## How to find a placement

WORK EXPERIENCE  
YEAR 10

Do you know the type of work experience you would like to do?

YES

If yes, follow these steps...

Do you know anyone who works in the area of work you are interested in?  
(This could be Family members, or Friends of the family, neighbours or Friends' parents etc.)

If yes, ask them if the organisation they work for could offer you a work experience placement.

If successful go to **Step 5**.  
If unsuccessful go to **Step 2**.

NO

If no, follow these steps...

Let your Head of Year know ASAP so that we can organise a workshop for you in the Library where we can discuss ideas.

You can also start to gather ideas by going onto [www.UK-Frog.org](http://www.UK-Frog.org) and completing the Work Environment profile quiz.

When you have decided what type of work experience you want to do go to **Step 2**.

2

Go onto [www.yellow.co.uk](http://www.yellow.co.uk)

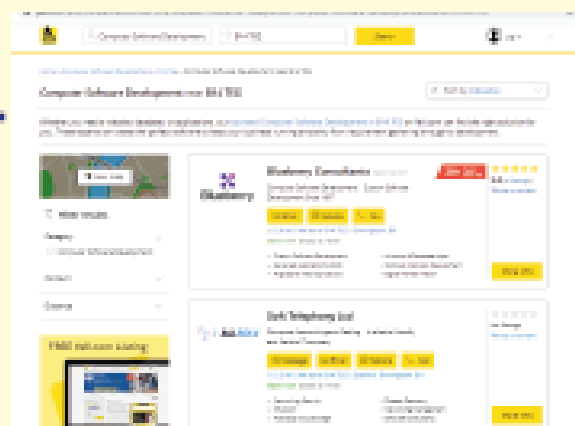

Insert the area you are interested in e.g. computer software and YOUR postcode – then hit search.

3

Use the Contact Details provided

Use the contact details provided on this list to either call or e-mail the company to ask them if they can offer you a placement. (You may need to go onto the company's website to find their e-mail or phone number).

4

Call them

This is the most direct way of getting hold of someone at the company. When you call, you should:

- Ask to speak to someone about work experience
- Tell them your name, what school you go to and when the work experience dates are (3rd July 2023 - 7th July 2023)
- Tell them that you have a real interest in this kind of work and would be grateful for an opportunity to get some insight into it by doing some work experience with them.
- Be prepared to give them your e-mail address or phone number for them to contact you on.

5

Complete the Work Experience Form

Complete the Work Experience Form outlining where you're going (with your parents/carers signature) and hand it in to Mrs Newton in the Library. Once the Health and Safety checks have been done on your placement, it can go ahead.

Email them

This is not as quick and not as effective as phone call because an e-mail can be ignored more easily, but if you really can't bring yourself to make a call, send them an e-mail which should include:

- Who you are
- What kind of role you're looking for
- Your overall career goals (and why this position would help)
  - Your skills (or previous experience, if you have any)
  - Why you'd be suitable for the role

## FREE COURSES WITH OPEN LEARN

### Why study a free course on OpenLearn?

Our courses have been proven to increase confidence and develop the skills needed to enter Higher Education and succeed with learning.

You can choose an **OpenLearn** course from a wide range of subjects. Some are based on Open University course materials. Others are written specifically for **OpenLearn**.

The OpenLearn logo consists of the word "OpenLearn" in white, sans-serif font, centered within a dark blue rectangular background.A 3D-style button with a light blue face and a darker blue shadow. The text "REGISTER NOW" is written in red, uppercase letters on the button's face.

REGISTER  
NOW

### What are the advantages?

- **OpenLearn free courses are available immediately**
- Our courses do not have a start and end date. You can start right away or at a time that suits you.
- **You can work through at your own pace**
- You can spend as long as you like on an **OpenLearn** course, plus, if you sign up you can track your progress and work towards a **statement of participation**.
- **There are around 1000 courses to choose from**
- The courses always focus on a specific area of learning. Some focus on important and fascinating academic subjects, whilst others help you develop skills needed for study or work.
- **You can try out what's on offer from The Open University**
- If you're interested in taking an Open University course but are not sure what to study or if distance learning is right for you, then **OpenLearn** lets you get a feel for what's on offer.

# EXAM TIPS

1

## Make a revision timetable

Help set up your time management. Write down how many exams you have and on which days you have them. Then adjust your study accordingly. You may want to give some exams more time than others, so find a balance that works.

3

## Think positively

Remind yourself on how you overcame previous set backs. This will help you deal with future challenges and help build a mental resilience. View the exam as an opportunity or as a challenge.

5

## Don't compare yourself with others

Remember, everyone's different and everyone studies differently. Focus on yourself and not on others as this will stress you out. Instead, focus on what you can control.

