

Reception Long Term Plan 2024-2025

	Autumn 1 (4/9/24-25/10/24) 7 weeks 3 days	Autumn 2 (4/11/24-20/12/24) 7 weeks	Spring 1 (6/1/25-14/2/25) 6 weeks	Spring 2 (24/2/25-4/4/25) 6 weeks	Summer 1 (22/4/25-23/5/25) 5 weeks	Summer 2 (3/6/25-18/7/25) 7 weeks
Topic theme	 <p>What do I know about me? Children explore the ways in which we are all the same and the ways in which they are different. They think about what makes a family and how all families are different. They think about what they look like focusing on detailed drawings of themselves. They talk about and express their opinions on what they like and don't like. They think about their heritage and where different people come from. They explore homes and how our home may differ from people around the world. They also explore all the things they can do with their bodies.</p>	 <p>What do different people celebrate? Children explore traditional English celebrations and celebrations from around the world. They will explore major events from the past and learn about how these have shaped the world we live in today. They will think about how they celebrate birthdays and how this is different around the world and in different religions. Children will experience different foods and cultural events</p>	 <p>What would it be like to live in the polar regions? Children explore a contracting location (polar regions). They look at maps of our local area and how these are different from the arctic. They compare and contrast the different locations looking at homes, transport and jobs. They think about how we would keep warm and explore the properties of materials. Children explore scientific concepts melting and freezing.</p>	 <p>What happened long ago? Children will learn about their place in history. They will look at some significant events in local and national history. They will learn about events that happened a long time ago such as dinosaurs and will learn about significant events such as the space race. They will learn about how life was different in the past through exploration of artefacts.</p>	 <p>Are all mini-beasts scary? Children will learn about the features of different mini-beasts. They will learn about spiders and understand why they spin webs. They will look closely at features of different mini-beast including worms, snails and ladybirds. They will also learn about the life cycle of a butterfly and the importance of bees. Children will also learn about habitats and how to look after animals' habitats.</p>	 <p>What would you find on the farm? Children think about what animals Old MacDonald had and learn the names and sounds of each animal. Children learn about the reasons why farmers keep different animals. Children learn about life cycles of some animals and the names of animal babies. Children will also learn about vehicles on the farm including tractors.</p>
