Dear Parent/Guardian

Year 11 Revision Resources

I have sourced prices for some appropriate revision resources that may be useful to your son/daughter in preparing for their GCSE Maths exams in May/June 2025.

I will ensure that the resources are specific to your child's current teaching group and tier of entry.

We can offer a GCSE revision bundle that consists of three items.

The bundles consist of a 'Complete Revision and Practice' book, an 'Exam Skills and Practice' book, and a 'Knowledge Organiser' and are priced at £10 for the bundle. The RRP if they were bought on the High Street would be £25.

The cue cards have proved popular with previous students and are priced at £7.50 per pack. They include QR codes which students can use to access video explanations, and the cards themselves contain exam questions and solutions across the full curriculum.

There is no obligation to purchase any of these resources, they are simply being offered at cost price should you wish to have further revision support available for your son/daughter. It may also be the case that you feel some of the resources are useful in which case it is fine to simply select from the list. Those who attended the homework information evening may have already picked up something suitable – it may well be worth checking with your child what they need.

If you wish to purchase any of these resources please make payment on 'iPayimpact' by following the link in the payment message or by going through the 'iPayimpact' web-site by Monday 2 December. **If you pay £10 I will ensure you get the bundle; £7.50 the cue cards and £17.50 both the bundle and the cue cards. Please overtype the amount you wish to pay.**

I would be looking to get them all out before the Christmas break.

Yours sincerely

Mr R Hosker
Curriculum Leader - Mathematics
