

Spooky Reads

October's here and the Student Librarians have picked out some of their favourite creepy, mysterious and downright scary books to put in the spotlight this month.

Fancy a classic? Try ***Dracula*** or ***The Witches***. Looking for something creepy and quick to get into? ***Goosebumps*** has you covered. Or if dinosaurs are more your thing give ***Jurassic Park*** a go?

There's plenty to choose from, whether you like your books eerie, unsettling or seriously terrifying.

Pop into the library, check out the October selection and find your next spooky read.
