## The SEND Newsletter for Lancashire Families

Welcome to the Winter issue of the FIND Newsletter, 2022. Many families contact us looking for activities for their children which are suitable and accessible. In this issue we have lots of information on what's available across the county, including targeted SEND groups from age 5 up to 25 years!

If your child is a Break Time member, remember many of the groups continue throughout the Christmas holidays, so contact your provider to book a place. Registrations will reopen in January for the 2023/24 year and both new and existing members will need to complete the online form - find out more on page 3.

We have a fabulous article on page 14 from a local family, with recommendations for great days out in Lancashire and the surrounding area. If you have any suggestions of places to visit, please get in touch and we can include these in a future issue.

Finally, Lancashire County Council have a new online hub where residents can find support to help with the rising cost of living. Find out more on page 25.

If you would like to write an article for a future issue, or to join our friendly editorial group, please email us at: **FIND@lancashire.gov.uk**

We wish you all a very Merry Christmas and a Happy New Year! Thank you for your continued support.

### HOW TO REGISTER

Carers must complete and send forms directly to Lancashire County Council. This can be done through the below link:

<https://www.lancashire.gov.uk/children-education-families/special-educational-needs-and-disabilities/things-to-do/break-time/?page=3>

Once registered parents will be given a 7 digit reference number. Carers can then book onto our sessions by ringing and providing their number.

### ELIGIBILITY

- Children and young people with special educational needs and/or disabilities who meet the criteria to attend and who do not receive short breaks following a social care assessment of need
- 4-18 years old
- Children will live in Lancashire (excluding Blackburn with Darwen and Blackpool council areas)

## INCLUSION AT INSPIRE

**Every Sunday 2:30pm - 5:30pm**

Become an **IN-CLUB** member!

In-Club is inspire's new club, exclusively for young people with Special Educational Needs and Disabilities, and offers a range of opportunities and sessions to ensure young people are able to get the most out of the time they spend with us at Inspire.

As an In-Club member, your child will,

- Receive their very own In-Club membership ID card that can be used to 'fast pass' queues and come into Inspire quickly.
- Be able to book onto dedicated sessions and projects throughout the week that will be tailored to their needs.
- Work with an Engagement Worker to develop bespoke activity plans based wherever possible, on their areas of interest.
- Be able to bring their Personal Assistant onto session with them in line with our PA policy, to help with any personal care or 1:1 needs.
- Have access to progression opportunities, additional activities, trips, clubs and projects.

**You can use your Breaktime hours here too!**

Inspire is a Lancashire Breaktime provider and receives funding from Lancashire County Council when parents/carers choose to use their breaktime allocation with us. This is very important for the sustainability of inspire and we want to encourage parents/carers to utilise their breaktime funding wherever possible.

# Lancashire Short Breaks Service

## Break Time

**Break Time provides fun group activities to children and young people aged 4-18, living in Lancashire, who have a special educational need and/or disability (SEND).**

Activities take place after school, at weekends and during school holidays and give parents and carers a short break from their caring role.

Registrations closed at the end of October for the current year (April 2022 – March 2023) and we now have over 1,300 members. Thank you to everyone that registered!

This is a new service and will continue to develop in order to meet the needs of Lancashire families. If your child is a Break Time member, you can give your views on the service so far by taking part in our online survey which is available on the Local Offer. All replies will help to inform future development of the service.

### What we know so far

**The number and range of activities is very limited, particularly in some areas.**

A number of new providers have recently been awarded a contract to deliver groups and the list of Break Time activities on the Local Offer will be updated shortly to include these. We are excited to tell you that the new Break Providers details will be shared with you very, very soon.

We remain committed to Break Time and continue to actively look for further providers, with online events for schools in November and December and for external organisations in January. If you know of an organisation that may be able to deliver Break Time activities, please ask them to contact the Short Breaks Team.

### The Break Time Provider was unable to meet my child's needs

We are currently exploring, with Break Time providers, ways to support children that have additional medical, personal care or other needs - this will help to make Break Time activities even more inclusive.

### 78 hours is not enough

Every Break Time member receives the same number of hours to ensure equity. We will continue to monitor the number of hours that are used and how we can best meet families' needs.

