## Boarshaw Primary School Remote Learning Policy

### Statement of Intent:

At Boarshaw Primary School we understand the need to continually deliver high quality education, including during periods of remote working- whether for an individual or many. We recognise the importance of maintaining high expectations in all areas of school life, ensuring that pupils have access to the learning resources and support they need to succeed.

This information is intended to provide clarity and transparency to pupils and parents about what to expect from remote learning if local or national restrictions require entire cohorts to remain at home.

### Aims:

This policy aims to:

- Outline the school's approach to educating pupils who will not be attending school as a result of government guidance or long term medical absence that does not impact their ability to learn.
- Make clear our expectations of staff who are self-isolating, but healthy and able to continue planning, teaching and assessing pupils' work.
- Ensure that remote education is offered as soon as it becomes necessary.
- Ensure consistency in the approach to remote learning for all pupils who aren't in school, including those with SEND, through the use of quality online and offline resources.
- Provide clear expectations for members of the school community with regards to delivering high quality interactive remote learning.
- Ensure continuous delivery of the school's broad curriculum. As well as support of pupils' wellbeing.
- Ensure that pupils engage in learning they would have completed had they been in school as normal.
- Ensure that online tools used enable appropriate interactions with pupils, the assessment of their work and the provision of feedback.
- Provide training for staff about the appropriate use of online platforms so that pupils and staff are effectively safeguarded and that data protections guidelines are adhered to.

- Support effective communications between the school and families so that parents and pupils can access and make the best use of resources.
- Ensure that pupils who lack any necessary equipment have this sourced for them.

### **Resources.**

Resources to deliver this Remote Learning Policy include:

- Our online platform: Google Classrooms
- Staff training with Google classrooms, and other useful APP's and websites for teaching other areas of the curriculum

- Information for parents.
- Printed learning packs for any pupil who doesn't have access to technology at home or who is not able to access mainstream online learning
- Books and physical learning materials as required.

### **Approaches to learning. Our Principles:**

The following principles, informed by the DfE's requirements in respect to remote learning, underpin our approach:

- Pupils will study a broad range of subjects.
- Pupils will learn new facts and concepts, as well as completing activities that reinforce their prior learning.
- Activities will be varied and not solely consist of 'screen time', for example science investigations, maths games and PE.
- Teachers will have access to a wide variety of resources to share remotely, such as Rising Stars Reading and phonics platform, Dreambox Maths, White Rose Maths, TTR, Spelling Shed, Charanga, Purple Mash, Century Learning.
- Staff will have training they need to provide online learning safely.
- All pupils will have access to the resources they need to learn.
- SEND will not be a barrier to accessing the curriculum at home because the school will work in partnership with families with regular communication and bespoke support for each targeted pupil.
- In event of a Lockdown, staff workload will be managed by regular communication with the SLT.

### **Working with parents.**

We are committed to working in close partnership with families and providing remote learning in different ways when necessary to suit the needs of particular pupils, such as those who have special educational needs and disabilities (SEND.)

- We will provide guidance to parents on how to use Google Classrooms, including any relevant log on information required.
- Resources will be shared with pupils and parents via Class dojo, the school website and any other platforms available to us.
- We would encourage parents to support their children's work and to establish a routine based around the school day wherever possible.
- Should parents be unable to access online work for any reason, they should contact the school office as quickly as possible so that other arrangements can be made to support them.
- All children sign an 'Acceptable Use Policy' at school, which includes e-safety rules. This applies when children are working on computers at home.
