

OPPORTUNITIES BULLETIN

13.05.24

Class of
★ ★ ★
2024

WISHING ALL OUR Yr11 & Yr13 STUDENTS
ALL THE VERY BEST AS THEY START THEIR
EXAMS THIS WEEK.

YOU'VE GOT THIS!

STAY IN TOUCH!

WE'RE *changing* **IT UP!**

From September the bulletin will be sent out monthly instead of weekly.

You will still have access to a huge range of fantastic opportunities including apprenticeships, training courses, masterclasses, taster sessions and much more...

WHAT'S NEXT?

Life After School

- COLLEGE?
- UNIVERSITY?
- EMPLOYMENT?
- TRAINING?
- APPRENTICESHIPS?
- GAP YEAR?

WHATEVER YOUR NEXT STEP YOU'LL FIND INFORMATION TO HELP YOU DECIDE IN THIS WEEKS BULLETIN.

STAY IN TOUCH!

I ♥ REVISION

OK, SO YOU MAY NOT ACTUALLY LOVE REVISING BUT MOST OF US DO LOVE TO SUCCEED.

TO SUCCEED AT SOMETHING, YOU NEED TO PRACTICE AND THAT'S THE SAME WITH YOUR EXAMS. THE MORE YOU PRACTICE THE BETTER YOU'LL GET

CHECK OUT THE VIDEO BELOW FOR SOME TOP TIPS ON HOW TO USE PAST PAPERS.

STAY IN TOUCH!

THIS WEEKS BULLETIN INCLUDES LOTS OF GREAT HINTS AND TIPS TO HELP YOU PREPARE FOR YOUR EXAMS.

STAY IN TOUCH!

GET READY FOR THE SUMMER TERM BY HAVING A LIFESTYLE SPRING CLEAN.

- ORGANISE YOUR STUDY AND HOMEWORK SPACE** - Having less clutter in your surroundings helps remove clutter from your mind!
Tidy up workspaces to give the mind a reset.
- CLEAN UP YOUR EMAILS AND SOCIAL MEDIA ACCOUNTS** - Empty your junk and spam folders, make sure your email address looks professional, go through your social media - are there any images that would deter future employers?
- CHECK IN ON YOUR MENTAL HEALTH** - Mental health plays a vital role in learning, affecting students ability to be present and learn. Take time out for yourself and learn some relaxation techniques.
- LOOK AT YOUR DAILY ROUTINE** - Make time for breakfast, get your school or college equipment ready the night before. Have a study or homework timetable to ensure you don't miss any deadlines. Routines are an essential part of our daily life - they provide structure and help us make the most of our time.

Clean the JUNK out of your life.

"ASPIRE TO BE MORE"

(ASPIRE - TO SEEK OR AIM FOR SOMETHING BETTER.)

EACH WEEK THE OPPORTUNITIES BULLETIN IS PASKED FULL OF WAYS TO HELP YOU "ASPIRE TO BE MORE"

HOW CAN YOU DO THIS?

- BOOK ONTO A MASTERCLASS (pgs 4 - 5)
- BOOK ONTO A DISCOVERY DAY (pg 12)
- APPLY FOR UNIFEST (pg 13 - 14)
- SIGN UP TO SPRINGPOD (pg17)
- WATCH AN ONLINE LECTURE (pg 7)
- SIGN UP TO AN OPEN LEARN COURSE (pg 6)
- APPLY TO WARWICK SCHOLARS PROGRAMME (pg10)

EXAMINATION
INFORMATION

Revision: How to get started

EXAM TIPS

1

Make a revision timetable

Help set up your time management. Write down how many exams you have and on which days you have them. Then adjust your study accordingly. You may want to give some exams more time than others, so find a balance that works.

2

Get enough sleep and drink enough water

Being well hydrated is essential for your brain to work at it's best so make sure you drink plenty of water throughout your studies and on exam day.

Use sleep to your advantage and plan ahead. Don't over use caffeinated drinks in an effort to stay awake!