The Break Time offer is in addition to other groups available for children and young people in Lancashire. The Break Time offer is aimed at complimenting activities such as before and after school clubs, holiday play schemes, child minding and Early Years which are run by other services and organisations, such as the weekly Colourful Voices and SEND Youth Groups delivered across Lancashire (details can be found in this newsletter).

The Council also provides free holiday club provision as part of the Holiday Activity and Food (HAF) Programme. Whilst HAF is available for all children in receipt of benefits-related free school meals, places may also be available for children with special education needs and disabilities not receiving free school meals.

If you would like your child to attend additional Break Time sessions, you may be able to arrange this directly with the provider. Please be aware that additional sessions are not funded through Break Time, therefore the cost is likely to be higher.

If you feel your child needs more support, you can request a Child & Family assessment, so we can fully understand and identify the best way to meet their needs. Call 0300 123 6720 to request an assessment.

### Registrations for 2023/24

Registrations for next year (April 2023 – March 2024) will be open from

**Tuesday 3rd January until Tuesday 28th February 2023 and both current and new members will need to register during that time.**

Registrations will be processed in the order they are received.

From January 2023, we have a new online registration form that you can complete on a phone or other device. The new form will allow you to add multiple children providing they live at the same address.

Please remember, unused Break Time hours awarded for the current year will expire on 31st March 2023 and cannot be carried over to 2023/24.

Full information on Break Time can be found on the Local Offer at: <https://www.lancashire.gov.uk/children-education-families/special-educational-needs-and-disabilities/things-to-do/break-time/>

### Break Time Plus

Break Time Plus enables children and young people who receive a social care package of support following an assessment, or who are in the care of Lancashire County Council or another local authority, to access group activities as part of their package of care.

More information on Break Time Plus can be found on the Local Offer at: [www.lancashire.gov.uk/children-education-families/special-educational-needs-and-disabilities/things-to-do/break-time-plus](https://www.lancashire.gov.uk/children-education-families/special-educational-needs-and-disabilities/things-to-do/break-time-plus)

# POWAR UPDATE AUTUMN 2022

POWAR has had an action-packed couple of months, working on various things and having fun simultaneously. Young people have worked on EHCP Annual Reviews, had their say on the updated Working Together Strategy, and hosted an open evening to try and attract young people to the POWAR Group.

As well as this, POWAR has been involved in events like the Participation Team residential and the Lancashire Youth Council Quiz Night - giving them the opportunities to meet and have fun with our other counterparts of the team: Lancashire Youth Council, LINX (Children in Care Council) and Care Leavers Forum.

Young people are currently working on their campaign for better access to transport, with Lorna going to a few districts to get the voices of young people on this issue.

For more regular insights and updates, follow us on Facebook; Lancashire Participation Zone | Preston | Facebook

## SEND Young People's Network Database

Here at POWAR, we're constantly looking at ways to get more voices of young people with SEND and know that young people don't always want to be involved all the time, so this is why we're trialling and launching a SEND Young People's Network Database, whereby you can sign up to hear about issues you are passionate about or would like your say in.

# CHILDREN'S ACTIVITIES WITHIN LANCASHIRE,

## INCLUDING CHRISTMAS EVENTS

### A Boys Day Out – Who We Are

A Boys Day Out is a Facebook page, which we created as a family of 2 parents and 2 boys, to give ideas and recommendations to local families within Lancashire, with children of all ages and abilities. As a mental health nurse working with children, the importance of inclusivity for SEND children is something we promote on our page.

We post everything you need to know before you visit a place, including the exact location and car parking, SEN sessions, wheelchair access, all the pros and cons of the trip. We post video reels and photos, so that you can see if it's suitable for your needs. We post local upcoming free and paid events, as well as creative posts and ideas of things that you can do from home with your children. Parents wanting to find a suitable place to visit, when you may have more than one child can be challenging. Having understanding and educated staff, who do not expect all children to follow the same rules is paramount. Some parents may look for safety aspects, with entrances locked, no access behind the food counter, allowing parents to accompany a child when needed.

### Recommended Places to Visit with Children

Here are some local places which we have visited recently, who either offer SEND sessions for children who may have Autism, ADHD, emotional and social difficulties, visual or sensory impairment, speech or communication difficulties or a physical disability, or is a recommended place to visit.

