## **OUR ADVANCED/HIGHER APPRENTICESHIPS (LEVEL 3-5)**

If you are looking to kick-start your career or make a career change and move into technical operations, HR, marketing, business, journalism or production, a BBC advanced/higher level apprenticeship could be for you.

An advanced/higher apprenticeship will give you the opportunity to get hands-on experience, gold-standard training and gain a formal qualification while receiving a salary and benefits. You'll work as part of a team and receive support and guidance throughout.

Advanced/higher apprenticeship schemes last from 18 months to 2 years and you will receive an accredited apprenticeship qualification on completion. Opportunities are available across the UK. You'll need to be 18 when you join and be eligible to work in the UK. Some schemes have qualifying criteria which are listed in the job description.

These schemes are aimed at non-graduates. If you have a degree, extensive experience in an area or have previously completed an apprenticeship programme, please check out our higher and master's degree level apprenticeships.

## **WHAT YOU'LL GET**

- A salary of £20,475 (+ living allowance where applicable)
- A recognised professional qualification
- A dedicated team manager and scheme specialist to help with your development
- Professional teaching and mentoring by industry experts
- Industry-leading training through the BBC Academy where relevant
- 25 days of annual leave days and bank holidays
- Defined pension scheme
- Discounted dental, health care, gym and much more

The Access to Birmingham (A2B) programme helps University of Birmingham applicants with little or no higher education experience to explore what studying at university involves.

The University of Birmingham has a long history of welcoming students from a wide variety of social and cultural backgrounds. We were one of the first universities to set up a fair access scheme for local students in 2000 and are proud to be able to offer you the support of our A2B scheme if you are studying at one of our partner institutions.

## Apply to A2B

Applications for the 2024/25 A2B scheme are open until 13 February 2025. Completing the programme will bring you a range of benefits including an alternative offer and funding. We encourage you to explore our programme information and eligibility and consider applying.

**APPLY NOW**

### Benefits of taking part in the programme

Once you complete A2B successfully, you will receive two offers from the University of Birmingham, the standard offer and a [Pathways to Birmingham offer](#).

The Pathways to Birmingham offer is typically a reduction of up to two A level grades (e.g. BBB rather than AAB).

As well as the Pathways to Birmingham offer, you will also benefit from:

- Financial support
- Continued support and guidance from an experienced and dedicated A2B team
- Preparation for the transition from school to university study
- The opportunity to make new friends at a special induction event before you start university
- Becoming a Birmingham Scholar upon starting university
- Practice interviews for courses where relevant (Medicine, Dentistry, Social Work, Nursing, and Physiotherapy)

## Post-16 programmes and activities

### Access to Birmingham

Access to Birmingham (A2B) supports applicants to the University of Birmingham to discover what studying at university involves.

### Routes to the Professions

Routes to Professions (R2P) is for Year 12 students looking to get practical insight into university study.

### Inspired@Birmingham

The Inspired@Birmingham programme supports Year 12 students who are interested in applying to research-intensive universities.

### Academic Enrichment Programme

The Academic Enrichment Programme (AEP) is a five-day residential summer school for Year 12 students.

### National Access Summer School

The National Access Summer School (NASS) is a four-day residential programme for Year 12 students outside the West Midlands.

### Realising Opportunities

With Realising Opportunities, leading universities are working together to widen participation, improve access and promote social mobility.

# Insight into University Residential

Insight into University Residential Experience (previously known as Headstart) are summer schools run over 4 or 5 days where students get a taster of university life and an insight into a specific STEM subject. Students will get the opportunity to experience university style lectures and work on activities and group projects with the support of academics and student mentors. Students will stay in halls of residence and will take part in social activities in the evenings.

These courses are for Year 12/S5-6 students and are a great way to try out a STEM subject at university before applying. This allows students to make a better informed decision for their UCAS application, as well as meeting like-minded students from all over the UK.

These summer schools are run for small groups (on average 30 students) and so places are limited.

## What our students say

*"I loved it! The course was one of the best things I've ever done and it was so much more than I expected. I learnt loads and some of the stuff was quite challenging."*

*"All those involved in the organisation of the event went above and beyond, and encouraged us to remain engaged after the experience. I thought the course was a great experience to get an introduction to a subject that I am considering doing at uni. As well as this it gave me the opportunity to meet new people and improve my communication skills."*

**96%** of participants said they would recommend the course to other students!

**96%** of participants said they felt the experience on the course will help them make a better informed decision for their UCAS application.

WORK EXPERIENCE

## **140+ Work Experience Ideas (Ideal for Year 10 and Year 12)**

When it comes to applying for jobs and university, you need to find a way to make your application stand out. When you're fresh out of school or university, this can be difficult as you will often not have much to put onto your university application or CV.

Something that can help to make you stand out from the crowd is having experience, particularly in the area that you want to go into. While work experience can be an important part of your application, it can be difficult to know how to get it.

### **General work experience ideas**

Getting work experience can be incredibly important and useful regardless of what you want to do in the future. Even if you're not sure what you want to study or don't have any particular career that you're interested in, getting work experience is still worth your time.
