

Safeguarding at

We want all of our students to be able to share any concerns they have with a member of staff. You could talk to:

- Form tutors
- Class teachers
- Caseworkers
- Teaching Assistants
- Senior Leadership Team
- Any member of staff you feel comfortable talking to.

All of our staff have had safeguarding training and know who to pass your concerns on to. Please don't suffer in silence.

The academy supports all students by:

- Establishing a caring, safe and positive environment within the academy
- Responding to concerns for a child in a timely and effective manner
- Effectively tackling child-on-child abuse
- Supporting mental health and well-being
- Promoting British Values across the academy
