

# The Broughton Primary Computing Curriculum

|           |        | Week 1   | Week 2   | Week 3                                      | Week 4   | Week 5                                       | Week 6  | Week 7   | Week 8  | Week 9  | Week 10                            | Week 11                      | Week 12                     |
|-----------|--------|--|--|---|--|--|---|--|---|---|------------------------------------|------------------------------|-----------------------------|
| Reception | Autumn | Digital Literacy - Health, Wellbeing And Lifestyle               |  | Digital Literacy - Self-Image And Identity  | Digital Literacy - Managing Online Information | Digital Literacy - Privacy And Security      |   | Digital Literacy - Online Relationships                          | Computer Science - Delivery Day                     | Computer Science - Pattern Patrol               | Computer Science - Firefighter Fun |                              |                             |
| Reception | Spring | Information Technology - Using A Camera                          | Information Technology - Using Clips           | Information Technology - Using Book Creator | Computer Science - Parts Of Our Bodies         | Computer Science - Make A Body               | Computer Science - Look How We Grow                 | Computer Science - Delivery Day                                  | Computer Science - Movement Algorithms              |   |                                    |                              |                             |
| Reception | Summer | Computer Science - Amazing Aliens                                | Computer Science - Build A Rocket              | Computer Science - Space Chase              |  |  |   |  |   |   |                                    |                              |                             |
| Year 1    | Autumn | Digital Literacy - Health, Well-being And Lifestyle              | Digital Literacy - Privacy And Security        | Digital Literacy - Privacy And Security     | Digital Literacy - Online Bullying             | Information Technology - Camera And Photos   |   |  |   |   |                                    |                              |                             |
| Year 1    | Spring | Computer Science - Unplugged Physical Computing                  |  |   |  |  | Computer Science - Scratch Jr                       |  |   |   |                                    |                              |                             |
| Year 1    | Summer | Digital Literacy - Online Relationships                          | Digital Literacy - Managing Online Information |   |  | Digital Literacy - Online Reputation         | Information Technology - Using Clips To Make Videos |  |   |   |                                    |                              |                             |
| Year 2    | Autumn | Digital Literacy - Health, Well-being And Lifestyle              |  | Digital Literacy - Self-Image And Identity  | Digital Literacy - Privacy And Security        |  |   | Digital Literacy - Copyright And Ownership                       | Digital Literacy - Online Bullying                  | Information Technology - Focus On Data Handling |                                    |                              |                             |
| Year 2    | Spring | Information Technology - Focus On Data Handling                  | Computer Science - Unplugged Coding            |   |  |  |   | Computer Science - Scratch Jr                                    |   |   |                                    |                              |                             |
| Year 2    | Summer | Digital Literacy - Privacy And Security                          | Digital Literacy - Managing Online Information |   | Digital Literacy - Online Reputation           | Digital Literacy - Copyright And Ownership   | Information Technology - Focus On Multimedia        |  |   |   |                                    |                              |                             |
| Year 3    | Autumn | Digital Literacy - Copyright And Ownership                       | Digital Literacy - Managing Online Information |   | Digital Literacy - Copyright And Ownership     | Information Technology - Focus On Multimedia |   |  |   |   |                                    |                              |                             |
| Year 3    | Spring | Computer Science - Micro:bit                                     |  |   |  |  |   |  |   |   |                                    |                              | Computer Science - Networks |
| Year 3    | Summer | Computer Science - Networks                                      |  | Digital Literacy - Privacy And Security     |  |  | Digital Literacy - Online Bullying                  | Digital Literacy - Health, Well-being And Lifestyle              | Information Technology - Focus On Data Handling     |   |                                    |                              |                             |
| Year 4    | Autumn | Digital Literacy - Copyright And Ownership                       | Digital Literacy - Self-Image And Identity     |   |  | Digital Literacy - Online Reputation         | Information Technology - Focus On Multimedia        |  |   |   |                                    |                              |                             |
| Year 4    | Spring | Computer Science - Micro:bit                                     |  |   |  |  |   |  |   |   |                                    |                              |                             |
| Year 4    | Summer | Computer Science - Micro:bit                                     | Digital Literacy - Privacy And Security        |   |  | Digital Literacy - Online Bullying           | Digital Literacy - Self-Image And Identity          | Digital Literacy - Online Relationships                          | Information Technology - Focus On Pages And Keynote |   |                                    |                              |                             |
| Year 5    | Autumn | Digital Literacy - Online Relationships                          |  |   | Digital Literacy - Self-Image And Identity     | Digital Literacy - Online Bullying           | Digital Literacy - Online Reputation                | Information Technology - Focus On Podcasting                     |   |   |                                    | Computer Science - Micro:bit |                             |
| Year 5    | Spring | Computer Science - Micro:bit                                     |  |   |  |  |   |  |   |   |                                    |                              | Computer Science - Networks |
| Year 5    | Summer | Computer Science - Networks                                      |  | Digital Literacy - Privacy And Security     |  | Digital Literacy - Online Bullying           | Digital Literacy - Copyright And Ownership          | Digital Literacy - Managing Online Information                   |   | Information Technology - Focus On Animation     |                                    |                              |                             |
| Year 6    | Autumn | Digital Literacy - Self-Image And Identity                       | Digital Literacy - Online Relationships        |   | Digital Literacy - Copyright And Ownership     | Digital Literacy - Privacy And Security      | Digital Literacy - Online Bullying                  | Information Technology - Focus On 3d Modelling And App Prototype |   |   |                                    |                              |                             |
| Year 6    | Spring | Information Technology - Focus On 3d Modelling And App Prototype |  |   | Computer Science - Micro:bit                   |  |   |  |   |   |                                    |                              |                             |
| Year 6    | Summer | Computer Science - Networks                                      |  | Digital Literacy - Online Reputation        |  |  |   | Information Technology - Focus On Production                     |   |   |                                    |                              |                             |
