Spring 2

This half term our teaching and learning will focus on planting, growth and change through the text "How to grow a dinosaur". I'm looking forward to lots of roaring!

We will be learning about how things grow and what a plant needs to help it grow. We will be looking at signs of Spring and the changes that happen in this season. We will monitor the growth and change of a sunflower and have a competition of who can grow the tallest!

We will be visiting Acresfield community gardens to help plant and harvest.

In our PE sessions, we will be taking part in team games and in Forest School we will be using tools such as forks and trowels.

In Maths, we will focus on numbers 5 and 6 and will have lots of opportunities to learn about weight, mass and capacity.

We will be choosing our own media to carry out observational drawings of daffodils and sunflowers.

Our author of the half term is Caryl Hart and there are lots of her books in the libraries as she is a storymakers author.

We will continue with weekly Sing up music sessions and our focus will be an animal tea party.

We move onto a new module "Appreciate" in our My Happy Mind sessions.

Diary dates

Wednesday 21st February—Trip to Ashton Central Mosque (All part time children to come in for a morning session).

Friday 23rd February—Trip to St Mary's Church (All part time children to come in the afternoon)
