### Celebrating Oracy

We are excited to share that our school is taking part in the Leading Education Improvement Through Oracy-Orientated Inquiry, a professional learning programme led by Cambridge University (Camtree).

This is an exciting opportunity to further develop students' speaking and listening skills – helping them to share ideas confidently, listen respectfully, and deepen their learning through high-quality classroom discussion. Teaching will continue as normal throughout the inquiry. However, as part of the programme, we may use anonymised examples of lesson materials or classroom talk to support professional learning. No students will be identifiable, and no personal data will be shared. One class will be the main focus of the inquiry, and students in that class have already been informed.

The inquiry is being led by Mrs Winter, Mrs Dawson and Mrs Townley. If you have any questions, or would like to find out more, please contact office@bishopr.co.uk.
