MORE HERE

Completely Unique Experience

Follow multiple patients over a 6-month period, as they go from their initial injury to recovery. It is amazing how many different healthcare professionals are involved in a patient's care. This incredible opportunity showcases a variety of professionals in one day. It gives students a chance to see them in action in various settings from the ward to the community. It is also a fantastic opportunity to see them work together in a multidisciplinary team.

During the work experience day, students will follow 2 patients from their initial presentation to recovery. Students will observe the healthcare professionals as they interact with the patients and also each other. Students will have an opportunity to ask questions and gain knowledge through teaching. This will help students to make an informed career decision as well as learn about how healthcare professionals work together as part of a multidisciplinary team. Each work experience day is completely different and students will be able to build on their knowledge of NHS careers as they see different patient cases and their healthcare professionals work in a variety of settings, such as hospital and community. For this reason we recommend that students attend one work experience a month for 6 months to not only gain a deeper knowledge of multidisciplinary teams in general but also their chosen careers.

Allied Healthcare Mentor are committed to ensuring that students still have the opportunity to gain valuable insight into healthcare careers, even in these difficult times.

NOW

What are the advantages?

- **OpenLearn free courses are available immediately**
- Our courses do not have a start and end date. You can start right away or at a time that suits you.
- **You can work through at your own pace**
- You can spend as long as you like on an **OpenLearn** course, plus, if you sign up you can track your progress and work towards a **statement of participation**.
- **There are around 1000 courses to choose from**
- The courses always focus on a specific area of learning. Some focus on important and fascinating academic subjects, whilst others help you develop skills needed for study or work.
- **You can try out what's on offer from The Open University**
- If you're interested in taking an Open University course but are not sure what to study or if distance learning is right for you, then **OpenLearn** lets you get a feel for what's on offer.

PRIME

WORK EXPERIENCE
OPPORTUNITY

ALLEN & OVERY

FAIR ACCESS TO QUALITY
WORK EXPERIENCE

In 2022, Allen & Overy will be offering two schemes that provide Year 12s facing socio-economic barriers with **high-quality insight and interaction** with an **international legal practice.**

1. Smart Start

Smart Start provides high-quality work experience in the world of business

**Smart
Start**

Through a five-day programme of workshops and group tasks, Smart Start offers a prestigious route to gaining skills and experience **highly valued** by employers and education providers alike. Beyond the week, participants benefit from support with university applications, mentoring, the chance to apply for a bursary and employability support whilst at university.

Since its launch in 2009, Smart Start has supported more than 1,569 young people, won multiple awards and gained accreditation from **City & Guilds** and **Skills Builder**.

Smart Start 2022 will take place at the A&O London office in the week commencing 18 July. All successful applicants are required to attend a mock assessment day at the A&O London Office on Wednesday 25 or Tuesday 31 May.

“After hearing and speaking to lawyers and volunteers from A&O, a career in law seems more achievable. I know what to expect and how to go through the process and take things step-by-step.”

Sadia, 2021 Smart Start participant

**WORK EXPERIENCE
OPPORTUNITY**

2. Smart Applications

Smart Applications is a separate, virtual programme which ensures those who cannot or do not want to travel to London do not miss out on gaining **real insight into the world of work.**

Taking place across 8 webinars in June and July 2022, participants will gain interview experience, network with employees and develop valuable employability skills, alongside support with university and apprenticeship applications.

How to apply

Year 12s are able to apply for one or both programmes through the same application process. Successful applicants will take part in either Smart Start or Smart Applications - you cannot attend both.

To be considered, you must meet Allen & Overy's [eligibility requirements](#).

Anyone wishing to apply must attend a virtual [Smart Choices event](#) in March/April 2022, which will provide support on the next steps and help you develop strategies that lay the foundation for a successful career. You can register [here](#).

“I was inspired by the people I spoke to and the entire experience taught me so many new things. My personal skills also improved dramatically.”

We will send links out to you on the Wednesday before the conference, please keep these safe and do not share them as we will keep a register on the day.

MEDICAL WORK EXPERIENCE!

WORK EXPERIENCE OPPORTUNITIES

We are excited to announce that the largest free national work experience programme for your aspiring medical, dental and veterinary students has returned. This was developed last year in partnership with Birmingham Universities Hospitals Trust and it is free for students from 10-13 or S3-S6 year groups to participate in. We took a small break from the virtual work experience programme in November to convert the LIVE teaching into E-learning courses that students can now complete in their own time. Students have 1 month to complete each session, and once they have completed the programme they will receive a certificate from Medic Mentor and UHB as evidence of their participation. Medical Schools are accepting virtual work experience as an alternative to in-person work experience in light of the pandemic and reduced access to placements.

