WORK EXPERIENCE

How to find a placement

Do you know the type of work experience you would like to do?

YES

If yes, follow these steps...

Do you know anyone who works in the area of work you are interested in?
(This could be Family members, or Friends of the Family, neighbours or Friends' parents etc.)

If yes, ask them if the organisation they work for could offer you a work experience placement.

If successful go to **Step 5**.
If unsuccessful go to **Step 2**.

NO

If no, follow these steps...

Let your Head of Year know ASAP so that we can organise a workshop for you in the Library where we can discuss ideas.

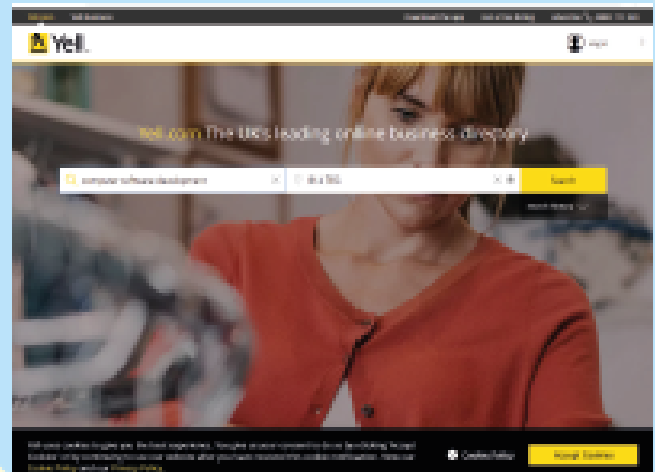

You can also start to gather ideas by going onto www.ukFrog.org and completing the Work Environment profile quiz.

When you have decided what type of work experience you want to do go to **Step 2**.

2

Go onto www.yell.co.uk

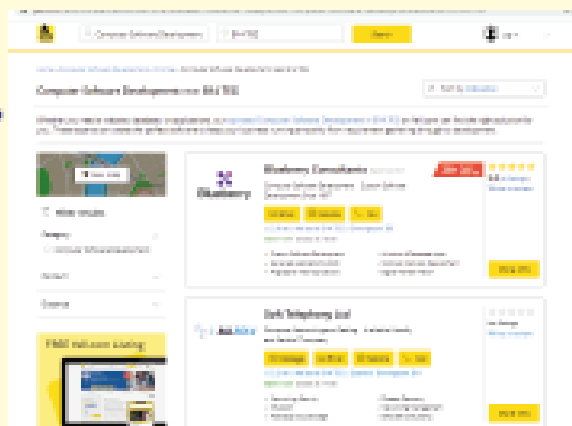

Insert the area you are interested in e.g. computer software and YOUR postcode – then hit search.

3

Use the Contact Details provided

Use the contact details provided on this list to either call or e-mail the company to ask them if they can offer you a placement. (You may need to go onto the company's website to find their e-mail or phone number).

4

Call them

This is the most direct way of getting hold of someone at the company. When you call, you should:

- Ask to speak to someone about work experience
- Tell them your name, what school you go to and when the work experience dates are
- Tell them that you have a real interest in this kind of work and would be grateful for an opportunity to get some insight into it by doing some work experience with them.
- Be prepared to give them your e-mail address or phone number for them to contact you on.

5

Complete the Work Experience Form

Complete the Work Experience Form outlining where you're going (with your parents/carers signature) and hand it in to Mrs Newton in the Library. Once the Health and Safety checks have been done on your placement, it can go ahead.

Email them

This is not as quick and not as effective as phone call because an e-mail can be ignored more easily, but if you really can't bring yourself to make a call, send them an e-mail which should include:

- Who you are
- What kind of role you're looking for
- Your overall career goals (and why this position would help)
 - Your skills (or previous experience, if you have any)
 - Why you'd be suitable for the role

Ofwat work experience week

14-17 April 2025 10am to 4pm

We are hosting a work experience week in Birmingham. You will get the opportunity to hear and learn from industry experts first-hand about where a career in policy, economics and data could take you.

