Smartphone Free Childhood

Smartphone Free Childhood is a parent-led movement whose mission is to protect children from the dangers of using smartphones too young.

The premise behind this movement is that all parents/carers of a class all agree not to give their children smartphones (therefore the level of peer pressure is reduced) for a set time or until a specific age. Are you ready to join? Find out more here: <https://smartphonefreechildhood.co.uk>

You may feel your child does need a phone, particularly if they are walking home by themselves but there are alternatives to the smartphone, including a watch, which are listed here: <https://smartphonefreechildhood.co.uk/alternatives>

If your child already has a smartphone then Internet Matters have a section on their website with advice on smartphone safety: <https://www.internetmatters.org/setupsafe/>
