Work Experience Opportunities

Across Lancashire & South Cumbria, we have specific application windows for Work Experience. During these windows, you can apply for specific placement dates, these are:

September Application Window for placements in: November, December, January, and February (on this occasion you can also apply for an October 2023 placement during the upcoming September window due to these changes coming into force)

January Application Window for placements in: March, April, May, and June

May Application Window for placements in: July, August, September, and October

Therefore, please can you ensure this information is cascaded to all pupils and please note, for a February 2024 placement, students will need to apply during the September 2023 application window.

14-16 Year Old Virtual Work Experience

We are hosting a Virtual Careers Insights Programme during Summer which enables candidates aged 14-16 to gain a valuable insight into a variety of careers within Health & Care.

Sessions are typically 1 hour in duration and are hosted via Microsoft Teams.

As part of this programme, candidates are expected to attend each session to gain a certificate.

Once candidates register via our website, they will be emailed links to join each session and sent further information.

To register and see sessions available, please visit –

A Step Ahead

Creating Careers: A Step Ahead Health and Care Programme

Schools and College Offer

Creating Careers: A Step Ahead is for 14+ and the idea is that any young people interested in health and care can build a portfolio of evidence towards a future application, CV, interview and keep everything they do as a way of demonstrating what they have learnt from a webinar, activity, encounter with an employer, volunteering, work experience etc. We have over 500 young people signed up to date and trying to work with each school or college across the North West to encourage the students to undertake a blended learning programme and start to build a portfolio of evidence towards a future educational or career pathway.

We want all Schools and Colleges to sign up as a supporter [Click here](#)

Once you are a supporter we can arrange a follow up meeting and started to support you and your students to develop a portfolio of evidence which is recognised by our health and care employers.

If you want more information please email: wideningparticipationnorth@hee.nhs.uk

Once students fully complete all programme elements they will have priority booking for any face to face events and virtual work experience opportunities.