#### Thornton Hall Farm, Skipton, BD23 3TS

– open midweek and weekends (apart from Tuesdays). Their events are fantastic! The new state-of-the-art soft play, a large toddler area, as well as a huge soft play for the bigger ones is super. There's role play areas, lots of different slides and the bonus is its so large I can walk through it as I am sprinting after our 2 year old. The safari to see the deer is a really good opportunity to see them, up close and personal. They have caterpillar rides, quad biking, amazing food, animal handling areas, pony rides, jumping pillows and a large park. We go to every event, so we can't recommend it enough.

Their Christmas Event - **The Adventure, Just Be You** has sessions running with smaller groups and lengthier time slots. We have always found the staff to be wonderful, making a fuss of the boys, some know them by name now. It has always been such a friendly environment, with so much variety and space.

Their Christmas event is magical! We have been every year! We look for Elf Sophie, who is their favourite and there's lots of photo opportunities. Its interactive, very sensory and you can participate as much or as little as you are comfortable too, as you make your way through the different areas.

<https://www.christmasadventures.co.uk/>

**Animal Quackers, Bacup, OL13 8HS** – Another favourite of ours! If you haven't been to Animal Quackers this is one for your list. Farmer Terry is so friendly, he gets the children involved as much or as little as they want. There's animal handling on throughout your visit, so you don't need to feel pressured to stick to particular times and can let the children guide the visit. They offer Barn Owl experiences at only £5 which our boys do every visit. Terry will help our 2 year old with a glove and hold his hand correctly, and our 6 year old can hold the barn owl all by himself now. We also pay the £5 for them to go in with and feed the meerkats! They have a flying bird display, a park, animal feed, lots of animals to see and a café. It's closed now for winter, however they have their Christmas event available to book now – We are already booked, ready to dive back into that snow globe again and see the grinch.

<http://animalquackersfarm.co.uk/>

**Turbary Owl Sanctuary, Preston, PR4 4LB** is a charity, who rescue and rehabilitate birds of prey. Our eldest recently had his 6th Birthday there and it was incredible. You can visit between 10:30-15:30, 7 days a week. There are eagles, every type of owl you can think of, falcons and hawks. Adults and children are welcome to put a glove on and hold the birds at the flying display at no extra cost.

We have held the barn owls, little owl, Eurasian eagle owl, tawny owl, speckled owl which was an experience. The Harris hawks also come out for a flying display. There's a large park and fairy doors to see on your visit as well.

### Ark Barn Education Centre, Clitheroe, BB7 4PQ

welcome SEND to all their sessions. Siblings are welcome, carers are free. If your children enjoy education on animal welfare and animal handling like my boys do, this is a fantastic place to visit.

Melissa, a veterinary nurse and Sean, a veterinary surgeon, and their two children have such a fantastic centre, with lots of outdoor open spaces, which they continue to develop. Their knowledge and love for the animals is

evident. The animals are so friendly, coming to you for cuddles and strokes. We even got a few kisses on the cheek from Ghost, the 1 year old Alpaca. The boys fed the large rabbits, sheep and goats and took the pony and alpaca for walks. They have a vet corner, where the boys weighed the animals, used the stethoscope and listened to the goats heartbeat.

It's booked by appointment only, with a capacity of 12 participants per session. They support all children, SEND, home educated children, mainstream school, those requiring mental and physical health support via animal assisted therapy at the barn. They have a hoist and electrical bed in the bathroom, and are building further outdoor provision, which will have wheelchair access. It's person centred and led by the individuals needs, so it's a very inclusive and supportive environment to be in.

<https://arkedbarn.com/>

**The Little Lancashire Village** offer regular SEN sessions at Burnley, Darwen and Rawtenstall. With reduced numbers, it creates a calm and relaxing environment. Their next SEN session is their Christmas events, with 10/11 children a session. We regularly visit the Burnley village and the boys love to visit the different rooms, being a postman, police officer, builder, shop keeper, hairdresser, teacher, farmer and a vet. It is very secure, with a double locked gate, staff supporting all sessions. There's a café and seating area, offering meals, snacks, hot and cold drinks and other confectionary.

