Thursday 10<sup>th</sup> February 2022

Dear Parents,

As mentioned in last week's newsletter there is now a parental multiplication workshop on the school website which you can find by following this link.

[Maths Workshop for Parents - Multiplication Tables | Bridge & Patrixbourne CEP School](#)

As parents of pupils in Year 3 you need to be aware that your child will be completing a multiplication tables check next academic year. We expect that this will take place during June 2023. The purpose of the check is to determine whether your child can fluently recall their times tables up to 12, which is essential for future success in mathematics. It will also help us to identify if your child may need additional support.

The multiplication tables check is an on-screen check consisting of 25 times table questions. Your child will be able to answer 3 practice questions before taking the actual check. They will then have 6 seconds to answer each question. On average, the check should take no longer than 5 minutes to complete. We would like to encourage you to watch the workshop as it outlines the expectations and offer ideas about how you can support your child to learn their times tables at home.

If you have any questions please speak to your child's class teacher.

Many Thanks,

Karen Cork  
Maths Subject Lead