3

Think positively

Remind yourself on how you overcame previous set backs. This will help you deal with future challenges and help build a mental resilience. View the exam as an opportunity or as a challenge.

4

Take regular breaks

If you were training for a marathon, you wouldn't try to run for 24 hours a day. Likewise, studies have shown for long-term retention of knowledge, taking regular breaks really helps.

Everyone's different, so develop a study routine that works for you and don't feel guilty about being out in the sunshine instead of hunched over textbooks!

5

Don't compare yourself with others

Remember, everyone's different and everyone studies differently. Focus on yourself and not on others as this will stress you out. Instead, focus on what you can control.

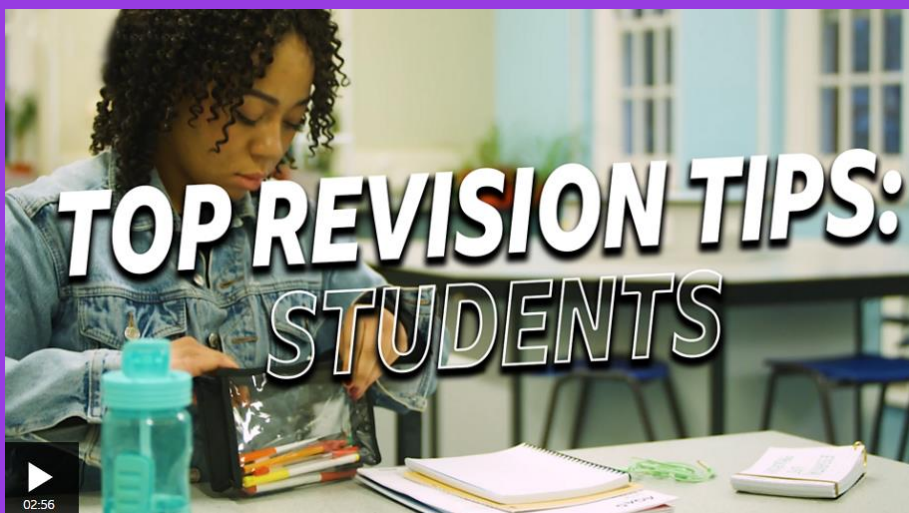

BBC BITESIZE

Exams and revision

Exams can be stressful, but don't worry: we've got you. Check out our handy tips and advice for keeping on top of your studies and revision.

Study support

Let open days open your mind to what a university or college has to offer...

UCAS

1

Plan your day

Decide in advance which talks you want to go to so you don't miss the topics you're interested in.

2

Make notes

There's a lot to take in so it'll help when you come to comparing different universities and colleges afterwards.

3

Get talking!

No one knows a university better than its students, so take the opportunity to talk to them during campus tours and accommodation visits.

4

Ask questions (lots of them!)

Make a list of what you want to know before you set off and check you've got all the answers before heading home.

5

Keep in touch

Take an email address for someone you can contact after your visit in case you think of more questions you'd like to ask.

For open day dates go to

www.ucas.com/open-days-dates

Not going to Uni? Explore your options!

Not going to uni?

So you're not 100% sure on whether you want to go to university! It's certainly not the only option open to school/A-Level leavers!

One of the main drivers in making such a critical decision is whether or not you know what type of work you want to do – and possibly for the rest of your life! If you want to be a doctor or a dentist, you're pretty limited to the university route! If you aren't 100% sure yet (and you won't be alone here) then it's a great idea to spend some time to explore your options.

There are several places you can get advice including the [National Careers Service](#). One thing is for sure, you don't need a degree to be successful!

Careerpilot

Free online courses offered by unis (MOOCs)

MOOC stands for Massive Open Online Course and they are designed by universities across the world. They are short online courses and you don't need a degree to do them, just an interest in the topic.

Why not study a free short MOOC on a subject you might want to study in the future?