20% discount for FIND readers on general admission or SEN tickets! Quote the code **Lancs1** when you book.

It's so open plan at Burnley, we can see the boys in every area.

<https://www.thelittlelancashirevillage.co.uk/>

**The Jumpworks, Accrington, BB5 6EG** offer weekly SEND sessions, every Monday 6-7pm. They lower the music, do not use the lasers or flashing lights and have a reduced capacity, with carers going free. It's a fantastic trampoline park, with several foam diving pits, climbing apparatus and space for the young people to explore at their own pace. It's a great place if you have children of different ages, as they can do as much or as little as they want.

<https://thejumpworks.co.uk/>

**Sensory Flo, Nelson, BB9 7DR** have weekly SEND sessions for 0-15 years, every Friday 15:35-16:30. They also run a session on the second Saturday of the month 15:30-16:15. It has large and spacious rooms, with a state-of-the-art multi-sensory centre, with visual, tactile and auditory stimulation. They run various sessions throughout the week for children under 4 that you can book. Their Christmas event is on 17th and 18th December.

<https://sensoryflo.co.uk/sensory-classes/sendflo/>

A few more suggestions for sensory Christmas trips, all of which we have booked to visit this year and have been prior:

**Lightopia at Heaton Park, Manchester** – this is an illuminated trail walking event, pram friendly, lots of refreshments  
<https://manchester.lightopiafestival.com/book>

**Dunham Massey – National Trust Illuminated trail**, pram friendly, also with refreshments  
<https://www.nationaltrust.org.uk/visit/cheshire-greater-manchester/dunham-massey/christmas-lights-at-dunham-massey>

**Knowsley Safari Light Trail** - Day and Night also available to visit the zoo, complete the safari drive and then return to the illuminated trail <https://knowsleysafariexperience.digitickets.co.uk/category/29041>

### A Boys Day Out Charity Fun Day for Positive Action in the Community

We are proud to be hosting a charity event fun, to raise money for Positive Action in the Community (PAC). We have so many local businesses supporting the event, including Unstoppable Wrestling, with plenty of photo opportunities and wrestling in the ring! Zoo to You, bringing variety of animals to hold including snakes, millipedes and geckos. Ark Education Barn are bringing some of the animals for a cuddle, Soft tots with soft play for the little ones, Little Bear Club for sensory play and Hartbeeps for a special session. We are so excited that More Than Just a Princess will also be visiting for all those prince and princesses who would like a meet and greet, with photo opportunities. We will have lots of stalls, including face painting, cakes, refreshments and an amazing raffle! The event will be released shortly on our page!

We hope you like our recommendations. Feel free to follow our page for regular updates:

### ABOUT US

Sign Hi Say Hi! is a group of local families with deaf/hearing impaired children & young people. It is a charity run by parents and grandparents/carers with deaf children. We run a Club for deaf/hearing impaired children/young people, their families, siblings, parents, carers and friends. Sign Hi Say Hi! is affiliated to the National Deaf Children's Society (NDCS). All deaf and young people are welcome from birth to young adults whether they choose to communicate by speech/ BSL/sign supported English etc.

Deaf children/young people meet, take part in activities such as sport, craft, workshops and simply be together. Parents /carers can have a coffee and socialise with other families or can book their child in beforehand and collect their child later. If you have a younger child or baby you are welcome just to drop in for a chat for 20 minutes or so. Many children or young people find they are the only deaf child or young person in their school and at Sign Hi Say Hi! they are with other young deaf people. We also occasionally run life-skills workshops for deaf young people. We also offer new parents whose children have just been identified as deaf informal parent to parent support.

The Club meets term time – most events are held Tuesday evenings 6.00pm to 8.00pm and occasionally events are held at the weekend – we try and vary where we meet up and have a range of activities to appeal to different ages. If you don't want to come to the Club but would like a committee member to call you please ring 07437 335655 or email [signhisayhi@ndcsgroup.org.uk](mailto:signhisayhi@ndcsgroup.org.uk)

### Membership

We receive no local or government funding and rely on attracting grants and donations to run the Club, so we have to charge for membership (£5.00 per family a year).

### Child Protection

Sign Hi Says Hi! takes Child Protection very seriously and has Child Protection Policies and Procedures in place. We also have a designated Child Protection Officer.

