Medical Appointments During Term Time

We would like to remind families that appointments for doctors, dentists, opticians and similar services should be arranged after school, during holidays or at the weekend wherever possible.

We understand that hospital appointments are different and that families are often unable to choose the time allocated. For all other appointments, please select times that do not take children out of school during the day. There have been far too many children taken for appointments during school time, and this can disrupt classes and result in lost learning time for both the individual child and their peers.

Wherever possible, please support us by booking routine appointments outside the school day. This helps to protect teaching time and ensures that children remain fully involved in their learning. It also reduces disruption to classroom routines and enables staff to maintain a consistent and focused learning environment.

Thank you for your cooperation and for helping us to make the best use of every school day.
