## Unifrog – The Complete Destinations Platform

Dear Parents/Carers

In keeping with our commitment to provide students with outstanding careers guidance and tailored support when choosing their next steps after school, we will now be using Unifrog; an award-winning, online careers platform. All students in Year 12 now have access to this excellent website.

Unifrog brings into one place every undergraduate university course, including every college at Oxford and Cambridge, apprenticeship, and college course in the UK, as well as other opportunities, such as School Leaver Programmes and MOOCs (Massive Open Online Courses). This makes it easy for students to compare and choose the best university courses, apprenticeships or further education courses for them. They can also explore exciting opportunities further afield by looking at undergraduate programmes available in the USA and English-taught courses in Europe.

Additionally, the Unifrog platform helps students apply for these opportunities by guiding them through the entire process guiding: taking them through the writing of successful personal statements, applications and CVs and allowing teachers to give live feedback.

By clicking a link in their welcome email students access the platform, create their password and can begin using the platform. Logging in to Unifrog can be done from any computer, tablet or smartphone using their email address and password. We would encourage parents and carers to use the platform too, so that you can support your son or daughter through the process of deciding their next steps.

We have set up a parent/carer login so that you can use Unifrog, as if you were a student yourself, enabling you to explore the wealth of information contained and be fully informed of the opportunities available. The form code you need is: **BSCCPARENTS** and you can sign up here: [www.unifrog.org/code](http://www.unifrog.org/code)