We are a registered charity number 1037445

# This May Help

We are pleased to announce the launch of This May Help, a new national initiative providing mental health advice to parents and carers launched by Bradford District and Craven Health and Care Partnership. This May Help is aimed at parents and carers who may have concerns about their child's mental health and is part funded by the Quality Improvement Taskforce for Children and Young People's Mental Health, Learning Disability and Autism Inpatient Services.

Professionals who work with children are also being encouraged to use the website.

The advice covered on This May Help includes: self-harm, gaming and online activity, teenagers safety, eating disorders, school avoidance, understanding mental health, understanding teenagers, online threats, building rapport, building resilience, building a support network, self-care tips, managing an emergency, managing in a crisis, and preparing for a children and adolescent mental health services (CAMHS) appointment. These subjects were chosen by families and young people who have gone through their own mental health challenges. Gary Lineker, Myleene Klass, and Tanni Grey-Thompson are amongst 16 presenters featured in the films.

The website gives easy-to-follow advice to help families manage their child's mental health. This advice was developed by NHS professionals and parents who've been through their own child's mental health journey. Parents and carers have shared advice that helped them and that may also help other families.

## Launch of the Kentown Programme in Lancashire & South Cumbria

The Kentown Children's Palliative Care Programme is a community focused children's palliative care initiative in North West England covering Lancashire and South Cumbria. It is a new ground-breaking and transformative project to reach the growing numbers of children and young people with life-limiting conditions.

The Kentown Children's Palliative Care Programme is a collaborative programme between Together for Short Lives, The Kentown Wizard Foundation and Rainbow Trust Children's Charity.

It is a community focused model with three key complementary elements: Nursing Care, Social Care and Information and Awareness, so families can easily access all the help and support they need in their local communities.

The needs of children and their families are at the heart of The Kentown Children's Palliative Care Programme. Accessing the children's palliative care that families need at home, out of hours and at weekends, should never depend on where families live. The Kentown Children's Palliative Care Programme has a bold ambition to ensure every child and family get the right care and support, based around the unique needs of the family at home so families can make the most of every precious moment together.

Our vision is community focused, designed to build and strengthen relationships with every community, so we can reach out to all families, including communities with the greatest need, reaching more families from underrepresented groups.

The project will invest in building on established children's palliative care and support services, strengthening co-ordination and avoiding duplication to make life easier for families.

You can learn more about the Kentown programme by visiting [www.kentownsupport.org.uk](http://www.kentownsupport.org.uk) or by emailing [enquiries@kentownsupport.org.uk](mailto:enquiries@kentownsupport.org.uk)

# SEND Review

Autistic young people set their targets for Government's new education team

Members of our Ambitious Youth Network have created their own version of an Education, Health and Care (EHC) plan, setting out the goals they wish the Government's new education team to meet to improve the system for autistic children and young people.

The Government has published its long-awaited review into the SEND and alternative provision system in England. It is a 'green paper' which means it is Government's initial thinking on changes to the SEND system. The proposals in it will be shaped during the consultation period into firmer policy, which over time - usually a year or two - becomes a change in the law and guidance, and then results in changes in practice on the ground.

During the consultation period we asked for the views and experiences of autistic young people and their families. We had nearly 2,000 responses to our SEND system survey – completed by autistic young people, parents and carers.

Find out more: [www.ambitiousaboutautism.org.uk](http://www.ambitiousaboutautism.org.uk) (search SEND review)

## The new Government's Education, Health and Care plan

This plan has been drafted by autistic people in response to the Government's SEND Review.

These are the outcomes sought for the Secretary of State for Education and the Minister for Schools and Childhood.

Annual Review  
due September 2023

Within the next year, the Secretary of State and Minister will:

### Attendance

Ensure schools are more inclusive environments for all pupils, including inclusive uniform, attendance, and behavioural policies.

### Rights

Protect young people and families' existing SEND rights, and ensure they are enforced.

### Training

Require all education staff to be trained in autism and involve autistic young people in the development of the training.

### Accountability

Make sure schools cannot get a good or outstanding Ofsted judgement without high-quality SEND support.

