YEAR 12 BIOLOGY & CHEMISTRY STUDENTS

Access to Medicine and Dentistry

This year 290 young people from England will be offered the chance to attend a medicine pathway programme. The pathway programme will be open to young people in Year 12 who are interested in studying medicine. The programme will consist of a series of activities alongside a residential or online summer school.

Alongside this 100 young people from England will be offered the chance to attend a dental summer school. This is open to young people in Year 11 and Year 12 who are interested in studying dentistry. There will be online and residential summer schools available.

Funded by Health Education England, the programme is aimed at young people who are from under-represented backgrounds, and targets areas of England that have limited outreach engagement with medical or dental schools.

OVER 1000 FREE COURSES AVAILABLE!

FREE COURSES WITH OPEN LEARN

Why study a free course on OpenLearn?

Our courses have been proven to increase confidence and develop the skills needed to enter Higher Education and succeed with learning.

You can choose an **OpenLearn** course from a wide range of subjects. Some are based on Open University course materials. Others are written specifically for **OpenLearn**.

REST,
RELAX,
RECHARGE

OpenLearn

REGISTER
NOW

What are the advantages?

- **OpenLearn free courses are available immediately**
- Our courses do not have a start and end date. You can start right away or at a time that suits you.
- **You can work through at your own pace**
- You can spend as long as you like on an **OpenLearn** course, plus, if you sign up you can track your progress and work towards a **statement of participation**.
- **There are around 1000 courses to choose from**
- The courses always focus on a specific area of learning. Some focus on important and fascinating academic subjects, whilst others help you develop skills needed for study or work.
- **You can try out what's on offer from The Open University**
- If you're interested in taking an Open University course but are not sure what to study or if distance learning is right for you, then **OpenLearn** lets you get a feel for what's on offer.

GRESHAM COLLEGE

Are you looking for resources that complement and yet go beyond the school curriculum? Expert sources to help you stand out from the crowd at sixth form and university interview?

Gresham lectures are a great resource for both teachers and students because they provide stretch, challenge and support for the GCSE, A Level and International Baccalaureate (IB) curriculum.

As a student, attending Gresham lectures in person or watching online can deepen your knowledge and develop new ideas, concepts and perspectives that can be used and referenced in exams, coursework (including EPQs), and at university interviews,

WORK EXPERIENCE

How to find a placement

WORK EXPERIENCE
YEAR 10

Do you know the type of work experience you would like to do?

YES

If yes, follow these steps...

Do you know anyone who works in the area of work you are interested in?
(This could be Family members, or Friends of the family, neighbours or Friends' parents etc.)

If yes, ask them if the organisation they work for could offer you a work experience placement.

If successful go to **Step 5**.
If unsuccessful go to **Step 2**.

NO

If no, follow these steps...

Let your Head of Year know ASAP so that we can organise a workshop for you in the Library where we can discuss ideas.

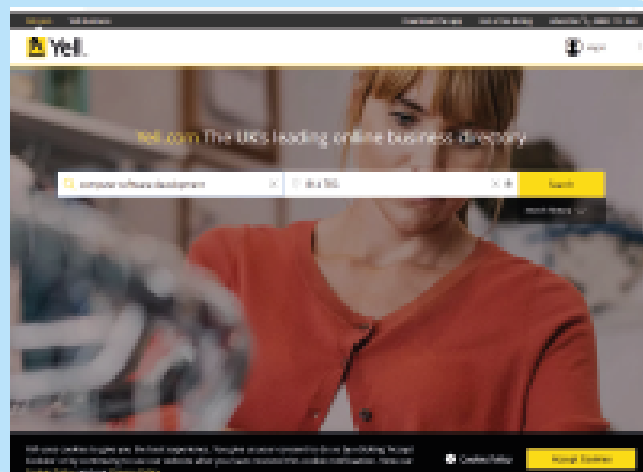

You can also start to gather ideas by going onto www.UK-Frog.org and completing the Work Environment profile quiz.

