UNIFEST
2026

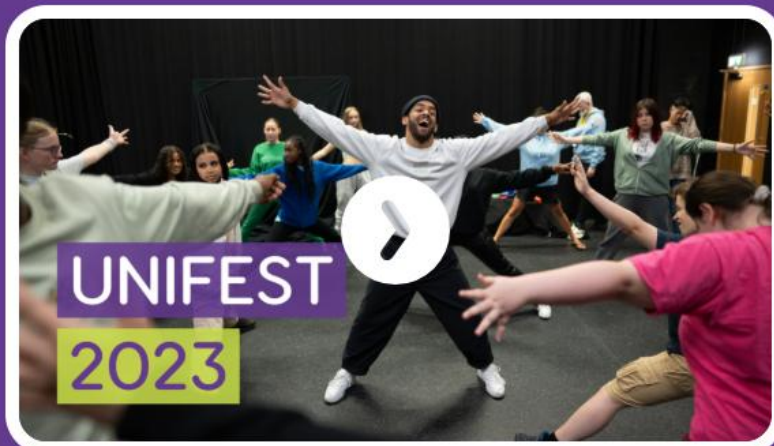

🎉 Applications Are Open! 🎉

★ [Apply Here](#) ★

What is UniFest?

UniFest is our Year 10 summer school which offers you the chance to explore university life, meet current university students and staff and make new friends. With five summer school events to choose from at different universities across the West Midlands, you will have an action-packed, fun experience.

UniFest 2023 Highlights

▶ [WATCH ON YOUTUBE](#)

Who is UniFest for?

UniFest is for learners in Year 10 at non-selective, state-funded secondary schools in the West Midlands who are from backgrounds and communities that are less likely to consider university as an option. To apply for a place, you will need the support of your school and the consent of your parents or carers, and you should be able to answer “Yes” to at least one of the following:

- I live in an area where not many young people go to university
- I am a young carer
- I have a disability or learning difficulty
- I am in the care of my local authority
- I receive Free School Meals /FSM6/ Pupil Premium
- My parents or carers did not go to university

What will I do?

That depends on which UniFest event you choose! Some events explore university life and study in general, and others focus on specific careers or study options. All UniFest events include lots of hands-on sessions and a fun programme of social activities.

Is UniFest free?

Yes! UniFest is funded by universities and schools and is **totally free of charge**. For residential UniFest events, meals, accommodation and activities are all paid for (although you may want to bring a little pocket money with you). The universities will help you plan how to get to and from events. If travel costs will make it difficult for you to attend, please get in touch by emailing aimhigher@contacts.bham.ac.uk.

What happens if there are more applicants than places?

UniFest is very popular and there are often more applicants than places. We ask for information about your family background and advise you to choose several events so that we can offer places as fairly as possible. If you have any questions about eligibility, please email us: aimhigher@contacts.bham.ac.uk.

GRESHAM COLLEGE

Lectures that Inspire
Autumn 2025

Time to Think

The 2025–26 lecture programme has arrived! Journey from AI and ancient politics to the maths and music of nature, photography, and modern China. This year's free lectures explore society, science, beliefs, and the universe. Plus, enjoy the inaugural series from our new Professors of IT, Business, and the Environment.

Visit our website to register, view our full annual programme, or watch lectures from our back catalogue of over 3,500 videos.

Find us at: www.gresham.ac.uk
enquiries@gresham.ac.uk
020 7831 0575

SUPPORTING GRESHAM COLLEGE

"I am honoured to uphold the legacy of the oldest chair of mathematics, and a position of deep respect within the mathematical community. Public lectures allow us to bring the beauty and rigour of maths to everyone, enhancing understanding and inspiring new generations. **I encourage you to support our mission to keep these lectures free and accessible to all by donating today.**"

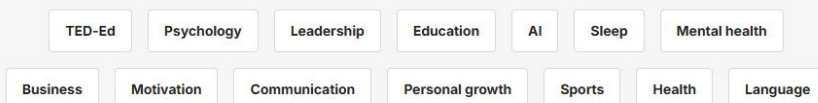

Alain Goriely,
Gresham Professor of Geometry

SCHOOLS AND COLLEGES VIRTUAL HUB

We have created a range of resources for you to help you explore the world of Higher Education. From videos to how to guides, there's something for everyone and you can use these resources to support you with your choices about your future. These resources will help you from the beginning of your journey, when you are just starting to think about university through to preparing yourself for the move. These can be done at home individually and you can share them with your teachers and advisers.

Our aim is to provide you with a range of useful information and activities to help you with making decisions about your future.

NATIONAL SATURDAY CLUB

NATIONAL SATURDAY CLUB

Young people across the country are spending Saturday mornings at their local university, college or museum discovering subjects they love. Saturday Clubs are open to 13–16-year-olds of all abilities and are free to attend.

Joining the **National Saturday Club** is a unique opportunity to learn new skills, discover talents, meet new people, and find out more about further education, higher education and rewarding careers.

UNIVERSITY OF BIRMINGHAM

Access to Birmingham

New

The Access to Birmingham (A2B) programme helps University of Birmingham applicants with little or no higher education experience to explore what studying at university involves.

