

Computing

SUMMARY OF ASSESSMENT

In computing, the T1 assessment will be conducted within the space of the 1-hour lesson. The assessment itself will last for 45 minutes.

The assessment will cover topics from both Year 7 and Year 8 programmes of study in computing.

Resources for preparing for the assessment will be shared with students in both physical and digital formats, the later through the use of Microsoft Teams. These resources will include a topic list and relevant practice questions. Parents/carers can support their children by discussing the topics contained in the list