# PROJECT SEARCH

The Supported Internship programme based at Lancashire County Council, that helps young people with Autism or learning disabilities transition from education to work, has recently announced that over 80% of their interns since 2021/22 have secured employment.

Project Search provides total workplace immersion to help 16–24-year-olds with an EHCP acquire competitive, transferable, and marketable job skills and helps them gain increased independence, confidence, and self-esteem.

Compared to the general population, young people with a learning disability are significantly less likely to be in full time paid employment. National statistics show that only 5.1% of people with special educational needs and disabilities gain permanent paid employment in the UK.

DFN Project Search is working to change this. On average just over 60% of individuals who have attended Project Search nationwide achieve employment of over 16 hours per week.

If you know someone aged between 16 and 24 who would be interested, they can get in touch directly with the team at:

**ProjectSearch@lancashire.gov.uk**

or on:

**01772 531641**

## DanceSyndrome celebrated with Arts Council funding boost

Lancashire-based charity DanceSyndrome has been announced as one of 990 National Portfolio Organisations receiving a share of £446 million investment from Arts Council England's 2023-26 Investment Programme to bring art, culture, and creativity to more people, in more places, across the UK.

DanceSyndrome is a multi-award-winning dance charity that was founded by Jen Blackwell, who has Down's syndrome. The charity was formed because Jen found it difficult to find opportunities in community dance that were accessible to people with learning disabilities. DanceSyndrome's ethos is that disability should never be a barrier to following your dreams. All DanceSyndrome sessions are disability led, with people with learning disabilities taking visible leadership roles to inspire people to see what can be achieved when we all become more inclusive.

DanceSyndrome has been granted £300,000 to use between 2023-2026 to deliver inclusive dance activities in areas of the UK which are a priority for Arts Council England. The charity, which is based in Accrington and delivers dance across the North West, is one of two organisations in Hyndburn and only 15 in Lancashire to receive a share of £9,420,774 of funding allocated across Lancashire.

This funding is part of Arts Council England's 10-year strategy, Let's Create, to build a country transformed by creativity and culture which brings people together to be happier and healthier. Arts Council England are prioritising spending in arts, museums and libraries in villages, towns and cities where investment is currently low. Blackburn with Darwen, Burnley, Hyndburn, Pendle and Rossendale are part of their Levelling Up for Culture pledge.

DanceSyndrome is working in these priority areas, delivering a wide range of inclusive dance activities which empower people with disabilities. They provide weekly Everybody Dance workshops for people with and without disabilities to dance together, as well as leadership training in line with their unique co-delivery model – people with and without disabilities work together to offer high quality, inclusive dance provision. They also have a group of performance artists who work collaboratively to create new performances with a focus on changing the way people think about disability and demonstrating what people with disabilities are able to achieve.

Arts Council England Chief Executive, Darren Henley, said: *"Together, each of the 990 organisations that have been offered funding today will contribute to a portfolio that is rich, varied and truly national. This is our widest ever spread of investment across the country, ensuring that many more people will have access to a wider choice of*

*exceptional art, culture and creative opportunities on their doorsteps. We are in tough times but we must remember creativity brings with it extraordinary dividends, boosting our country's economic growth, creating jobs, bringing communities closer together, and making us happier as individuals. Everyone deserves to enjoy the benefits it brings, and with this investment, we believe we've taken a decisive step towards making that vision a reality."*

DanceSyndrome Artistic Director, Sophie Tickle, said: *"Everyone at DanceSyndrome is very proud that we have been chosen as part of the Arts Council's next National Portfolio on the very first time we applied for it. This is incredible recognition for our work and it is wonderful to be featured alongside the most prestigious and high quality Arts organisations in the country. We want to pass out congratulations on to the other organisations that have been selected; there was so much competition this year and some incredible organisations missed out on funding, so we feel very privileged to have been successful."*

## Inclusive Arts charity launches ground-breaking video project

DanceSyndrome has launched a ground-breaking project in partnership with NHS England, creating a series of six informational videos which demonstrate the many ways that people with learning disabilities can live fulfilled lives, contributing to society and becoming visible leaders, performers, and advocates. The project has been supported by the national nursing directorate at NHS England and the videos will be shared with healthcare professionals, including Midwives and Learning Disability Nurses, to give them new insight into their work with individuals with learning disabilities and their families.

