Bramham Shadwell Federation

Class 2

September – October 2019

All our learning in class this half term will be focused around the question:
What makes a good global citizen?

English

- Grammar, punctuation and spelling activities will be an integral part of our English programme. We will be learning the correct terminology for the techniques we use within our writing and will be continuing to develop sentence structure.
- We will be reading 'Harry and the bucketful of dinosaurs'. Using this book as inspiration for our written work, we will learn how to identify nouns and adjectives before using them in our own creative sentences.
- Children will be encouraged to check and improve their work using our 'BEE' zone and skills for self-editing.
- Handwriting is a key focus this year and we will work to practise our first joins to develop fluency. Our aim is for the children to write with letters of a consistent size and shape.
- Spelling sessions will take place daily in which the children will focus on homophones this half term. Spellings will be sent home to practise and will be tested on a Friday. (More information to follow).

The texts we will focus on are: Harry and the bucketful of dinosaurs / Dear Dinosaur.

The outcome will be: to write our own character description of Harry / To structure and write a letter.

Maths

- We will begin by studying place value and ensure that the children can identify the number of tens and ones within any given number to 100. We will then encourage the children to manipulate and represent numbers in different ways such as $34 = 30+4$, $34 = 20+14$, $34 = 10+24$, $34 = 0+34$. The main emphasis will be on number work including mental maths, number bonds and a range of strategies to aid us in addition and subtraction.
- The children will continue to solve problems and learn to explain, convince others and justify their findings using mathematical vocabulary: ***I know that..., I think.... because....***
- By the end of Year 2 it is an expectation that all children will know multiplication and division facts for the 2, 3, 4, 5, 6 and 10 times tables for use in calculations. This term we will begin by counting in 2's, 3's, 5's and 10's before moving onto more formal multiplication calculations.
- Additionally, the KIRF target is outlined below; please help your child achieve this target.
- Mathletics will be launched across the federation this term. Please look out for information on how to support your child with this.

How can I help / information for Helping

Ask your child to make predictions about their reading book. What do you think will happen next? Why do you think this?

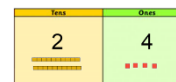

Discuss vocabulary with your child from their reading book – what do you think this word means? Can you create a vocabulary book of new words that you find?

Model reading a sentence to your child fluently before asking them to repeat it. This process helps to build confidence in reading fluently and accurately.

How can I help / information for Helping

Support your child to identify the number of tens and ones in a 2-dgit

number, for example 'I know that

29 has 2 tens and 9 ones.' Help your child to form their numbers correctly, with the correct orientation.

KIRF Targets – Autumn Term 1

I know my number bonds to 20. (Children know that $16 + 4 = 20$, $7 + 13 = 20$, $20 - 9 = 11$ etc.)

Topic	SITE	P.E
<p>Focus is: This half term the children will answer the question “What makes a good global citizen?” whilst thinking about ‘where we fit in the world’ and learning all about Dinosaurs!</p>  <p>Skills / knowledge to be developed: We will use atlases and maps to help us develop our locational knowledge about the United Kingdom and surrounding seas. We will also learn to name and locate the continents and oceans and compare how the world looks now in comparison to how it looked during the time of dinosaurs.</p> <p>Applied through: History / English / Maths/ PSHE</p>	<p>Focus is: This half term the children will learn to identify that most living things live in habitats to which they are suited.</p> <p>Skills / knowledge to be developed: Children will learn how to describe different habitats and understand how they provide for the basic needs of different kinds of animals and plants, and in turn, how they depend on each other.</p> <p>DT links: We will be embarking on a project to create animal shelters in order to help our lovely wildlife to survive the coming winter months. We will link this to the children’s interests in looking after our environment in order to be good global citizens.</p> <p>Applied through: Discussion / Sorting and classifying information / links to PSHE</p>	<p>Focus is: Kicking a ball</p> <p>Skills / knowledge to be developed: Rolling and kicking different sized balls.</p> <p>Applied through: Children will develop their techniques to enhance their co-ordination and will play a variety of games in small teams.</p>
<p>How can I help / information for Helping Use a map or globe to locate the United Kingdom and discuss the countries that make up the UK.</p>	<p>How can I help / information for Helping Look out for signs of wildlife around your local area and discuss with children the changes in the environment as we enter the Autumn months.</p>	<p>How can I help / information for Helping Our PE day is Tuesday and Thursday. Please ensure that your child has their named indoor and outdoor PE kit including pumps and trainers with them every day which can be taken home on a Friday to wash if necessary, as additional lessons may take place on alternative days.</p>

