Message from Miss Makinson

Hi Everyone,

It has been an incredible period at school, with our students shining across every subject. Science Week brought out our inner innovators as we explored the theme of "Connections," while World Book Day transformed our classrooms into a living library of stories and characters.

Our community spirit has been on full display too. Our Early Years learners enjoyed a fantastic practical session with their walk to the local shops and I was immensely proud of Year 5, who represented us with such talent and poise at the Lancashire Sings event.

The creativity hasn't stopped there—the standard of entries for the Art Seaside competition has been breathtaking, truly capturing the spirit of our coastline. We have an incredibly busy two weeks ahead, so please do keep a close eye on the school calendar as we dive into our next round of challenges and celebrations!

Miss Makinson

Dates

Friday 20th March

Comic Relief -

Wear something red.

50p Donations

Parents Forum - SEND 2pm-3pm

**Monday 23rd and Tuesday 24th
March**

Parents Evenings

Wednesday 25th March

Easter Crafts with Parents/Carers

Thursday 26th March

Eid Party - Wear your party clothes

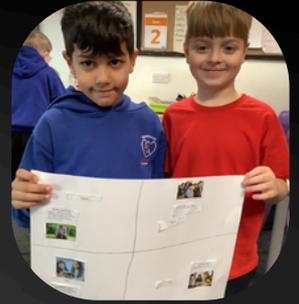

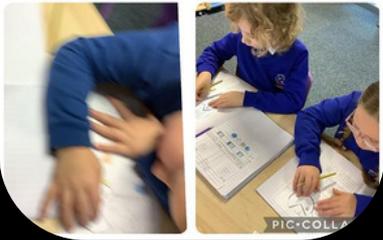

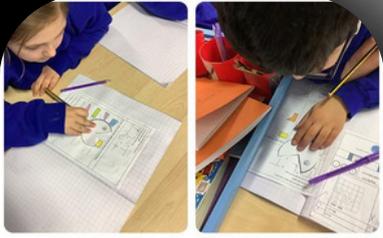

Friday 27th March

***School Closes for two weeks at
1.30pm***

Spotlight A message from Year 3

In Year 3, we have immersed ourselves in Roald Dahl's epic story 'The Twits'! We have enjoyed our 'hook' of finding eyes and frogs around the classroom in exchange for a wiggly worm or spaghetti sweet! We have been busy learning our lines for our year group assembly on Thursday 12th March at 9am in the hall where we look forward to sharing all things Roald Dahl!

In maths, we have focussed upon angles, clockwise and anti-clockwise turns. Children can now identify acute (a-cute teeny angle) or obtuse (massive!) angles when comparing them to a right angle!

Spotlight A message from Year 4

We had an amazing end to last half term. The children enjoyed creating wonderful mosaics for their Art project and we were amazed with the results! In Science, the children worked hard to understand how to create an electrical circuit. This term the children have been busy with World Book Day. There were lots of fanatics costumes and we designed book covers for Julia Donaldson's new book. Well done Year 4!

Have a lovely weekend