Our work helps to tackle some of the biggest challenges – like climate change – that threaten the water we all rely on. The work we do every day has a direct impact on people, communities, and the environment.

These four days during the Easter holidays will give you an opportunity to improve your presentation, communication, and professional skills. The week also includes:

- a career talk;
- a CV building workshop; and
- interview practice to set you up for future success, wherever that may be.

We are looking for people who are proactive, positive, interested in what Ofwat does and keen to develop their professional skills. You need to be in year 11 to year 13 (or on a gap year post year 13).

[Apply for our work experience week](#)
(by Wednesday 26 March)

We have space for 15 students and will shortlist applicants based on responses to the questions. You will be informed of the outcome by Friday 28 March.

[Sign up for further early careers opportunities](#)

If you cannot attend the week but would like to sign up for further early careers opportunities at Ofwat, please fill in this [form](#).

Further questions? Please email earlycareers@ofwat.gov.uk

PROSPECTS

Work experience and internships

It's advisable to try out a career before settling on it, so if you're in need of work experience ideas learn more about internships, online experience, work placements, shadowing, volunteering and part-time work.

You don't need to wait until you leave sixth form or college to gain an insight into the world of work - A-level students can now join Year 12 work experience schemes run by many of the UK's biggest employers.

Many of the leading recruiters that run graduate schemes also offer early careers programmes for school leavers and above. This includes everything from degree apprenticeships to work experience for those still studying their A-levels.

WORK EXPERIENCE

140+ Work Experience Ideas (Ideal for Year 10 and Year 12)

When it comes to applying for jobs and university, you need to find a way to make your application stand out. When you're fresh out of school or university, this can be difficult as you will often not have much to put onto your university application or CV.

Something that can help to make you stand out from the crowd is having experience, particularly in the area that you want to go into. While work experience can be an important part of your application, it can be difficult to know how to get it.

General work experience ideas

Getting work experience can be incredibly important and useful regardless of what you want to do in the future. Even if you're not sure what you want to study or don't have any particular career that you're interested in, getting work experience is still worth your time.

UNIVERSITY OF BIRMINGHAM

Post-16 programmes and activities

New!

Post-16 programmes and activities

Access to Birmingham

Access to Birmingham (A2B) supports applicants to the University of Birmingham to discover what studying at university involves.

Routes to the Professions

Routes to Professions (R2P) is for Year 12 students looking to get practical insight into university study.

Inspired@Birmingham

The Inspired@Birmingham programme supports Year 12 students who are interested in applying to research-intensive universities.

Academic Enrichment Programme

The Academic Enrichment Programme (AEP) is a five-day residential summer school for Year 12 students.

National Access Summer School

The National Access Summer School (NASS) is a four-day residential programme for Year 12 students outside the West Midlands.

Realising Opportunities

With Realising Opportunities, leading universities are working together to widen participation, improve access and promote social mobility.

Insight into University Residential

Insight into University Residential Experience (previously known as Headstart) are summer schools run over 4 or 5 days where students get a taster of university life and an insight into a specific STEM subject. Students will get the opportunity to experience university style lectures and work on activities and group projects with the support of academics and student mentors. Students will stay in halls of residence and will take part in social activities in the evenings.

These courses are for Year 12/S5-6 students and are a great way to try out a STEM subject at university before applying. This allows students to make a better informed decision for their UCAS application, as well as meeting like-minded students from all over the UK.

These summer schools are run for small groups (on average 30 students) and so places are limited.

Courses running in summer 2025

What our students say

"I loved it! The course was one of the best things I've ever done and it was so much more than I expected. I learnt loads and some of the stuff was quite challenging."

"All those involved in the organisation of the event went above and beyond, and encouraged us to remain engaged after the experience. I thought the course was a great experience to get an introduction to a subject that I am considering doing at uni. As well as this it gave me the opportunity to meet new people and improve my communication skills."

96% of participants said they would recommend the course to other students!

96% of participants said they felt the experience on the course will help them make a better informed decision for their UCAS application.
