

## Year 11 Instructions

Reasons why we are putting this work on here:

1. If you are not happy with your grade awarded in the summer the government say you will likely be given an opportunity to 'retake' at the earliest opportunity or in summer 2021). You don't want to drop all the revision from March till September and then be faced with relearning it all if you decide to resit. Better to keep revision going till a clearer picture emerges and we have more answers.
2. If you're doing A-levels (especially to study English or any humanities subject which involves essays etc) you do not want to get out of the habit of school work or writing as it will make returning a lot more difficult.
3. It will be good for us all to vary the activities we do in the day time and to stretch our brains. I will be doing the same.

The Revision packs below have been developed to help you work through and build on your revision.
