

Maths

SUMMARY OF MOCK EXAM
Paper 1 - Non-calculator
Total time for the exam is 1 hour 30 minutes . Total of 80 marks
Paper 2 - Calculator
Total time for the exam is 1 hour 30 minutes . Total of 80 marks
Paper 3 - Calculator
Total time for the exam is 1 hour 30 minutes . Total of 80 marks
Content being assessed
Nothing has been excluded from the syllabus as exam questions and topics are so interlinked. However, some key topics that are due to be taught in January are not assessed. There will be higher and foundation tier papers provided. Students will have use of a formulae sheet and will be instructed which formulae will be provided.
Other information
Students have received specific revision lists that cover all three mock examinations. There will also be MathsWatch revision tasks set, tailored to the skills being assessed. Lesson time will be used for revision.
