Work Experience 2025

Dear Parent / Carer,

Work Experience will take place from **7th - 11th July 2025** for all Y10 students and we have asked that they source their placement by **Friday 16th May**.

Key dates and information for Parents and Carers, including the list of previous placements and relevant links to websites for research will be shared on our website and on our social media platforms.

As you are aware, Bradfield School is now using Unifrog, an award-winning, online careers destinations platform. We launched Work Experience with all Y10 students in assembly earlier this year and, as part of their careers module in Personal Development lessons, will be guided through the process.

Students have access to the platform in their PD lessons. If they need to re-set the password, they should **click the link in their welcome email which was sent to their school email account**. They are asked to create a password and can then begin using the platform.

They can sign in to Unifrog using their email address and password and from any computer, tablet, or smartphone.

We would encourage you to use the platform with your child so you can support them through the process of deciding their next step.

For more information, go to www.unifrog.org or school contact:

Mrs Karen Carter: kcarter@bradfield.sheffield.sch.uk

Thank you for your support,

Yours faithfully,

Karen Carter
(Assistant Headteacher)
