Remembering Through Reading

November Library Selection

At this time of year, we take a time to remember those who have been affected by war.
Our student librarians have put together a thoughtful collection of books to help us reflect and understand what conflict really means.

You'll find powerful true stories, from the experiences of soldiers on the front line to the voices of civilians caught in the middle. There are also gripping novels like *Goodnight Mister Tom* and the unforgettable words of Anne Frank, alongside fascinating factual reads about military technology and life in wartime.

***Drop by the library*, explore the display, and borrow a book that helps you see the human side of history and the importance of peace.**
