

BRAMHAM PRIMARY SCHOOL
ASSESSMENT (IN THE ABSENCE OF END OF YEAR RESULTS) July 2020
Bramham Shadwell Federation

Assessments throughout school were scheduled to be completed in April (incl. May SATs) and July 2020. Due to the COVID pandemic and national lockdown, this could not be completed in the conventional and usual way.

External moderation for writing was due in both school throughout July 2020 for Year 6; this was postponed until 2021.

The children were prepared and ready for their SATs testing when the school closed at the end of March teachers, particularly in Year 6, had a very comprehensive idea of the children's capabilities and were able to predict assessment scores for teacher assessment.

Assessment Data using Teacher Assessment was collected stringently for Years 2 and 6 in July 2020 (see tables below) and all children throughout school were provided with achievement scores in relation to End of Year Age Related Expectations (ARE) via their school report (distributed July 2020) using Teacher Assessment, feedback from lockdown work submitted and phone conversations with children.
