Dear Parents/Carers

NEW CLASSROOMS AND OUTDOOR LEARNING AREA

There are exciting times ahead at Bramham! With the demand for places at Bramham Primary and its growing reputation throughout Leeds, we have seen increasing numbers of children requesting places at our school (in all classes) and we are pleased to announce the addition of 2 new classrooms from September. These classrooms will be state-of-the-art and will initially house classes 5 and 6. Despite cut-backs and reductions in schools' budgets, Leeds City Council are investing tens of thousands of pounds in our school to finance every aspect of this development; we are very excited about the future here at Bramham!

Work will be starting shortly in preparation for this however please be assured that it will cause as little disruption to the children and yourselves as possible. There have been several meetings held by school and the Local Authority to ensure the greatest measures of safety have been planned for the children whilst initial works begin on site. Please see the plans attached which highlight where the classrooms will be located and what they will look like.

As a result of the building work, money raised by yourselves through FOBS for our Outdoor Learning Area, will be slightly delayed until next academic year. The good news is that because of these works, Leeds City Council will prepare the ground ready for this space. To give you an idea of what FOBS and the school have been planning, please refer to the documents attached.

Please do not hesitate to be in touch (j.harland@shadwellprimary.org) if you have any further questions.

Yours sincerely

Julie Harland
