## How can I find a Work Experience placement?

You are expected to find your own placement but will receive information, advice, guidance and support from school staff every step of the way.

Follow the steps below to ensure that you find a placement that will benefit you-

### Step 1

What are your career ambitions? What job would you like to do in the future? If you are not sure of the answers to these questions then what are your interests, strengths, capabilities? Can you think of an area of work that you can match to these?

### Step 2

**Research, research, research.** You MUST start looking into companies, organisations, businesses, charity groups, clubs, societies, shops, leisure centres etc that may be able to accommodate you on work experience. The internet is an excellent tool in finding addresses and websites for large organisations. You can use [www.yell.co.uk](http://www.yell.co.uk) as a starting point.

Many students find placements through links with family and friends. Do your parents/carers places of work accept work experience students? Even if you are not interested, would it suit one of your friends more? **Remember - sole traders (people who are self-employed and work on their own) cannot be accepted and neither can any companies with no Employer Liability Insurance.**

Gather the information required in order to write a letter of request/application for a placement or send an email or make a phone call. You will need a contact name, address, email address and telephone number.

### Step 3

Write the letter, send the email, make the phone call or visit the placement directly with your letter. Make sure you follow the guidelines provided when writing a letter or making a phone call.

### Step 4

If you have not heard from the employer within 10 working days, follow it up with a polite phone call or email to check that they received it. Remember people are very busy and will not always get back to you immediately.

### Step 5

Once you have secured your placement, complete the necessary paperwork and hand it in to school.

## How can I find a Work Experience Placement?

Please read the below advice regarding work experience in the following popular areas:

**Medical/Dentistry** – Very difficult to shadow doctors due to patient confidentiality but some observation may be possible. Check individual hospital websites for details of any work experience opportunities they may offer. There are plenty of virtual opportunities that can be completed in the holidays if you are not able to secure an in-person placement.

**Law/Legal Services** – Most likely admin work. Client confidentiality is a problem. Most companies only take on students over the age of 16.

**Schools/Nursery** – You must have a genuine interest in working with children in the future to look for a placement in a school or nursery. Please be aware it is hard work!

**Sport/Leisure/Recreation** – Mainly reception and cleaning duties, you can't coach unless qualified but observation may be available.

**Theatre/Performing Arts/Music** – This is an extremely competitive area. Access to Music, Academy of Music & Sound, PMT Music and HMV (all in the city centre) have offered work experience in the past – contact them early to avoid disappointment.

**History Related** – Try the National Trust website. <https://www.nationaltrust.org.uk/features/work-experience> They have various sites around Birmingham that sometimes accommodate Work Experience placements.

The Birmingham Museum and Art Gallery often advertise work experience placements on their website: <http://www.birminghammuseums.org.uk/about/careers/work-experience-placements>. Due to the current situation regarding COVID availability may be limited.

**Media** – TV and radio almost impossible unless you already have a contact. Journalism would be mainly admin and basic tasks. The BBC and Birmingham Evening Mail require students to be over the age of 16. Smaller, Media based companies are more likely to offer work experience.

**Building/Construction** – Difficult to get approved due to Health and Safety reasons. **Please remember Sole Traders cannot be approved and companies must have Employer Liability Insurance.**

**Hair Salons** – If you are looking for a placement in a Hair Salon, please be prepared that is very unlikely that you will be dealing with customer's hair! Most salons will not allow this, and you should be aware that you will probably be asked to clean/tidy/make customers drinks for the duration of the placement.

**Veterinary/Working with Animals** – Mainly observation, cleaning out animals and dealing with customers. Again, many companies require students to be over 16. This is a highly competitive area so early enquiries are essential.

**DON'T FORGET TO CHECK OUT THE LATEST OPPORTUNITIES BULLETIN FOR UP-TO-DATE INFORMATION REGARDING WEX PLACEMENTS -**

## Work Experience 2025 Making Phone Calls

You may be required to contact an employer by phone to apply or confirm your Work Experience placement. It is essential that when the phone call is made you are prepared and know what you have to say in order to make a good impression.

How can I make a good impression? - Here are some hints and tips to consider.

- **Who do you need to speak to?**

Make sure you know who you need to speak to before you make the call. Are you sure you can pronounce their name correctly? If not practice and ask somebody for help before you call. If you do not have a contact name ask to speak to 'the person who deals with work experience'.

- **What is the purpose of your call?**

Ensure you know what questions you need to ask in order to get the answers that you need. Spend a few minutes writing down the questions you need to ask as a prompt for when you make the call.

- **Be polite**

Ask if it is convenient to talk at the moment, always thank the person for their time whatever the outcome of the conversation.

- **Use proper English**

Do not abbreviate words or use slang.

## Example Telephone Call

Example telephone call to a potential work experience placement employer-

**Student-** Good morning/afternoon could I speak to (Name of contact or the person who deals with work experience) please.

**Employer-** Yes, may I ask who is calling please?

**Student-** It's (Name) from Bishop Challoner School

**Employer-** And what is it regarding?

**Student-** A work experience placement

**Employer-** I'll just put you through, hold the line please.

**Employer-** Hello (contact name) speaking, how can I help you?

**Student-** Hello, my name is (Name) I go to Bishop Challoner School in Kings Heath and I'm interested in a work experience placement with your (company/organisation/business/school/ nursery/hospital etc).

**Employer-** OK, when is your work experience and how long is your placement for?

**Student-** It is from **Monday 30<sup>th</sup> June – Friday 4<sup>th</sup> July 2025** and I would ideally like to spend the whole week with you if that is possible because I'm really keen to go into ..... in the future.

**Employer-** Right OK then, I do not see that being a problem. If you could just confirm the dates in writing and just tell me why you would like to do your work experience with us then that would be great. Do you have our address?

**Student-** Yes, I can get that from school. Thank you very much for your time and I look forward to working with you in the summer.

**Employer-** That is fine, Goodbye.

**Student-** Goodbye.