Music	PSHE / MindMate	R.E.
<p>Focus is: singing based on ‘Hands, feet, heart’, a song by Joanna Mangona which was written for children to learn about and celebrate South African music. The children will also have music lessons with Mrs Crowley on a Thursday whereby they will create and respond to music based on the theme of ‘Dinosaurs’.</p> <p>Skills / knowledge to be developed: Listening to and appraising music, learning about pulse, rhythm and pitch and beginning to use percussion instruments.</p> <p>Applied through: practical sessions</p>	<p>Focus is: The focus this half term is Physical Health and Wellbeing.</p> <p>Skills / knowledge to be developed: Answering questions such as, “What keeps me healthy? What makes me feel good?” Learning about the people who help us to stay healthy and well and about basic health and hygiene routines such as hand washing and brushing our teeth. We will also learn about the importance of physical activity, sleep and rest.</p> <p>Applied through: Discussion / Circle time / debate</p>	<p>Focus is: How do Christians and Muslims celebrate new life?</p> <p>Skills / knowledge to be developed: Looking at ways in which different religions and non-religious families welcome babies in to the world.</p> <p>Applied through: We will attend a ‘mock’ Christening at Bramham All Saint’s Church, where the children will learn and take part in the special Christian service.</p>
<p>How can I help / information for Helping Listen to ‘Hands, feet, heart’ by Joanna Mangona. What do you like about the song? Which instruments can you hear?</p>	<p>How can I help / information for Helping Discuss hygiene routines and why these are important in keeping us healthy. Talk about what makes us feel happy and who we can talk to if something makes us feel unhappy.</p>	<p>How can I help / information for Helping Can you find a baby photo of yourself and compare it to one of your parents? Can you talk to your family about when you were born? Do you know your date of birth – if not, can you find out?</p>

Homework

Ongoing Homework

- **Reading:** We encourage all children in KS1 to read for 15 minutes at least twice per week. Please log what they have read in their reading record and send books into school daily as children will read with an adult in school during the week. Books will be given out on Tuesday and Friday each week.
- **KIRF target:** To learn number bonds to 20.
- **Spellings:** A list of spelling words will be sent out each Monday, with a spelling test each Friday. In addition to revising the weekly spelling list, I have also sent out a Spelling Support Strategies document and spelling revision words for the term. If you could spend a little time over the duration of the half term practising these with your child, it would be greatly appreciated.

Maths / English Homework

Homework is sent on a Thursday evening and will be alternated between Maths and English. Please return it on a Tuesday.

Please encourage your children to discuss their homework at home in order that they develop the skills of explanation and reasoning.

Children will be set a Learning Log activity once during every half term. This will be related to the Enriched Curriculum. On weeks when this is set, it will replace Maths or English homework.

Any Other Information / Dates for the Diary

Class 2 Mock Christening at Bramham Church – Tuesday 24th September

KS1 Disco with Mr Shuffles – Wednesday 25th September (3.30-4.30pm)

Training days – Friday 4th October and Monday 7th October

Parents' consultation meetings – Wednesday 23rd October: 1.30pm onwards

Please ensure that your child has a named water bottle in school every day. They must remember to take it home every evening to wash the bottle and bring it in to school already full. This will ensure that the bottles are kept clean and germ-free for the children's use each day.

We encourage you to follow our school Twitter account @BramhamShadwell. We regularly post updates and photographs of what your children are learning in class alongside other important school information, reminders and updates.

It has been a delight to welcome your children to Class 2; they have settled in beautifully and are very enthusiastic about their learning! If you have any queries please do not hesitate to contact us or make an appointment at the office to arrange a meeting after school.

Miss Camm and Mrs Legault. 😊