If you are in Year 13 and planning on going on to university this year or are in Year 12 and wondering what you are going to do after your A Levels - studying a MOOC will have lots of benefits;

- They are usually free to study although sometimes they are only free for a certain length of time.
- There are hundreds of different short courses available and they offer an opportunity to focus on subjects you are studying now or are interested in studying at university. The courses also offer a chance for you to try something new and develop an area of interest.
- You do not need any qualifications to start the course, and they maybe as little as 2 hours a week - so you could always do several different courses.
- Although you may not get a formal qualification, the knowledge gained from doing one could help you prepare for higher education, or choose a course - and they are great to mention on your personal statement too.

Level 3 Engineering Apprentice

Locations: Please refer to the map above to view all of our locations which are open for applications.

Salary: £19,838

Start Date: November 2024

What you'll be doing

Work alongside experienced engineers in depots across the UK and learn what goes into keeping thousands of miles of power lines and tracks running and fit for us. As part of our team, you'll help shape national projects, embrace the latest technology and develop the skills you need to succeed.

Each of our apprentices will specialise in a pathway relevant to the depot they're based at. The pathways available are Track, Signalling, Telecommunications, Overhead Lines, and Distribution and Plant. This could see you getting hands-on and repairing our tracks, working with high voltage systems, heights and specialist tools, repairing major signalling failures, supporting our telecommunications systems, or keeping our power flowing safely and efficiently.

Please note that your discipline will be allocated to you according to your geography and what the need is at your local depot. If you have a preference in what discipline you would like to specialise in, please make this clear as part of the application process.

Who you are matters

You'll need grades 9-4 in GCSE English, Science, and at least one other subject, and grade 9-5 in GCSE Maths, or equivalent.

We look for driven individuals who have a keen eye for detail and the ability to solve difficult problems. You should love working in a team but be comfortable making your own judgements once settled in the role.

Our railway runs 24 hours a day, 365 days a year. This means that as a Rail Engineering Technician Apprentice it is likely that you will follow a shift pattern that could mean working nights and/or weekends. You'll find yourself out in all weathers, around the clock, seven days a week, so you'll need to be flexible about travelling and working shifts and be up for working in all conditions.

Due to the nature of the railway environment we operate certain safety checks when joining, as part of this we require all candidates to be 18 years old.

OUR ADVANCED/HIGHER APPRENTICESHIPS (LEVEL 3-5)

If you are looking to kick-start your career or make a career change and move into technical operations, HR, marketing, business, journalism or production, a BBC advanced/higher level apprenticeship could be for you.

An advanced/higher apprenticeship will give you the opportunity to get hands-on experience, gold-standard training and gain a formal qualification while receiving a salary and benefits. You'll work as part of a team and receive support and guidance throughout.

Advanced/higher apprenticeship schemes last from 18 months to 2 years and you will receive an accredited apprenticeship qualification on completion. Opportunities are available across the UK. You'll need to be 18 when you join and be eligible to work in the UK. Some schemes have qualifying criteria which are listed in the job description.

These schemes are aimed at non-graduates. If you have a degree, extensive experience in an area or have previously completed an apprenticeship programme, please check out our higher and master's degree level apprenticeships.

WHAT YOU'LL GET

- A salary of £20,475 (+ living allowance where applicable)
- A recognised professional qualification
- A dedicated team manager and scheme specialist to help with your development
- Professional teaching and mentoring by industry experts
- Industry-leading training through the BBC Academy where relevant
- 25 days of annual leave days and bank holidays
- Defined pension scheme
- Discounted dental, health care, gym and much more

ARMY
BE THE BEST

APPRENTICESHIPS

A BRAND-NEW FILM TO CELEBRATE 100 YEARS OF ARMY APPRENTICESHIPS

This month, the nation's number 1 apprenticeship employer - the British Army, is celebrating 100 years of offering apprenticeships!

To mark this special occasion, we went along to the Army Foundation College (AFC) in Harrogate and met some incredible Junior Soldiers to find out what life is like at the college and the opportunities available.