When you have decided what type of work experience you want to do go to **Step 2**.

2

Go onto www.yellow.co.uk

Insert the area you are interested in e.g. computer software and YOUR postcode – then hit search.

3

Use the Contact Details provided

Use the contact details provided on this list to either call or e-mail the company to ask them if they can offer you a placement. (You may need to go onto the company's website to find their e-mail or phone number).

4

Call them

This is the most direct way of getting hold of someone at the company. When you call, you should:

- Ask to speak to someone about work experience
- Tell them your name, what school you go to and when the work experience dates are (3rd July 2023 - 7th July 2023)
- Tell them that you have a real interest in this kind of work and would be grateful for an opportunity to get some insight into it by doing some work experience with them.
- Be prepared to give them your e-mail address or phone number for them to contact you on.

5

Complete the Work Experience Form

Complete the Work Experience Form outlining where you're going (with your parents/carers signature) and hand it in to Mrs Newton in the Library. Once the Health and Safety checks have been done on your placement, it can go ahead.

Email them

This is not as quick and not as effective as phone call because an e-mail can be ignored more easily, but if you really can't bring yourself to make a call, send them an e-mail which should include:

- Who you are
- What kind of role you're looking for
- Your overall career goals (and why this position would help)
 - Your skills (or previous experience, if you have any)
 - Why you'd be suitable for the role

WORK EXPERIENCE

How to find a placement

WORK EXPERIENCE
YEAR 12

Do you know the type of work experience you would like to do?

Birmingham Museums

WORK EXPERIENCE

Work Experience and Academic Placements

Each year Birmingham Museums offers a range of opportunities for work experience and academic placements.

Work Experience

Our work experience programme is open to anyone 15 years or over who is not currently in employment. Each placement is 3-5 days long and is a great chance to develop your skills and knowledge and get a general awareness of the working world.

We have a variety of placements available (see below). Due to an increasingly high level of demand we are unable to offer work experience opportunities outside of our advertised placements. To apply for any of the placements simply visit our jobs website and complete an [online application form](#) before the closing date. (Please check the placement dates in your application carefully).

Thinktank - Visitor Services Team

Work experience placements at Thinktank in the Visitor Services Team are ideal for anyone who is interested in gaining experience of working life within a busy science museum. These placements run from 9.15am-3.30pm on weekdays.

My World of Work

Green careers

Be part of changing the world and tackling climate change by choosing a green career.

In a green job you might develop products, provide a service or change the way companies do things that are more friendly to the environment. As more businesses try to be more eco-friendly, every job has the potential to become green.

Discover the endless opportunities.

The impact you could make

- Make a significant and positive difference to tackling climate change.
- Pave the way for a better, more sustainable way of life – helping people now and in the future.
- Play a key role in preserving our environment, wildlife and nature.

Police Officer Recruitment

APPRENTICESHIPS

Our officers play a vital role in ensuring that the communities of the West Midlands are kept safe. It isn't easy but it is rewarding and can be a career like no other. We want people to join us who have a range of life experiences and backgrounds; it is vital that we represent all of the communities that we serve.

Policing uses plenty of **everyday skills**, from being able to reassure someone who has been a victim of crime to just being that friendly face that encourages a vulnerable person to open up and talk. Our training equips officers for the specialist skills they need to do the job, but it's the **human touch** – kindness, humour, friendliness and empathy – that people remember.