Participation in the virtual work experience will also provide students (and their parents) with several opportunities to speak to doctors, dentists and vets continuously throughout the academic year. They will be able to do this on Tuesday evenings and most weekends, for free. They can also call the Mentor Helpline number 01530 417 299 from 10am-5pm Mon-Fri if they would like to advice on careers or applying to medical, dental, vet school. Mostly this number is manned by Doctors. Medic Mentor is a non-profit social enterprise and all of our proceeds are reinvested in supporting students to make informed career decisions.

Registering for these programmes could not be easier, all they need to do is complete the free online application form for:

Medicine: <https://medicmentor.co.uk/university-hospitals-birmingham-trust-virtual-work-experience/>

Dentistry: <https://medicmentor.co.uk/dental-live-virtual-work-experience/>

VOLUNTEERING & WORK EXPERIENCE IN PARKS

Volunteering is a great way to take an active role in caring for and improving your local park. You can volunteer on an ongoing basis, or just join us for a few hours.

Thousands of people volunteer in Birmingham's parks each year. There are lots of opportunities to get involved, for people of all ages, abilities. In most cases you don't need prior experience, and training and equipment is provided.

If you're at school, college or university, you can also apply to complete a work placement with us.

LOOKING FOR AN APPRENTICESHIP?

Register with [NATIONAL APPRENTICESHIP SERVICE](#) to receive regular updates on current opportunities. Create an account and you can specify the types of apprenticeships you are interested in.

You can also search www.notgoingtouni.co.uk and have access to over 2000 new opportunities including apprenticeships, employment, training and much more.

www.apprenticeships.gov.uk/apprenticeship/find-an-apprenticeship allows you to browse for a wide range of apprenticeships.

www.amazingapprenticeships.com gives you more information on anything you wanted to know about apprenticeships.

www.apprenticeshipguide.co.uk links to blogs, vacancies and how-to-guides.

www.careerpilot.org.uk Careers information and tools for 11 – 19 year olds all in one place.

Many employers also have a dedicated section on their websites related to recruitment where they post apprenticeship information. These are sometimes posted before they are on the National Apprenticeships site so it's well worth looking around.

Apprentices

Become an apprentice with Creative Alliance.
Every business needs creative thinking.
This is your time to shine.

What is an apprenticeship?

If you feel like a career where you are paid to think creatively is a pipe-dream, it isn't!

Our apprenticeships are designed for creative thinkers, by creative thinkers which means we will work with you to find the right employer to develop your talent and, ultimately, secure your future career.

We work with employers of all shapes and sizes and **85% of our apprentices** have gone on to secure full-time positions. You could be part of that success story.

Exercise your creative thinking. Unleash your talent. Be you.
Do it all with Creative Alliance.

[Get started today](#)

Why become an apprentice

- Earn while you learn / avoid student loans
- Earn a qualification
- Gaining a competitive edge through workplace experience
- Gain the skills employers want / foot in the door (an excellent way to gain access to a company or sector you want to work)
- Hands on practical experience
- Learn from industry experts
- Stay ahead of graduates
- Enjoy what you do (turn a passion into a career)

NHS apprenticeships

Earn, learn and make a difference with an NHS apprenticeship. Our apprenticeships offer routes into many of the more than 350 NHS careers through a mix of on-the-job training and classroom learning.

What you need to know about NHS apprenticeships

- if you are aged 16 to 18 or 19+ and in your first year of an apprenticeship, the minimum you should receive is £4.30 an hour (the National Minimum Wage for apprentices)
- many NHS employers will pay you more than the minimum wage
- they take between one and five years to complete
- anyone over the age of 16 can do one
- you're likely to spend four days on work placement and one day or at a training centre or college
- you'll develop your skills, including English and maths
- you'll gain a competence qualification (based on what you can do in the workplace) and a knowledge qualification, or a qualification combining both

Apprenticeships

Our apprenticeship programmes

We offer apprenticeships right across our business. Whether you're looking hands-on or office-based work, there's something for you.

Our apprenticeships range from 1 to 4 years, and the qualifications you'll get range from level 3 (equal to an A-level), to level 6 (equal to a degree).

We have schemes for everyone. We want to hear from you, no matter what your journey has been like up until this point.

Your ambition is our future, and we can't wait to see you grow.

Summer Schools

APPLICATIONS WILL OPEN IN JANUARY 2022

About the summer schools

Our Summer Schools offer participants a real insight into life at a competitive, research intensive university. Each Summer School is different, but they all usually involve staying in our halls of residence, attending academic taster sessions, social activities and experiencing the campus's sports facilities. Participants also have the opportunity to meet current Warwick students during our Summer Schools.