2

## Get enough sleep and drink enough water

Being well hydrated is essential for your brain to work at it's best so make sure you drink plenty of water throughout your studies and on exam day.

Use sleep to your advantage and plan ahead.  
Don't over use caffeinated drinks in an effort to stay awake!

4

## Take regular breaks

If you were training for a marathon, you wouldn't try to run for 24 hours a day. Likewise, studies have shown for long-term retention of knowledge, taking regular breaks really helps.

Everyone's different, so develop a study routine that works for you and don't feel guilty about being out in the sunshine instead of hunched over textbooks!

# Not going to Uni? Explore your options!

## Not going to uni?

So you're not 100% sure on whether you want to go to university! It's certainly not the only option open to school/A-Level leavers!

One of the main drivers in making such a critical decision is whether or not you know what type of work you want to do – and possibly for the rest of your life! If you want to be a doctor or a dentist, you're pretty limited to the university route! If you aren't 100% sure yet (and you won't be alone here) then it's a great idea to spend some time to explore your options.

There are several places you can get advice including the [National Careers Service](#). One thing is for sure, you don't need a degree to be successful!

## Police Officer Recruitment

### APPRENTICESHIPS

Our officers play a vital role in ensuring that the communities of the West Midlands are kept safe. It isn't easy but it is rewarding and can be a career like no other. We want people to join us who have a range of life experiences and backgrounds; it is vital that we represent all of the communities that we serve.

Policing uses plenty of **everyday skills**, from being able to reassure someone who has been a victim of crime to just being that friendly face that encourages a vulnerable person to open up and talk. Our training equips officers for the specialist skills they need to do the job, but it's the **human touch** – kindness, humour, friendliness and empathy – that people remember.

## NHS apprenticeships

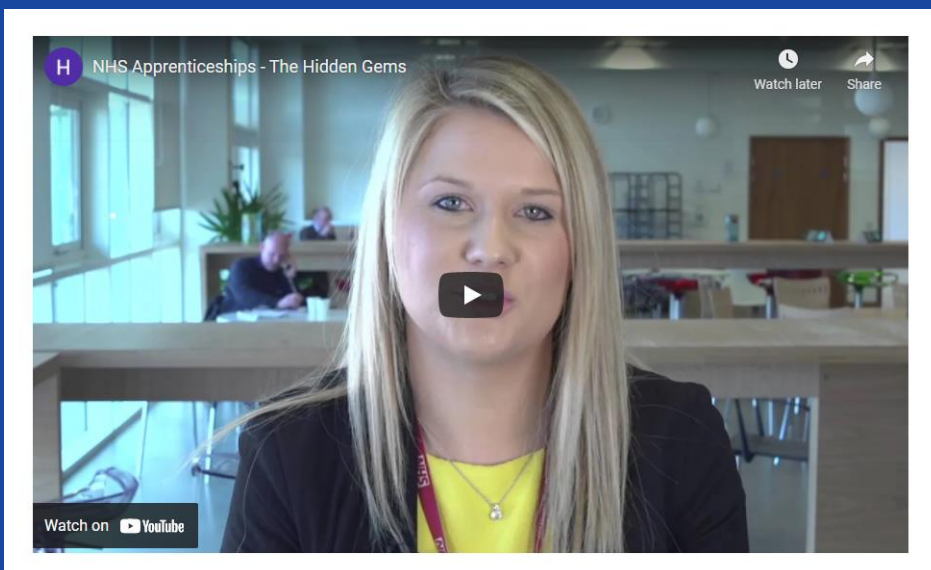

Earn, learn and make a difference with an NHS apprenticeship. Our apprenticeships offer routes into many of the more than 350 NHS careers through a mix of on-the-job training and classroom learning.

### What you need to know about NHS apprenticeships

- if you are aged 16 to 18 or 19+ and in your first year of an apprenticeship, the minimum you should receive is £4.30 an hour (the National Minimum Wage for apprentices)
- many NHS employers will pay you more than the minimum wage
- they take between one and five years to complete
- anyone over the age of 16 can do one
- you're likely to spend four days on work placement and one day or at a training centre or college
- you'll develop your skills, including English and maths
- you'll gain a competence qualification (based on what you can do in the workplace) and a knowledge qualification, or a qualification combining both

# Let open days open your mind to what a university or college has to offer...

UCAS

1

## Plan your day

Decide in advance which talks you want to go to so you don't miss the topics you're interested in.

2

## Make notes

There's a lot to take in so it'll help when you come to comparing different universities and colleges afterwards.

3

## Get talking!

No one knows a university better than its students, so take the opportunity to talk to them during campus tours and accommodation visits.

4

## Ask questions (lots of them!)

Make a list of what you want to know before you set off and check you've got all the answers before heading home.

5

## Keep in touch

Take an email address for someone you can contact after your visit in case you think of more questions you'd like to ask.
