

The Hearing Voices project team based at the University of Chester are pleased to announce the launch of the

# “Hearing Voices: A guide to understanding helping and empowering individuals”

mobile app.

This valuable resource simulates the experience of hearing voices to provide a deeper insight and understanding of this experience.

Watch our video to learn more  
<https://vimeo.com/114686828>

Download the app for free at Apple and Android app stores and discover more about what it really means to Hear Voices.