The University of Birmingham has a long history of welcoming students from a wide variety of social and cultural backgrounds. We were one of the first universities to set up a fair access scheme for local students in 2000 and are proud to be able to offer you the support of our A2B scheme if you are studying at one of our partner institutions.

Apply to A2B

Applications for the 2025/26 A2B scheme are open until 13 November 2025 for Medicine and Dentistry and 12 February 2026 for all other applicants.

Completing the programme will bring you a range of benefits including an alternative offer and funding. We encourage you to explore our programme information and eligibility and consider applying.

APPLY NOW

Benefits of taking part in the programme

Once you complete A2B successfully, you will receive two offers from the University of Birmingham, the standard offer and a [Pathways to Birmingham offer](#).

The Pathways to Birmingham offer is typically a reduction of up to two A level grades (e.g. BBB rather than AAB).

As well as the Pathways to Birmingham offer, you will also benefit from:

- Financial support
- Continued support and guidance from an experienced and dedicated A2B team
- Preparation for the transition from school to university study
- The opportunity to make new friends at a special induction event before you start university
- Becoming a Birmingham Scholar upon starting university
- Practice interviews for courses where relevant (Medicine, Dentistry, Social Work, Nursing, and Physiotherapy)

POST-18 OPTIONS

The background of the poster is a collage of abstract elements. It features large, overlapping circles in shades of orange, yellow, and pink. A prominent halftone pattern, consisting of a grid of small black dots, covers a significant portion of the lower half of the image. The overall aesthetic is modern and graphic.

FIND OUT MORE

NCVO champions the voluntary sector and volunteering because they're essential for a better society. We do this by connecting, representing and supporting voluntary organisations.

Volunteering can make a real difference to your own life and the lives of those around you. There are loads of ways to get involved and plenty of organisations that can help you find your dream role.

So how do you go about finding the right volunteering role for you? Here are three steps to follow:

1. Think about what interests or excites you.

This could be something you enjoyed doing before, or something completely new.

2. Think about what time or skills you can give.

With so many opportunities to choose from, it's a great idea to narrow down the choices by deciding what you're willing to give.

3. Get researching!

NCVO doesn't hold a list of roles, there are simply too many. But you can:

1. go to your local volunteer centre
2. search the internet
3. ask friends what they do
4. or check out one of the online opportunity finders below.

Inspiring Young Minds

Opportunities to explore health and healthcare careers through **Volunteering for Health**

Are you between the age of 14-21 and live in Birmingham?

Get involved by taking part in exciting micro-projects over the next 18 months during school holidays.

These opportunities are part of a national programme called **Volunteering for Health**.

Each 'micro-volunteering' opportunity will be sponsored by a unique clinical area of health. Some projects will be just a few hours long. Some will take place over several days or weeks. They are all different.

Previous projects and their sponsoring organisation include:

Video creation for showcasing Community Research by Young People, Immunisation and Vaccination campaign and Anger Management/Hand Injuries prevention

(Birmingham Community Healthcare NHS Foundation Trust and Birmingham Women's & Childrens NHS Trust)

Co-designed youth programmes in schools for young people around Allied Health Profession roles

(all Birmingham NHS Trusts)

Community Research for Lung Cancer Screening and Shisha Smoking

(Midland Metropolitan University Hospital and Birmingham City Council Public Health)

Co-designed 'Girls Society' projects in schools for enabling peer support for women's health and relationships.

(General Practice Doctors)

Community Research for Lung Cancer Screening and Shisha Smoking

(Midland Metropolitan University Hospital and Birmingham City Council Public Health)

Sign up to be invited to each **Volunteering for Health** project as they become available on our online form.

what some of our clinicians have said:

“

My colleagues and I were so impressed with what the students had uncovered about how online targeted marketing affects buying decisions of young men who want to gain muscle mass. This will change the way I practice with teenagers and their parents. I was thrilled they were able to highlight this latent risk to paediatricians, and we were able to invite them to present their research (again) at a national meeting.

Dr Mary Salama, General Paediatrician, BWC

“

We were blown away by the young people's insight into how the way in which we interact with people can impact data collection and influence health inequalities.

David Scott, Head of Strategic Programme Development, BWC

what our previous volunteers have said:

“

By doing this volunteer project, it is really helpful for all of us to be able to give back to our communities and make people more aware of what immunisations they are able to get and what's happening to their body when they get vaccinated.

Blessing Karunwi (aged 14)

Term holiday programmes:

[No Title]

- Christmas 2025
- February half term 2026
- 31 March (Easter)
- 9 April (Easter)
- 28 May (half-term)

Summer Holiday dates:

- 30 July
- 6 August
- 13 August
- 20-21 August
- 27-28 August
- 3 September
- 30 October
- 31 December

“

I cannot stress enough how fantastic these summer projects have been. Not only did I learn loads about being healthier, but I also got to know lots of people in the NHS. I'm even thinking about a job as an Allied Health professional now, which I never knew about before!

Abdur Rahmaan (aged 16)

ROYAL VOLUNTARY SERVICE

About Royal Voluntary Service

Working together we help grow the nations' volunteer community and run services to support people's health, wellbeing and connections.

What's your Role of a Lifetime?

We're partnering with ITV on a brand new campaign starring familiar faces calling on the nation to get volunteering.
