

Use your imagination challenge

Design your own pet

We want you to really think about this activity.

Would your pet have teeth as sharp as a shark but be fluffy like a rabbit?

Would you have a dog that is as small as an ant and breathes fire like a dragon?

Noah's pet has a centipede body, a scorpion tail which stings and it breathes out fire like a dragon.

As usual please upload your finished activities to dojo, we love to see you complete these challenges.