FOR MORE INFORMATION

NHS apprenticeships

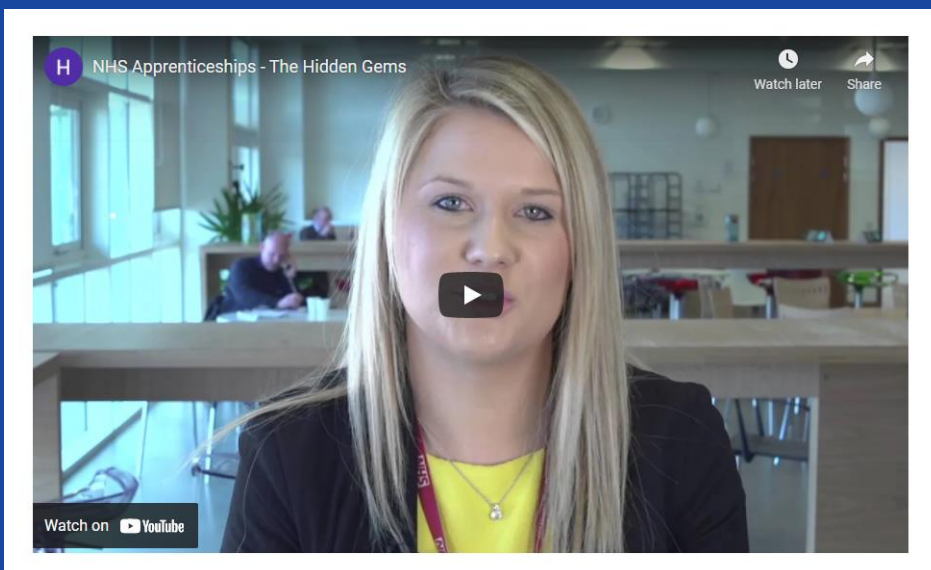

Earn, learn and make a difference with an NHS apprenticeship. Our apprenticeships offer routes into many of the more than 350 NHS careers through a mix of on-the-job training and classroom learning.

What you need to know about NHS apprenticeships

- if you are aged 16 to 18 or 19+ and in your first year of an apprenticeship, the minimum you should receive is £4.30 an hour (the National Minimum Wage for apprentices)
- many NHS employers will pay you more than the minimum wage
- they take between one and five years to complete
- anyone over the age of 16 can do one
- you're likely to spend four days on work placement and one day or at a training centre or college
- you'll develop your skills, including English and maths
- you'll gain a competence qualification (based on what you can do in the workplace) and a knowledge qualification, or a qualification combining both

Not going to Uni? Explore your options!

Not going to uni?

So you're not 100% sure on whether you want to go to university! It's certainly not the only option open to school/A-Level leavers!

One of the main drivers in making such a critical decision is whether or not you know what type of work you want to do – and possibly for the rest of your life! If you want to be a doctor or a dentist, you're pretty limited to the university route! If you aren't 100% sure yet (and you won't be alone here) then it's a great idea to spend some time to explore your options.

There are several places you can get advice including the [National Careers Service](#). One thing is for sure, you don't need a degree to be successful!

Let open days open your mind to what a university or college has to offer...

UCAS

1

Plan your day

Decide in advance which talks you want to go to so you don't miss the topics you're interested in.

2

Make notes

There's a lot to take in so it'll help when you come to comparing different universities and colleges afterwards.

3

Get talking!

No one knows a university better than its students, so take the opportunity to talk to them during campus tours and accommodation visits.

4

Ask questions (lots of them!)

Make a list of what you want to know before you set off and check you've got all the answers before heading home.

5

Keep in touch

Take an email address for someone you can contact after your visit in case you think of more questions you'd like to ask.

For open day dates go to

www.ucas.com/open-days-dates

opendays.com

university + college open days

Opendays.com is a web site providing students with university and college open day information.

The most comprehensive open days web site in the UK.

Easily accessible listings of all university and college open days throughout the UK.

DETAILS PROVIDED

Open day dates, booking information, travel details, monthly calendars and mini prospectuses for over 300 universities and colleges in England, Scotland, Wales and Northern Ireland.

EASY TO USE

It is easy to find the information you seek either through a comprehensive search facility or browsing the open day calendar.

ONLINE BOOKING

You can also save details of open days/institutions that interest you and use our 'Online Booking System' to book your place at an open day!

ADVICE SECTION

Higher Education opportunities, What To Do At Open Days, UCAS Forms and Gap Years.

Remember our website opendays.com and tell your friends about the service.
