

West Lancashire Science Summer School 6 July 2021

Design a LOGO Competition

Background

On Tuesday 6 July 2021 Professor Brian Cox MBE is joining us 'in person' in West Lancashire to help us celebrate all that is brilliant about Science and share his vision that "Britain (West Lancashire) is the best place to do science".

The event aims to encourage more young people into careers spanning science, technology, engineering, arts and mathematics and provide the young people of West Lancashire with an inspirational experience to raise aspirations for their future.

The event will bring together the very best in Science, Engineering, Maths, Technology and Arts and pupils/students will take part in fun, inspirational practical activities and talks that will allow everyone involved to realise why STEM subjects are just amazing!

The event will also focus on careers of the future through a series of seminars, discussions and hands-on experiments.

Design a LOGO and Event Name Brief

Design a logo and Event Name on A4 paper for the West Lancashire Science Summer School 2021 that represents and showcases why we want to be "The best place to study science in the World".

The winner will have their logo produced and receive a £50 Amazon Voucher!
