

Big Breakfast Natalie hungry for success

DESPITE her busy schedule, actress Natalie Casey (pictured, right) still found time for a *Big Breakfast* on Monday morning.

The former *Hollyoaks* star was co-presenting the early morning Channel 4 news and features programme for the day with regular host Richard Bacon.

Company bosses are searching for replacements after the recent departure of regular duo Johnny Vaughan and Denise Van Outen.

Natalie's mum Janice, who still lives in Rawtenstall, said her

daughter enjoyed presenting the show and is keen to do more of the same in future.

Mrs Casey said: 'Natalie loved every minute of the *Big Breakfast* although she said she was very nervous at first.

'The chief executive of Channel 4 adores her and she is hopeful they will ask her back to do it again - she and Richard Bacon bounced off each other very well.

'Presenting is certainly an area of her work she is keen to develop as much as possible.'

Natalie (20) lives in London and has been very busy since leaving the teen-soap world of *Hollyoaks* back in September.

She regularly presents a pop music video phone-in show for Sky television and has just finished filming the second series of the Friends-like *Two Pints of Lager* for the BBC - the first will be screened next month.

Viewers will also soon see her hosting a 20-episode programme in which she talks to celebrities about kissing.
