

Digital Leaders Meeting Minutes

Date: 2nd February 2022

Attending: Digital Leaders Years 1-6

Minutes:

1. Safer Internet Day 2022 is next week, Tuesday 8th February and this year the theme is 'All Fun and Games? Exploring Respect and Relationships Online.' Digital Leaders understand that this is to look in greater detail at what respectful behaviour looks like and what to do in the event of this not happening.
2. Key vocabulary check – this to be included in the presentation so we know everyone is aware of what these terms mean.
3. Collaborative work to create the Digital Leaders' PowerPoint thinking about the internet is used for and all the uses it has. There is so much access to the internet – lets acknowledge all the devices which can be connected to the internet so everyone is clear on what we mean when we say we are 'online'.
4. Discussion around disrespectful behaviour and what this would look like.
5. Presentations to take place in each class before the end of term. Teachers to support pupils with presentations in younger classes and photographic evidence to be sent to Esafety Lead. The main questions to get feedback on from classes using post it notes:
 - You read a message in a chat or live stream that makes you feel bad – what would you do?
 - Your friend is upset but what someone has said to them in a game – what could you do?
 - Your team beats another team – what would you say to the other team? What would be inappropriate to say?