The University of Warwick Outreach team have been holding Summer Schools for UK students from non-traditional backgrounds since 2012. In 2019, we welcomed over four hundred students aged between 15 and 18 years old on to our campus and we held our first online summer school for 16-17 year olds in 2020.

Warwick Summer Schools usually take place during July and August; and applications open in January 2022.

APPLICATIONS NOW OPEN

A Level Bootcamp

**APPLICATIONS
NOW OPEN**

REGISTRATION FOR THE BOOTCAMP WILL OPEN IN JANUARY 2022

About the programme

The University of Warwick is committed to working with young people to maximise their academic potential. We are offering Year 13 students on our access programmes and predicted to achieve between A* to C grades the opportunity to participate in a free three day A Level Revision Bootcamp during the Easter holidays.

Participants will learn, revise and study one subject area intensively, with the chance to review progress through assessments and 1-2-1 feedback. We aim to provide a packed timetable, which will be constructive, valuable and enjoyable. Each day will be hosted at the University of Warwick, but sessions will be delivered by qualified teachers with vast experience in their subject areas.

There will also be an opportunity to explore effective study skills, exam technique and develop strategies in preparing for exams.

In 2022, we are hoping and planning to deliver the Revision bootcamp in person on our campus.

Discover Warwick

Our 'Discover Warwick Week' is a great opportunity for you to explore what it would be like to be a student at Warwick.

Academic Taster Sessions

During the week, you can access pre-recorded lectures across a range of subject areas, designed to give you a mini-flavour of what studying a particular subject is like here at Warwick. You will also get to see how different subjects link to each other and discover some of our more niche subject areas.

To give as real an experience as possible, the lectures will be followed up with a live session with our academics and current Warwick students.

Information, Advice and Guidance

Our week kicks off with a number of sessions to help you navigate your way through the process of choosing a course and university; understanding student finance; learning the steps required in applying for a university place; looking at alternative pathways (e.g., Degree Apprenticeships) amongst other.

Student Life

Coming to university isn't *just* about studying for your degree - during the week, there will be plenty of opportunities for you to chat with current Warwick students about their experiences, and what they get up to in their spare time.

UNIFEST 2022

WHAT IS UNIFEST?

UniFest Summer Schools take place at 6 universities across the West Midlands. UniFest gives you the chance to spend time exploring university life, meeting students and staff, making friends and having an action packed, fun experience!

WHO IS UNIFEST FOR?

UniFest is for students in Year 10 at state-funded secondary schools in the West Midlands who are from backgrounds and communities that are less likely to be considering university as an option. To apply for a place, you will need the support of your school and the consent of your parents or carers, and you should be able to answer “Yes” to at least one of the following:

- My parents or carers did not go to university
- I receive Free School Meals
- I have a disability or learning difficulty
- I am in the care of my local authority
- I am a young carer
- I live in an area where not many young people go to university

WHAT WILL I DO?

That depends on which UniFest event you choose! Some explore university life and study in general and others focus on certain career or study options. All UniFest events include lots of hands-on sessions, and a packed programme of fun social activities!

WHAT'S THE CATCH?

There is no catch. UniFest is funded by universities and schools **and is totally free of charge**. For residential UniFest events, meals, accommodation and activities are all paid for (although you may want to bring a little pocket money with you). The universities will help you plan how to get to and from events.

Pathway to STEM

Pathway to STEM is an 18-month programme that empowers eligible Year 12 students to achieve their goal of studying STEM courses at University. Students on the scheme receive the following benefits:

- Residential summer school
- E-mentoring
- UCAS and personal statement support
- Study skills support
- A contextual offer

This sustained programme of activity aims to raise students' aspirations, improve their motivation to progress onto Higher Education and provides them with the knowledge, skills and experiences that will enhance their UCAS application. Students must have support from their teachers to apply, including approval for time off school/college where necessary to attend events.

Who is the Pathway for?

Places on our Pathway are open to Year 12 students who have the potential to enter higher education and are considering a degree in Technology, Engineering and Maths and the Physical Sciences. Please note, this Pathway does not cover Medicine and Healthcare courses as these subjects are covered in our Pathway to Healthcare programme. Please note that places on the programme are limited. If the programme is oversubscribed then places will be offered by random allocation to all eligible applicants until the programme is full. Those students who are not on the standard programme will be offered a flexible programme of activities that covers the information, advice and guidance provided by the standard programme but without a residential summer school and e-mentoring. Students who are interested in applying must meet the eligibility criteria as below.