Since 2009, DanceSyndrome's Dance Leader team has grown to become a group of individuals with a range of disabilities including Down's syndrome, quadriplegia cerebral palsy, non-verbal communication, speech impairments and mental health conditions. Every member of the team is an inspiring leader in their own right, and they have all completed DanceSyndrome's unique Dance By Example leadership training. This qualifies them to co-lead inclusive dance workshops; each Dance Leader works in partnership with a professional Dance Artist to provide high quality inclusive dance sessions for people with and without disabilities to enjoy together. They are all visible members of their communities, who can regularly be seen leading workshops, dance performances and community activities.

The videos in this new project combine information about how individuals with learning disabilities contribute to the services that DanceSyndrome offers with evidence of the health and wellbeing benefits of dancing, as well as the benefits that come from people being included, empowered, respected, connected and enabled to be creative.

The pioneering project presents inspiring case studies of people with learning disabilities who are pursuing careers in dance, as well as demonstrations of dance which are co-led by people with learning disabilities in line with DanceSyndrome's unique co-delivery model which puts people with learning disabilities in visible leadership roles.

Managing Director Julie Nicholson said *"This has been such an important project for DanceSyndrome. One of the most important parts of our mission is to change the way that people think about disability and what people are able to achieve with the right support."*

*"The videos talk about how there is beauty and significance in all movement and the importance of adaptations in making activities truly inclusive and accessible. They show why inclusive activities are important for people with and without disabilities to make connections, build friendships and learn transferrable skills which can be used in all aspects of life. The aim is to help people to discover the power of creativity and why it is important to see people with and without disabilities collaborating to choreograph and perform high quality dance pieces in an inclusive, supportive way."*

*"DanceSyndrome has always aspired to extend our inclusive practices and impact beyond the dance world and into society in general and we strongly feel that this project will pave the way to a more inclusive future for everyone."*

### Lancashire Charity Founders Celebrate Best Businesswoman Award

Jen and Sue Blackwell from DanceSyndrome were announced as winners of the Charity Champion Award at the Best Businesswomen Awards which took place on Friday 30th September at The Hilton, Wembley. The Charity Champion Award celebrates a female founder of a charity that has had a huge impact on its service users. As a result of being chosen as winners, the awards organisers are committed to fundraising for DanceSyndrome for the following year, providing much needed financial support for a small, local charity.

As well as winning at the Best Businesswoman Awards, Jen has also recently been a finalist in the Charity of the Year category at the Enterprise Vision Awards and has also been nominated for the HER-Abilities Award at the upcoming She Inspires Awards in November.

Speaking about the award nominations, Jen said *"I'm honoured to have been nominated for not one, or two but three awards this year! Being nominated for these awards shows that people with learning disabilities can do amazing things with their lives if given a chance. Dancing is my life, I am passionate about dance and about supporting people like me to have opportunities in the dance world."*

Jen's mum, Sue Blackwell, DanceSyndrome's Chairperson, said *"I am incredibly proud to be the co-founder of DanceSyndrome alongside my daughter Jen and husband Malcolm. Being recognised, respected and valued for the person you are is a human right but not always afforded to a person with a learning disability. Awards are one way to redress that, especially awards like this where a person with a learning disability is able to compete with people without a disability on a level playing field, decided purely on the vision, determination and focus of the individual. As Jen's mum, I am delighted that her vision is affording opportunities to others equally passionate about dance and challenging and changing perceptions of people with learning disabilities."*

The award nominations came through following a number of other recent successes for the charity. They have had high profile TV appearances on ITV's Vick Hope's Breakfast Show and Channel 4's Steph's Packed Lunch, alongside Strictly's 2021 winner, Giovanni Pernice. DanceSyndrome was also recently awarded funding from The National Lottery Community Fund, the largest funder of community activity in the UK. The charity will receive almost £180,000 to continue its inspirational work to use dance as a medium to empower and make positive changes for people living with learning disabilities.

DanceSyndrome deliver Dance sessions in Accrington, Clitheroe, Preston and Chorley, as well as virtual sessions on Zoom.

## My Right To Be Safe

A 2-hour safeguarding workshop co-facilitated with self-advocates exploring safeguarding from the perspective of people with learning disabilities and autistic people.

