

Remote Learning Offer

This information is to be used as a general guide and parents can expect further details of remote learning for their child as and when it is required. We aim to implement remote learning from your child's second day of absence. There are two general scenarios outlined below; the first scenario where your child is not permitted to attend school and the second outlines the actions in the case of a whole bubble not being permitted to attend school.

A child is isolating at home because they are awaiting a test result (maximum of 3 days)

Access Key Learning work which has been placed on the school website. This will be uploaded at the start of each term.

In addition to what children have access to i.e. TimesTable Rockstars/Numbots, Spelling Shed etc. Teachers will provide:

- 3 x Math activities
- 3 x English (SPAG)

An individual child is isolating at home because they have had a positive test result (Day 3 onwards/14 days).

Teacher to contact (email where possible) parents with supporting work for the week. Teacher and/or TA to contact and review alternate days.

Children to follow the Oak Academy online video lessons. The appropriate/relevant website link (depending upon what is being taught) will be emailed to parents. This will be used Math and English (possibly 1 foundation subject?)

My child's whole bubble is not permitted to attend school because they, or another member of their bubble, have tested positive for COVID-19.
