8th September 2020

Dear Parents and Carers,

I hope this email finds you well and your child/ren is/are looking forward to coming back to school!

We have had two very successful training sessions with staff this week and we are all very much looking forward to welcoming everyone back...the classrooms are beautifully decorated, books are labelled and everyone is set to go!

I apologise for this late update however it is just to let you know that, today we received the latest guidance from the Local Authority H&S team, and we are now advised **not** to take children's temperatures upon entry to school (Public Health England have deemed this to be an unreliable method of identifying COVID-19) and so in the morning, the children will come into school (having lined up in their designated areas); they will wash/sanitise their hands and enter the school building before being registered in class. This will also mean that as parents, you will not be required to wait until children have had their temperature take and it may alleviate your waiting time in the playground.

The guidance is being reviewed regularly and this may change in the future - I will keep you updated if this happens.

Have a lovely evening and we will see you in the morning - raring to go!

Kind regards,

Sarah Richards
