13TH JUNE

Message from Mrs Robinson

Dear Parents and Carers,

Welcome back after the half term! I hope you all had a lovely break.

We had a great return to school and undertook our usual Reset Assembly and what a wonderful morning that was. The behaviour of the children was impeccable and I was very proud indeed.

I cannot quite believe this in my last half term. It's a long one but I know it is going to fly by and know it will feel an emotional time as 25th July nears! Thanks already for all of the lovely comments I have had from so many of you.

The dates to remember we sent out last half term. There are a lot of events planned including sports week, Summer fairs and transition events this half term so make sure you don't miss anything. Year 6 have many exciting things going on too so make sure your children don't miss anything by being off school!

Have a great weekend when it arrives and thank you for your collective support.

With my very best wishes,
Mrs Robinson

Dates To Remember

Monday 16th June

Class Photo Day

Friday 27th June

Parent Forum 9-10.30am

Tuesday 1st July

Year 3 Recorder assembly

Thursday 3rd July

 6G - Codie-Wade

Well done to all our winners

CARE Award

Great listening, courtesy and manners in class

For always following school rules, and following the Gsteway C.A.R.E model at all times.

For good improvement with his attentiveness and engagement which is showing in his work.

For always caring for her friends

For being attentive to the needs of others in the class

Nursery

We've had a very busy time in Nursery since we came back. We had a special delivery of some caterpillars and have been learning all about their life cycle.

We had special visitors come in to share their fun activities to encourage toothbrushing. Have a lovely weekend.

Reception

The children have been exploring different life cycles of different mini-beasts, had a delivery of our very own caterpillars and writing all about them. The children can't wait to watch the caterpillars grow over the next few weeks.

Year 1

Year 1 have had amazing first two weeks back. Last week all the children were exemplary ambassadors for our school when we visited Martin Mere. This week once again exemplary attitude when completing the Phonics Screening Check. In Maths, we have been using number lines to solve mathematical problems. Thank you for your continued support.

Year 2

Year 2 has hit the ground running this half-term. We have started our new book The Owl who was afraid of the Dark, in English, and we are going to keep looking into our story so we can write our own in the upcoming weeks. Congratulations to those who passed their phonics screening test this week and congratulations to all on showing improvement in their reading assessment this week as well!

**LEARNING
NEVER
ENDS**

Year 3

Year 3 have been exploring different types of packaging in our D.T lessons, so they can make their own later this half term. The children have also enjoyed investigating the different types of rocks that make up our planet. In writing the children have been working on their own versions of The Gingerbread man! A very busy and productive first two weeks!

Year 4

Year 4 have made a fantastic start to the final half term. They recently completed their times table check, and we're incredibly proud of the progress they've made. In writing, they've been busy creating instructions on how to trap a mythical creature. In science, they've been investigating the functions of teeth in humans and other animals. DT has seen the start of some exciting pop-up book projects, and in geography, we've been exploring the different layers of the rainforest.

Year 5

Year 5 have had a brilliant 2 weeks back so far! We are really enjoying the new equipment on the playground, powering through angles in maths, learning about the human life cycle in science and have been continuing and enjoying our writing journey, all about Camp Green Lake from the book 'Holes'.

Year 6

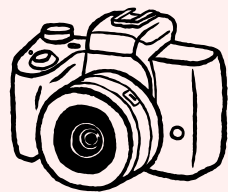

Year 6 have had a great start to our final half term together and have been very busy with their learning.
