

Primary PE and Sport Premium Grant 2026/2027.

PE and Sport Premium – Intended Spend

At Boarshaw Primary School, we recognise the vital contribution that high-quality physical education, sport and physical activity make to the health, wellbeing and wider development of every child. We believe that an ambitious and inclusive PE curriculum, complemented by a broad range of extracurricular and competitive sporting opportunities, supports pupils' physical and emotional wellbeing and has a positive impact on their confidence, concentration, attitudes to learning and academic achievement.

Our commitment to high-quality PE is embedded within the school's core provision. Since 2016, Boarshaw has directly employed a specialist Sports Coach to teach PE and sport across the school. Importantly, this post is funded from the school's delegated budget and not from the Primary PE and Sport Premium. This demonstrates our long-term commitment to maintaining strong PE provision independently of additional government funding.

The school is proactive in continually improving the quality, breadth and accessibility of physical activity and sporting opportunities available to pupils. We want all children, regardless of ability, background or additional need, to develop positive attitudes towards physical activity and to experience the enjoyment, confidence and sense of achievement that participation in sport can provide.

For 2026/27, the Government has confirmed that the Primary PE and Sport Premium will operate as transitional funding as it moves towards a new national approach to PE and school sport. Boarshaw has therefore considered carefully how the remaining funding can be used to achieve maximum impact while ensuring that improvements are sustainable beyond the period of the current grant.

Our intended expenditure will focus on additional and sustainable improvements to PE, sport and physical activity rather than funding our core curriculum entitlement. This will include extending opportunities to work with specialist sports professionals; increasing participation in inter-school competitions and festivals; providing pupils with access to specialist facilities and activities beyond the school site; developing the knowledge, skills and confidence of school staff; and broadening the range of extracurricular sporting opportunities available to children.

We will also continue to promote physical activity throughout the wider school day. A range of extracurricular clubs is offered, alongside opportunities for active play before school, at breaktimes, lunchtimes and after school. Continued development of playground resources and structured physical activities helps pupils to build regular movement and activity into their daily routines.

The Primary PE and Sport Premium has enabled Boarshaw to strengthen and extend an already well-established PE and sporting offer. As national funding arrangements change, our priority is to use the 2026/27 allocation strategically: building capacity, developing sustainable practice and ensuring that the benefits of the funding continue beyond the lifetime of the grant.

Through this approach, Boarshaw Primary School remains committed to increasing participation, reducing barriers to involvement and supporting every pupil to develop the knowledge, skills and habits needed to lead a healthy, active lifestyle.

Academic Year 2026-2027	P.E and Sport Premium £9,895	Date of most recent PE&SP planning September 2026
Number on roll: 448 (based on October 2026 census data)		Date for next PE&SP planning September 2027

Physical Education is part of the whole school Curriculum, all our children access high quality Physical Education as part of the taught timetable in addition to a range of sports after school. We are also a member of the Middleton Sports Association which enables pupils to participate in a range of competitions and interschool events including cross country and 5 a side.

We promote healthy lifestyles and support children to develop a greater awareness of the dangers of obesity, smoking and other activities which have a positive impact on children's self esteem, attitudes and behaviour.

Action		Reason	Intended impact
Annual MPSSA Subs	£60	Money goes towards the running of competitions in a wide variety of sports against local schools.	Provide opportunities to use the skills they have learnt in lessons and extra curricular clubs against similar aged pupils in local schools. (Football, netball, cross country)
Transport	£500	Transport pupils to and from sport fixtures	Provide opportunities to use the skills they have learnt in lessons and extra curricular clubs against similar aged pupils in local schools. (Football, netball, cross country, cricket, darts)
Equipment	£1000	Renewal schedule for equipment and identified repairs	Both curriculum and extra-curricular sports can be taught to a higher standard with the new equipment. Replace gym apparatus such as benches, mats etc as specified in PE equipment checks.
PE Kit	£300	Provide PE Kit for children who don't have one.	Ensure all children participate in PE sessions.
Safety equipment check + repairs	£250	Compliant with Health and Safety Legislation	Sport equipment is safe for children to use.
Y4 Activities day	£1500	Provide Year 4 pupils with an insight into OAA and give them new experiences. Hopefully leading to uptake in children attending Robinwood in Year 5.	Pupils access activities that they are unlikely to have experiences before. Following on from this activity larger numbers of children will be involved in the activity residential at Robinwood in Year 5. Activities promote resilience and self esteem, take children outside of their comfort zones and focus on improving communication, team work and problem solving.
Mow and mark sports pitches	£100	Pitches are professionally prepared for schools sports.	Children have the opportunity to engage in high quality sport on appropriately marked and prepared pitches/ tracks.
Primary PE Passport App	£499	Support planning, assessment and tracking for Physical Education.	Demonstrate standards and progress within National Curriculum. Support reporting on extra curricular sport.
Subsidise Robinwood residential	£2500	Higher number of children participate in school residentials.	Pupils access range of activities they are unlikely to have experienced before. Residential promotes resilience and self esteem, take children outside of their comfort zones and focus on improving communication, team work and problem solving.
Drumz aloud.	£3250	Drumz aloud workshops	Improve physical and mental wellbeing, improve aerobic fitness and understanding and application of beat, rhythm and timing
