

# The Design and Technology Learning Journey

**BRADFIELD**  
SECONDARY SCHOOL

## Key Concepts KS3 – KS4

|              |                    |            |
|--------------|--------------------|------------|
| Independence | Safety             | Competence |
| Accuracy     | Quality of outcome |            |

## Key Skills

|                                                                                     |                                        |
|-------------------------------------------------------------------------------------|----------------------------------------|
|    | <b>Exam Skills</b>                     |
|    | <b>Making</b>                          |
|    | <b>CAD/CAM</b>                         |
|    | <b>NEA</b>                             |
|    | <b>Designing</b>                       |
|    | <b>Data Analysis</b>                   |
|    | <b>Time management</b>                 |
|    | <b>ICT skills</b>                      |
|    | <b>Effective Communication</b>         |
|   | <b>Mathematical skills</b>             |
|  | <b>Direct GCSE practice (NEA/Exam)</b> |
|                                                                                     | <b>Assessment</b>                      |