WATCH THE FILM NOW

AFC Harrogate supports 16 and 17 year olds in learning military skills, fitness and education (including English and Maths) so they're ready for an apprenticeship and successful career in whichever part of the Army suits them best - all whilst earning a good wage and making friends for life.

YR 10 WORK EXPERIENCE

How to find a placement

WORK EXPERIENCE

Do you know the type of work experience you would like?

YES

If yes, follow these steps...

Do you know anyone who works in the area of work you are interested in?

(This could be family members, or friends of the family, neighbours or friends' parents etc.)

If yes, ask them if the organisation they work for could offer you a work experience placement.

If successful go to **Step 5**.

If unsuccessful go to **Step 2**.

NO

If no, follow these steps...

Let your Head of Year know ASAP so that we can organise a workshop for you in the Library where we can discuss ideas.

You can also start to gather ideas by going onto www.unifrog.org and completing the Work Environment profile quiz.

When you have decided what type of work experience you want to do go to **Step 2**.

Go onto www.yell.co.uk

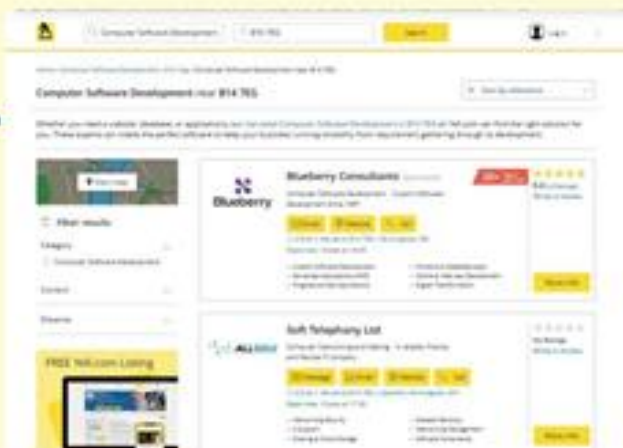

Insert the area you are interested in e.g. computer software and YOUR postcode – then hit search.

3

Use the Contact Details provided

Use the contact details provided on this list to either call or e-mail the company to ask them if they can offer you a placement. (You may need to go onto the company's website to find their e-mail or phone number).

4

Call them

This is the most direct way of getting hold of someone at the company. When you call, you should:

- Ask to speak to someone about work experience
- Tell them your name, what school you go to and when the work experience dates are (1st July – 5th July 2024)
- Tell them that you have a real interest in this kind of work and would be grateful for an opportunity to get some insight into it by doing some work experience them.
- Be prepared to give them your e-mail address or phone number for them to contact you on.

Email them

This is not as quick and not as effective as phone call because an e-mail can be ignored more easily, but if you really can't bring yourself to make a call, send them an e-mail which should include:

- Who you are
- What kind of role you're looking for

5

Complete the Work Experience Form

Complete the Work Experience Form outlining where you're going (with your parents/carers signature) and hand it in to Mrs Newton in the Library. Once the Health and Safety checks have been done on your placement, it

Living Well
UK

VIRTUAL work experience

Discover The Third Sector!

The Third Sector refers to a part of society that's neither government nor business. It includes organisations that aim to do good in various ways, often focusing on social, environmental, or cultural issues rather than making profits. These organisations are typically non-profit or charitable, and they work to address community needs, support causes, and improve people's lives.

Living Well UK is part of the West Midland's leading mental health consortium and partners with 30 Third Sector mental health organisations.

- Students will learn about a range of career paths into charitable work and volunteering.
- This placement would be perfect for any students interested in pursuing careers around mental health, community working or volunteering.
- Perhaps your school has a student wellbeing group, fundraising group or another extra curricular community club - this would be a perfect way to demonstrate future pathways using their skills!

When: 10am-2pm 3rd - 5th July 2024

Closing date: 3/6/2024 Ages: 14-16 yrs old.

VIRTUAL work experience

For the Love of Animals!

