### Curriculum

Our author of the half term is Siobhan Dowd, who has written books such as 'The London Eye Mystery'.

In history, will be learning all about the Vikings and answering the big question 'were the Vikings as vicious as we think?'.

In science, we will be learning about light and will be conducting some interesting experiments.

In RE, we will be learning about Christians and Humanists and what matters to them the most.

In art, we are focusing on drawing and will turn a 2D drawing into a 3D model.

In PSHE, we will learn about relationships.

In music, we are learning to play a ukelele.

In computing we are using word and power point.

### Homework

Children will receive homework each Monday. This needs to be returned the following Monday.

### Reading

Children need to read their book to develop fluency and their general knowledge. We will change the books any day when needed. Please log reading on the Boom Reader app. Children need to use their bookmark so we can identify their book.

### Maths

Using TTRockstars, Sumdog and Hit the button will be really helpful for the children to develop understanding of key mathematical concepts. I will set weekly challenges on Sumdog that the children can complete to earn dojos– this is not compulsory homework, just extra!

### Communication

Please make sure that you are signed up to Class Dojo for class and whole school messages! You can also see what we are up to on our Twitter page @BradleyGreen #BradleyGreenY6.
