22nd January 2021

Dear all,

Thankfully the sun has shone a little more today and let's hope the rain has passed for the near future! It certainly has been a wet week and typical January, but the better times are yet to come in more ways than one. I hope everyone is well out there and whilst we see some parents, it is strange not having our community together including all parents and staff.

It is great to see children enjoying the live lessons and of course we get to see children and parents that way too so better than nothing! Well done to all at home! It is amazing that we have transferred so successfully to remote live learning so quickly and grateful thanks to all staff involved and parents too for engaging the way you have. I hope now the systems are set up that we can settle into a little more new normal routine until half term. Let us know what you think about the learning and of course tell us about any improvements and the things you really like about it. The teachers will welcome the feedback as they are working so hard to make lessons as engaging as possible.

We are awaiting some more devices through the Dfe, so as and when they arrive, we will distribute to those families still needing the Chromebooks. Remember we are here to help too with any issues whatsoever, no matter how small so please ask class teachers and other staff if you feel there is anything you need help with.

Have a wonderful weekend everybody. I hope we get the chance for some fresh air and a rest. I hope you and your families stay safe and well and see some of you next week!

Best wishes,  
Mrs Robinson
