

**BPS Vision Statement:** What do we want to achieve?

Our vision is to create a nurturing school environment where every pupil can reach their full potential. We aim to empower our children to lead healthy lives, fostering a passion for personal beliefs and values, particularly regarding the global environment. Our pupils will respect others' beliefs and be well-prepared for the modern, ever-evolving world. We strive to inspire our pupils, instilling a strong sense of aspiration and ambition as they leave our school.

**BPS Mission Statement:** How do we achieve our vision - what will we do?

Our mission is to build a strong, interconnected community by forming positive relationships with our children and their families. We are committed to promoting healthy minds and bodies through delivering a high-quality Physical Education curriculum and through robust pastoral care. Our holistic approach brings the curriculum to life, ensuring it is engaging and relevant for all pupils.

We will create an exciting, happy, and safe school environment where high expectations are set for all. By offering new opportunities and diverse experiences, we empower every child to realise their true potential.