Applications must be submitted by 5pm on Friday 4th March. Any applications submitted after this time and date will not be considered.

BIRMINGHAM

2022 MASTERCLASSES
NOW OPEN!!

The Masterclasses programme for 2022 is now open.

Masterclasses are designed specifically for school and college students in Years 10-13. This year we have also introduced a new masterclass for Years 7-9. The sessions provide fun, engaging, interactive insights into a range of subject areas, and offer an opportunity to understand what it's like to learn at a selective Russell Group university.

PLEASE NOTE: All masterclasses will take place on the University of Birmingham campus. Masterclasses last around two hours and will run on Wednesday afternoons 1.00pm - 3.00pm from Wednesday 2 March to Wednesday 6 April 2022*.

YEAR 12/13 – PLEASE SEE MRS NEWTON IN THE LIBRARY FOR MORE INFORMATION AND A BOOKING FORM.

Police Officer Recruitment

Our officers play a vital role in ensuring that the communities of the West Midlands are kept safe. It isn't easy but it is rewarding and can be a career like no other. We want people to join us who have a range of life experiences and backgrounds; it is vital that we represent all of the communities that we serve.

Policing uses plenty of **everyday skills**, from being able to reassure someone who has been a victim of crime to just being that friendly face that encourages a vulnerable person to open up and talk. Our training equips officers for the specialist skills they need to do the job, but it's the **human touch** – kindness, humour, friendliness and empathy – that people remember.

OPPORTUNITIES**

arqiva

Apprenticeship Opportunities in the West Midlands with Arqiva

In case you haven't heard of us before, Arqiva is one of the most well known companies which you have never heard of, working behind the scenes, connecting broadcasters and utilities companies such as the BBC and ITV to customers.

**CURRENT
OPPORTUNITIES**

EY Foundation

The EY Foundation Programmes are exclusively for young people who are aged 16 and above, and have been recently eligible for free school meals, a college bursary or Education Maintenance Allowance (EMA). We also have a specific programme designed for young people with experience in care.

Which programme is right for me?

If you wish to apply directly yourself, then **Smart Futures** is for you.

The **Our Future** and **Beyond Your Limits** programmes run on a referral system from a teacher, a social worker or other youth worker. Share the programme pages with them to see if they can support you to take part in either of these programmes.

If you are unsure and have any questions, please email us at enquiries@eyfoundation.ey.com and our friendly team can help!

Smart Futures

If you are in Year 12 (or S5 in Scotland) and have been recently eligible for free school meals, a college bursary or Education Maintenance Allowance (EMA) then you will be eligible to apply

Our Future

If you are aged 16-19 in full-time education, may have struggled with school in the past and have five or less GCSE's, this programme could be suitable for you. To apply you must also have been recently eligible for free school meals, a college bursary

Beyond Your Limits

If you are a care-experienced young person aged 16-20 and in full or part-time education, this programme may be suitable for you.

YEAR OF GIVING 2021-2022

**MAKE A
DIFFERENCE
MAKE YOUR
MARK**

FIND OUT MORE

Why volunteer?

Volunteering helps you make a difference to something you care about and learn new talents too. There are loads of ways to volunteer; whether you've got an hour or a week, are into music or sport, whatever's your thing, volunteering lets you make your mark.

[Find out more](#)

Volunteering Tips

If you're keen to volunteer but looking for a bit more practical advice on how to get involved (and perhaps some inspiration too), then you're in the right place. We've gathered all of the top tips on how to volunteer here, just for you.

[Get the top tips](#)

Volunteer Centres

Volunteer Centres can offer you additional support finding volunteer roles in your local area. To see if there is a Volunteer Centre near you, visit the NCVO website.

[Find a Volunteer](#)

NCVO champions the voluntary sector and volunteering because they're essential for a better society. We do this by connecting, representing and supporting voluntary organisations.

YEAR OF GIVING 2021-2022

Volunteering can make a real difference to your own life and the lives of those around you. There are loads of ways to get involved and plenty of organisations that can help you find your dream role.

So how do you go about finding the right volunteering role for you? Here are three steps to follow:

1. Think about what interests or excites you.

This could be something you enjoyed doing before, or something completely new.

2. Think about what time or skills you can give.

With so many opportunities to choose from, it's a great idea to narrow down the choices by deciding what you're willing to give.

3. Get researching!

NCVO doesn't hold a list of roles, there are simply too many. But you can:

1. go to your local volunteer centre
2. search the internet
3. ask friends what they do
4. or check out one of the online opportunity finders below.