Incredible once-in-a-lifetime 3 day virtual work experience looking at careers within animal management.

We have partnered with 3 different employers to bring your students the most comprehensive deep dive into animal management careers in the UK today.

- Your students will spend a virtual day with Flamingo Land and also Royal Zoological Society of Scotland. Final employer to be confirmed.
- Get up and close with a polar bear as well as learning about behaviour studies and how zoos prepare for a new species.
- As this is an immersive student focused placement, we will not be accepting group bookings and all students will need a laptop.

29th April - 1st May (3 day) 10am - 2pm
14 - 19 yrs. Closing date: 19th April
(May close earlier if demand is high)

WORK EXPERIENCE

140+ Work Experience Ideas (Ideal for Year 10 and Year 12)

When it comes to applying for jobs and university, you need to find a way to make your application stand out. When you're fresh out of school or university, this can be difficult as you will often not have much to put onto your university application or CV.

Something that can help to make you stand out from the crowd is having experience, particularly in the area that you want to go into. While work experience can be an important part of your application, it can be difficult to know how to get it.

General work experience ideas

Getting work experience can be incredibly important and useful regardless of what you want to do in the future. Even if you're not sure what you want to study or don't have any particular career that you're interested in, getting work experience is still worth your time.

Masterclasses

Our popular masterclass programme provides school students in Years 7-13 with fun, engaging, and interactive insights into what it's like to study at a selective university.

Every year, our academic and research staff offer a variety of masterclasses designed to inspire curiosity and expand knowledge. Students participate in activities, workshops, and lectures that enhance their grasp of specific subjects, ignite their passion for the field, and encourage them to explore further studies in that area.

Masterclasses are offered on a range of topics, with previous classes exploring subjects like politics, psychology, business, and engineering.

Our 2024 masterclass series is open for registrations, explore your favourite interest areas below Questions?

University

SCHOOLS AND COLLEGES VIRTUAL HUB

We have created a range of resources for you to help you explore the world of Higher Education. From videos to how to guides, there's something for everyone and you can use these resources to support you with your choices about your future. These resources will help you from the beginning of your journey, when you are just starting to think about university through to preparing yourself for the move. These can be done at home individually and you can share them with your teachers and advisers.

Our aim is to provide you with a range of useful information and activities to help you with making decisions about your future.

ONLINE COURSES

[Coursera](#) is probably one of the best-known online learning sites. It is partnered with universities around the world, including Imperial College London and Stanford.

It also partners with companies including Google and IBM to offer expertise in specific areas - for example, machine learning.

[Harvard University](#) offer a small selection of free online courses. They're a little niche but interesting enough to have a look at.

