Transforming English Teaching and Assessment With AI

2024

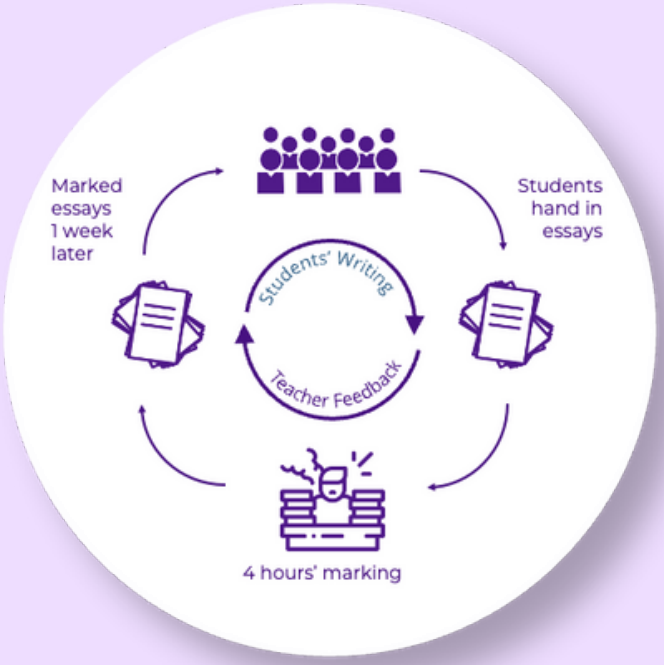

2025

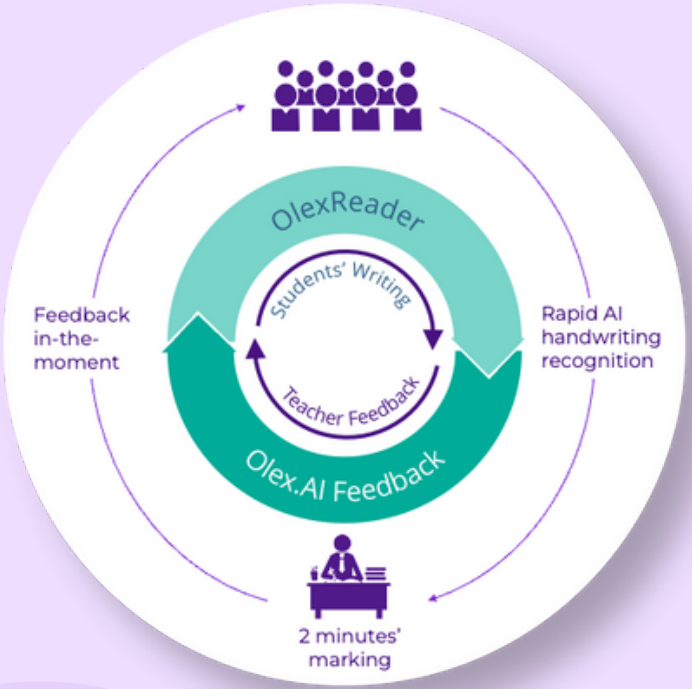

Transforming the weekly feedback cycle...

- ✗ Huge workload burden for teachers
- ✗ Limited feedback due to time constraints
- ✗ Feedback less impactful one week later
- ✗ No data-led insights
- ✗ Reluctant writers hard to motivate

... to an in-the-moment Feedback Cycle.

- ✓ Feedback on a class of 30 in **2 minutes**
- ✓ **Robust, accurate, detailed** feedback every time, consistent across classes and schools
- ✓ **In-the-moment** feedback for maximum impact
- ✓ Powerful **data driven insights** for teachers and SLT
- ✓ Mark to National Curriculum and Exam Board Frameworks with **high accuracy**
- ✓ Incredible AI inspiration **engaging all students**

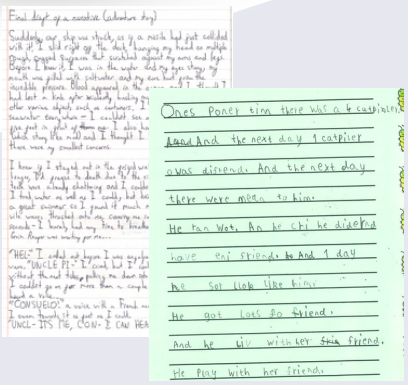

"The marking is so much more in depth than I could possibly sustain on a regular basis due to the many demands on my time in the modern teaching world."
