

## Reading Challenge Pride.

June is Pride Month. Below is a list of LGBTQ+ positive books. Representation is so important for both teens who are themselves LGBTQ+ themselves and also for others to gain more empathy and understanding.

The books marked with \* can be found on the Wheelers ePlatform which is free to all our students.

The Art of Being Normal by Lisa Williamson\*

Kiss by Jaqueline Wilson\*

Love, Simon by Becky Albertalli\*

Invisible Boy by Holden Sheppard\*

Postcard from No Mans Land by Aidan Chambers

What is Gender by Juno Dawes

Out by Joanna Kenrick

Boys Don't Cry by Malorie Blackman

Stay a Little Longer by Bali Rai

City of Bones by Cassandra Clare\*.

This is just a small selection of the many books now available. Happy Reading.
