

Lancashire Mind

Children's Mental Health Week

Lancashire Mind organised a competition for schools in Lancashire to support awareness on Children's Mental Health Week by empowering children and young people to have a voice. This year's theme was 'My Voice Matters'. The children had to write or draw what is important to them.

Our school council representatives chose these three designs as the winners for our school. They have been forwarded to Lancashire Mind who will judge all the entries and choose the overall winners. The prizes are:

- Assembly for your school
- Mascot visit alongside the assembly
- Wellbeing Journal
- Selection of Usbourne books