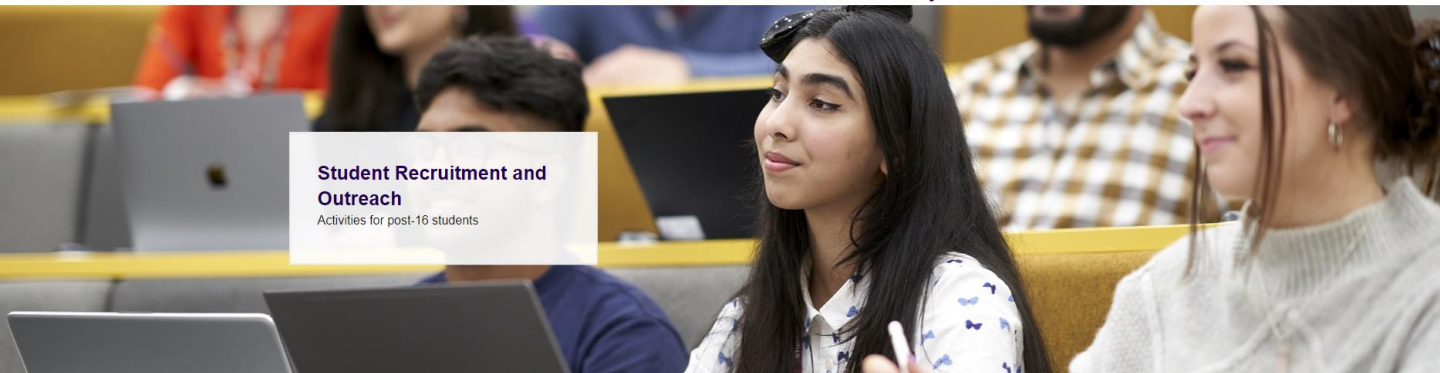

[Open Learn](#) courses are FREE for anyone aged 13 and over. There are around 1000 courses to choose from and once you have completed the course you will receive a statement of participation.

[Gresham College](#) offer access to a huge variety of free online lectures.

Student Recruitment and Outreach activities for post-16 students

Aston University's post-16 programme provides sixth form and college students, as well as offering fantastic opportunities for students to discover more about studying a particular subject at university.

Insight into University Residential

Insight into University Residential Experience (previously known as Headstart) are summer schools run over 4 or 5 days where students get a taster of university life and an insight into a specific STEM subject. Students will get the opportunity to experience university style lectures and work on activities and group projects with the support of academics and student mentors. Students will stay in halls of residence and will take part in social activities in the evenings.

These courses are for Year 12/S5-6 students and are a great way to try out a STEM subject at university before applying. This allows students to make a better informed decision for their UCAS application, as well as meeting like-minded students from all over the UK.

These summer schools are run for small groups (on average 30 students) and so places are limited.

Courses running in summer 2024

Maths at Lancaster
 Mechanical Engineering at UCL
 Materials Science at Oxford
 Broad-based Engineering at Sheffield
 Materials Science at Cambridge
 Aerospace Engineering at Liverpool
 Ocean & Earth Science at Southampton

Additional courses coming soon!

Find out more and apply on our website
[here.](#)

What our students say

"A wonderful experience which a few years ago I wouldn't have dreamed of going on. The staff were so supportive and everything was fascinating. Thank you all so much for this chance, it was something I'll remember and reap the benefits of for the rest of my life!"

"I greatly enjoyed it. This course has given me the opportunity to demystify university life for myself and also interact with those just as enthusiastic as myself. It was a great chance to experience life independent of my family for the first time. I now know how university life will be, and so I feel more comfortable pursuing it."

Statistics from 2023

99%

of participants said they would recommend the course to other students!

96%

of participants said they felt the experience on the course will help them make a better informed decision for their UCAS application.

**WRITE ABOUT WHAT MATTERS TO YOU. GET EXPERT FEEDBACK.
AND YOU COULD WIN!**

The Orwell Youth Prize uses the writing of George Orwell as a starting point to inspire you to write about your own ideas and experiences.

Inspired by Orwell, we want you to think about ideas of home today. What does it feel like to be at home? What happens when our sense of a safe and secure home comes under threat? What does home mean in an ever-moving world? And how can we make our homes the places we want them to be – be this a household, town, city, country, or the world?

[ENTER THE PRIZE](#)

The Orwell Youth Prize 2024 is now open for entries on the theme of HOME. Please use the online form below to enter.

NCVO champions the voluntary sector and volunteering because they're essential for a better society. We do this by connecting, representing and supporting voluntary organisations.

Volunteering can make a real difference to your own life and the lives of those around you. There are loads of ways to get involved and plenty of organisations that can help you find your dream role.

So how do you go about finding the right volunteering role for you? Here are three steps to follow:

1. Think about what interests or excites you.

This could be something you enjoyed doing before, or something completely new.

2. Think about what time or skills you can give.

With so many opportunities to choose from, it's a great idea to narrow down the choices by deciding what you're willing to give.

3. Get researching!

NCVO doesn't hold a list of roles, there are simply too many. But you can:

1. go to your local volunteer centre
2. search the internet
3. ask friends what they do
4. or check out one of the online opportunity finders below.
