

Dear all,

This week has seen a trip for some children to the new Ambulance Hub on Waterloo Road! We visited with a small number of children alongside Waterloo Academy and had a fabulous experience. The station is in its early stages of the build, but we are building relationships over the months with more year groups having involvement in a range of topics. It is great to see the service linking with the community and lots of memories being created for your children that will last a lifetime.

In addition, Year 2 had a fabulous trip to Blackpool Tower this week. If you haven't seen the pictures then jump on to Twitter (@GatewayFCAT) and see for yourself. There seemed to be some very brave young people that were not afraid of heights at all!

Another welcome to our new Reception Class starters who have joined our taster sessions again this week.

Bikeability has continued this week and many children have been through the accreditation now with many safer cyclists at Gateway Academy. A quick extra note on bicycles and scooters. For everyone's safety it is part of our rules that children and adults dismount once they reach the school grounds, and place cycles and scooters in the bike sheds provided. This is safer for all when dropping off and picking up children daily. In addition some delivery vehicles are on site at these times and we need to avoid any accidents. Please do not be offended if staff politely remind you of this rule.

I hope you have a great weekend and have a relaxing family time especially with any men in your households for Father's Day.

With my best wishes,
Mrs Robinson

Staff Shoutout

Mrs Parr for being so dedicated and helpful, with a brilliant sense of humour, even when juggling lots of things at once!

Gateway's Amazing Learning!

Early Years

This week in EYFS saw the children debut their sun hats. Special thanks to Mrs Hadow for organising our sun safety accreditation. The children all look very smart and more importantly staying safe whilst outside.

The children made sandwiches just like Mrs Grinling did in our story 'The Lighthouse Keeper's Lunch' - some children were very brave and even tried mustard in their sandwich!

Next week we are looking forward to Sports Day and we have an number of exciting activities planned.

Thank you for your continued support,
The EYFS team

Year 1 and 2

Year 1 enjoyed creating their lighthouses this week and writing the story The Lighthouse Keeper's Lunch. In geography we have been learning about the Union Jack flag and how it is made as well as using an atlas to identify the countries.

Year 2 had a brilliant day at Blackpool tower this week! As well as going to the top of the tower we watched a show in 3D, ate our dinner in the Ballroom watching people dance and we enjoyed a nice walk down the promenade looking at all the different attractions. The children have had so much fun! Photos will be posted on the schools social media pages.

Year 3 and 4

What a week in Year 3. We have had a visit from King Henry VIII in History and we were able to ask him lots of super questions. We have been learning about 'The Battle of Bosworth' and the 'Wars of the Roses' in our reading lessons, racing cars and testing out different surfaces and friction in science.

Another week of amazing learning.

This week in Maths, Year 4 has been investigating geometry of 2D shapes with a focus on symmetry. In Science we have been planting Poppy seeds as part of our plant investigation where we will monitor their growth over time. Geography this we has all been about investigating the importance of the Amazon rainforest. In both Reading and Writing lessons this week we have been exploring the use of vocabulary to engage the reader in our 'defeating the monster' tale, Simic and the Forest.

We have all been practicing for Sports Day. We hope lots of adults can come and support us on Tuesday and see us show off our PE skills.

Year 5 and 6

Year 5 have been very busy this week engaging with their new Talk for Writing text, 'The Canal. As part of this, we have; created a box up of the text and explored vocabulary to use in our own writing. In Maths, we have been exploring turns and angles.

As part of this unit, we have identified right angles, acute and obtuse angles in shapes.

This week has been a very busy one in Year 6: the children have completed their pop art designs and started to look at wire sculptures; many have completed their bikeability course; they've continued to look at the development of the UK and also started to have conversations around transition to high school.

Any other business

Sports Day and Pro-Strike.

Tuesday 21st June

Fact of the week!

Elephants are the only
animal that can't jump.

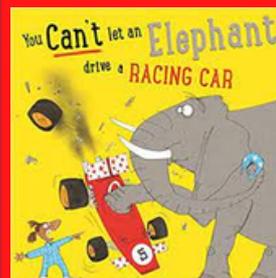

To all our Dads,
Grandads,
brothers and
uncles in our
community, we
wish you a very
Happy Fathers
Day
this Sunday.

We love reading! Book Recommendation.

You can't let an elephant drive a racing car
by Patricia Cleveland-Peck

Have you ever seen a
weightlifting wombat,
or a figure-skating
alligator? How about a
pole-vaulting hippo, or
an octopus . . . playing
table tennis? Get ready
for all sorts of hilarious
animal antics in this
side-splitting picture
book.