### By the end of the workshop participants will have:

- Discussed what being safe means to disabled people
- An understanding of abuse and what to do about it?
- Explored staying safe in relationships
- Explored staying safe during the COVID-19 pandemic
- Discussed what we can do together to support disabled people's right to be safe

The training is open to people in the Lancashire and South Cumbria areas and is funded by the Transforming Care Small Grants fund.

All training is linked to the Skills for Care Learning Disability Core Skills Framework and the Care Certificate Standards.

### Target Audience

The workshop is aimed at community support workers, however it is suitable for family members and self-advocates.

### Delivery

The workshop will be delivered online using Zoom.

A link will be sent to each person booked on the training which will give them access to the sessions.

If enough people are interested and it is safe to do so we will deliver face to face training

Course requirements: internet access, webcam and microphone enabled laptop or iPad/ tablet. To enable a more effective training environment we advise attendees not to share equipment.

To book your place, join the Joint Training Partnership (it is free) via your preferred date. Courses are £10 per place. There are a limited number of free places available for self-advocates and family members on each course.

## SENDIASS Volunteering Opportunity

If you have an hour or two free during the week and would like to help support our service users please apply to become a Befriender or supporter with Lancashire S.E.N.D. Information Advice and Support Service (SENDIASS).

As a volunteer you may be introduced to someone from your local area that we are supporting to establishing a mutually beneficial mentoring relationship. The volunteer will use their knowledge and training to provide the support and guidance required.

Alternatively you could help us to support our Officers with promotional events / producing publicity to promote the SEND IAS service.

Special Educational Needs and Disabilities Information Advice and Support Service or SEND IAS provides free impartial, confidential and accurate information, advice and support about education, health and social care for children, young people and their parents on matters relating to special educational needs and disability. Our vision is to provide impartial, accessible information, advice and support for all Lancashire families who have a child or young person that may have additional needs and/or disability. Lancashire IAS team's vision is to be fully compliant with the national minimum standards (2018).

### Tasks – below are some examples:

- To support the individual on a 1 : 1 basis
- To support the person to achieve agreed goals and positive outcomes
- To provide regular feedback on the progress of an individual.
- Support the service by identifying new opportunities for promotion.
- Help distribute leaflets & posters within the local community
- To log volunteering hours monthly online and submit expenses where applicable.
- To complete minimum level training e.g. Safeguarding and commit to further training relevant to the role.

### Criteria – below are examples:

- Must be over 18 years of age
- Our Befrienders/ supporters do not work with people who are family or close friends.
- Minimum commitment of 6 months is required
- Understanding of vulnerability
- Understanding and awareness of key issues that can affect lives i.e. mental health issues, misuse of substances -alcohol, drug abuse, etc.

### Personal Qualities:

- Patience and understanding
- Be able to deal with difficult situations in a professional manner using own initiative
- Good communication and interpersonal skills
- Respect for equality and diversity
- Ability to use basic ICT systems

### Training

Training will be provided in the form of peer support, distance learning or trainer led. Volunteers must have completed the required training before any activity can be undertaken and may be asked to regularly refresh training where required.

Volunteers will be expected to complete IPSEA level 1 online and face to face legal training.

**DBS** – This role is subject to an enhanced DBS check

# SEE ABILITY

Live. Love. Thrive. Belong.

## Easy Eye Care

You need to have your eyes checked once a year

- You don't have to be able to read or speak to have an eye test.
- Adults with a learning disability are 10x more likely to have a problem with their eyes and children are 28x more likely.
- The eye test is not just about glasses - it detects eye conditions and general health conditions as well.

This is a specialist eye care service for people with learning disabilities and autistic people of all ages, who are registered with their GP. You'll get:

- Longer eye tests or multiple appointments, where needed.
- An easy to understand report about your eyes.
- Local opticians who have had extra training.

The assessment is **NHS-funded** and there is help towards the cost of glasses if you're eligible.

Please turn over for the contact details of your local practices.

Please tell the optician's practice that you want to book an Easy Eye Care appointment.

Fill in SeeAbility's "About Me and My Eyes" form before your appointment to give to the optician [www.seeability.org/myeyes](http://www.seeability.org/myeyes)
